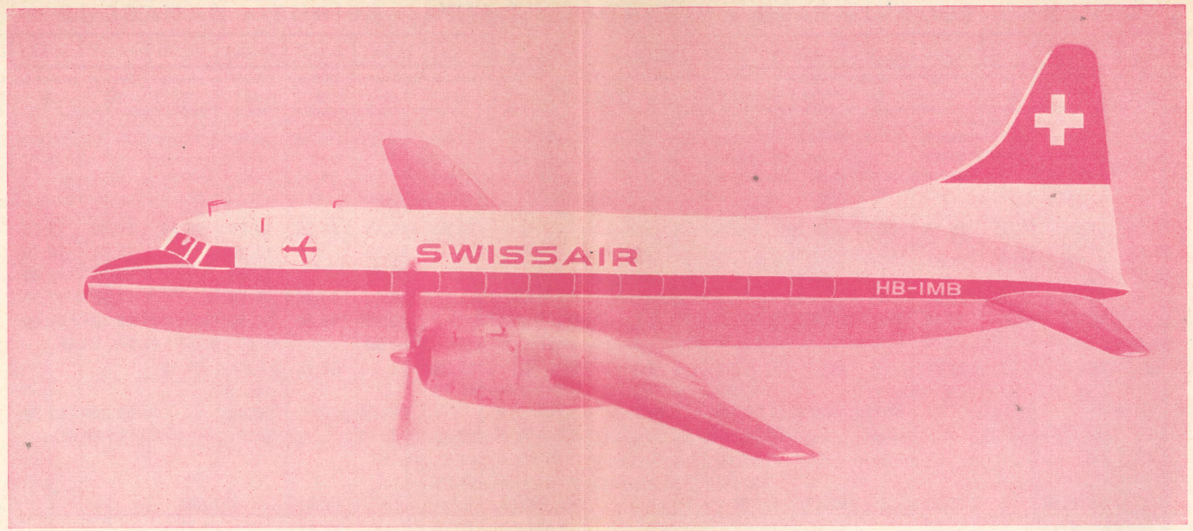
SWISSAIR *flying Douglas Seven Seas soon!*

For explanation of other symbols, see page 3

* Local services, see tables 38-40



As you would expect SWISSAIR is among the first to offer

The Convair "METROPOLITAN"

the most modern aircraft on European routes

for top performance: stronger engines built for a cruising speed of 280 miles per hour (4,6 miles per minute!)

for better comfort: radar on board, for the detection and avoidance of bad weather zones, only two seats abreast, luxurious, fully air-conditioned cabin, pressurized according to the latest advance in aircraft research, special exhaust mufflers and a new type of cabin insulation reduce the noise to a minimum, built-in passenger stairs

for unsurpassed service: better meals from the newest "dream galley", refrigerator on board

Truly, you will fall in love with SWISSAIR's "Metropolitans"!

From plane to car

If you travel with your family . . . or if you are pressed for time . . . and you want to be independent from railways and timetables . . . use the SWISSAIR CAR HIRE SERVICE specially created for you. This new service enables us to put at the disposal of our passengers self-drive or chauffeur driven cars at practically all towns to which SWISSAIR operates.

How does the combination plane/car function? When you purchase your air ticket from your travel agent or the nearest Swissair office, order a car simultaneously, indicating your favourite model, approximate time of hire and countries to be covered. Special wishes, such as additional baggage racks etc., can also be covered. Your car — with or without driver — will meet you either at the airport when you alight or at your hotel, just as you prefer. Should you terminate your journey at another place or in another country than that from which you started out on your trip, your car will be collected at a moderate fee. Rates usually comprise a daily rental and a mileage charge. In most countries a security is demanded, varying according to make of car and period of use. Drivers must hold an international driver's licence. Your travel agent or nearest Swissair office will gladly give you full particulars.

PROMPT APPEARANCE OF PASSENGERS FOR DEPARTURE

Passengers are requested to repair to the town terminal or airport at the following times before departure of the coach respectively start of the aircraft for SWISSAIR flights departing from Switzerland:

1. **REPORTING TIMES AT THE TOWN TERMINAL:** for flights within Europe and to the Near East **15 mins.**, other flights **30 mins.** before coach departure.
2. **REPORTING TIMES AT THE AIRPORT:** for flights within Europe **30 mins.**, to the Near East **45 mins.**, other flights **60 mins.** before start of the aircraft.
3. **CONCLUSION OF FORMALITIES AT THE AIRPORT:** for European flights formalities will be concluded **15 mins.**, for Near East flights and for intercontinental flights **30 mins.** before scheduled departure. Passengers reporting for clearance after these times cannot be carried.

In some instances longer minimum times apply in other countries and for the flights of foreign air carriers. Details from the local airline companies.

The figures in () indicate the number of minutes between the departure of the coach and the departure of the aircraft.

GENERAL INFORMATION

Prompt appearance of passengers for departure. Passengers are requested to repair to the town terminal or airport at the following times before departure of the coach respectively start of the aircraft for SWISSAIR flights departing from Switzerland:

1. **Reporting times at the town terminal:** for flights within Europe and to the Near East **15 mins.**, other flights **30 mins.** before coach departure.
2. **Reporting times at the airport:** for flights within Europe **30 mins.**, to the Near East **45 mins.**, other flights **60 mins.** before start of the aircraft.
3. **Conclusion of formalities at the airport:** for European flights formalities will be concluded **15 mins.**, for Near East flights and for intercontinental flights **30 mins.** before scheduled departure. Passengers reporting for clearance after these times cannot be carried.

In some instances longer minimum times apply in other countries and for the flights of foreign air carriers. Details from the local airline companies.

Free Baggage. Adults, as well as children travelling at 50 % of the adult fare, are entitled to 30 kg (66 lbs.) free baggage in the first class or 20 kg (44 lbs.) in the tourist class.

In addition to this free baggage allowance, for each passenger the following articles may be carried free of charge: 1 lady's handbag, 1 coat or overcoat, 1 travelling rug, 1 umbrella or walking stick, 1 small camera and binoculars, a reasonable quantity of reading matter, as well as baby food destined for consumption during the flight and an infant's basket.

To avoid mistakes and to facilitate the delivery of the baggage, passengers are requested to mark their luggage with their name and address, destination of luggage, airline used, date of journey, and if possible, address in the country of destination.

Excess Baggage charges. Baggage in excess of the normal free allowance is charged at 1 % of the corresponding one way first class fare per kilo.

Baggage of passengers as freight. On journeys from Europe to Africa, Asia and Australia unaccompanied baggage can be sent as freight at a favourable special rate.

Reservations. All requests for reservations should be made well in advance through the Companies' offices or principal travel agents. Reservations will not be held unless tickets are purchased or validated prior to a reasonable time limit specified by the company when reservations are confirmed.

Passengers are requested to confirm the reservation for their return or onward flight immediately after their arrival.

Cancellation of seats. If no use is made of a reservation, passengers are requested to cancel booked seats at the earliest possible moment.

Passengers who—without previous cancellation—fail to report for departure in traffic within Europe have to pay a no-show fee which is at least 25 % of the applicable one way fare and will be deducted when the ticket is refunded.

Transport conditions. The Companies' conditions for the transport of passengers and baggage are governed by the Warsaw Convention. They may be seen at any of the Companies' offices. An extract of the conditions is also attached to the airticket.

Timetable. Arrival and departure times are shown in the local time of the country concerned (see index "Comparative International Times").

No guarantee can be given for the strict adherence to the timetable; it is subject to alteration without notice. The times of departure and arrival shown in the timetable are only approximate and do not form a part of the contract for carriage. The carriers do not accept any liability for inconvenience or damage caused by delay or failure to make connections. The carriers' staff, agents or representatives are not authorised to make binding statements to the passengers regarding the date, time of departure or arrival, or the duration of a flight. The carriers reserve the right to cancel or interrupt a flight or transportation, or to postpone wholly or partly the start or operation, and to decide if, for any reasons, the time of departure or arrival should be altered, or if a start or landing should be executed or cancelled at a certain time or place whether at the airport of destination, intermediate airport, or any other place.

Cameras. Some countries prohibit the use of such apparatuses during flights.

Return flight reduction. By purchasing a return ticket ("Round Trips"), a reduction of 10 % is granted on the total fare. Any normal rate one way or round trip ticket is valid 12 months.

Circular Tours. A reduction of 10 % is also allowed, under certain conditions, for circular tours leading back to the initial point of departure.

Family Rebates for North Atlantic Travel. During the off season from 1 November to 31 March members of the same family travelling together across the North Atlantic will be granted a special "family rebate". Particulars from travel agents.

Group Travel Rebate. Participants in private groups of 10 to 14 persons are granted a 5 % fare rebate on traffic in Europe. This rebate is increased to 10 % for groups of at least 15 participants. Details from ticket sales offices.

Rebate for Scholars and Students. On certain conditions scholars and students aged from 12 to 26 years are granted a 25 % rebate on the entire SWISSAIR network (North Atlantic excepted). Particulars from ticket sales offices.

Children. One child under 2 years of age, accompanied by an adult passenger and not occupying a separate seat, will be carried at 10 % of the adult fare. No free baggage allowance.

Additional children under 2 years of age, and all children under 2 years occupying separate seats, as well as those between 2 and 12 years of age, pay 50 % of the adult fare. Normal free baggage allowance.

Unaccompanied children. Provided parents give their consent in writing children aged over 5 years may be carried without being accompanied by an adult. SWISSAIR may make available their own escort upon request.

Confirmation of reservation. For a booked return flight on the SWISSAIR North Atlantic Service the reservation has to be confirmed at least 72 hours before aircraft departure. If a passenger fails to confirm his reservation before this deadline, SWISSAIR reserves the right to cancel the seat and to resell it.

Special formalities, passport, visa, Customs. The passenger is personally responsible for the observance of the prevailing regulations, and is advised to apply to the respective consulates for exact information concerning passport and visa requirements.

Reservations should not be applied for until the necessary visas, etc. have been granted or at least the obtainment is certain for a definite date.

Currency restrictions. The movement of money into and out of many countries is restricted by law and passengers should consult their bankers well before the date of their journey.

Coach service to and from the airports. The costs for the use of the official coach service between town terminals and airports are at passengers' expense in most countries. Further particulars can be obtained through the ticket sales offices.

Liability. If a passenger holding a valid ticket suffers an accident when travelling on Swissair's aircraft, Swissair assumes a voluntary limited liability guarantee in case of death in the amount of Sw. Frs. 36 000.— per adult passenger leaving nearer dependants (special conditions apply to children under 12 years of age and to passengers without nearer dependants) and in case of permanent total disablement in the amount of also Sw. Frs. 36 000.— with corresponding reduction in case of only partial permanent disablement. As compensation for the loss of income resulting from the passenger's working activity and for the healing expenses together a daily allowance up to Sw. Frs. 25.— during a period of 1 year from the accident is guaranteed.

Swissair reserves the right to decline or reduce in certain cases this voluntary liability guarantee, so namely in case of contributory negligence or in case of preexisting disablement or illness of the passenger suffering the accident. This guarantee furthermore does not apply to accidents due to war risks.

The guaranteed indemnity will be subtracted from any claims whatsoever raised against Swissair or their employees, servants and agents in connection with the same accident.

The provisions of the relevant insurance policy remain reserved.

Personal accident insurances can be purchased at Swissair's offices.

All previous statements differing from the above are hereby rescinded.

Baggage insurance. Passengers' baggage is not insured against loss or damage during the flight; given certain conditions merely a limited liability is imposed upon the carrier. Travellers are recommended to take out a special baggage insurance through the ticket sales offices.
