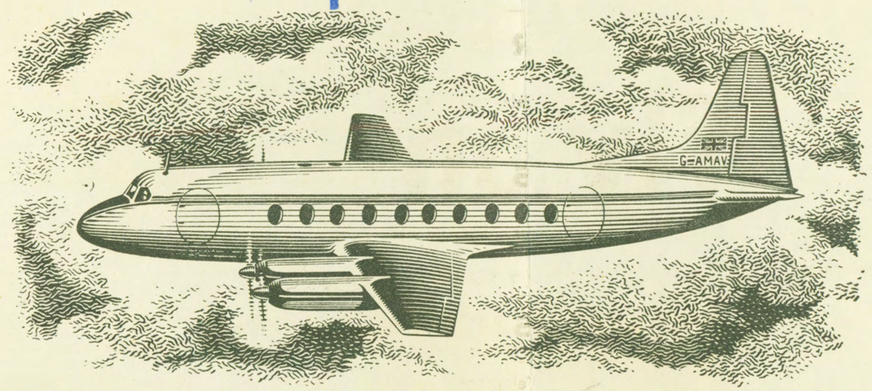
The Vickers Viscount
— *a traveller's joy*



Speeding at 300 m.p.h. at a height of 25,000 ft. with no sensation of movement, free from vibration and noise, the traveller flying in the Viscount knows a new standard of airborne comfort. Turbine-driven propellers, cabin pressurization and air conditioning are part of the secret of this new era of air travel. Luxurious seating and extra large oval windows add to the pleasure of flying by Viscount.

THE VICKERS VISCOUNT

Powered by four Rolls-Royce Dart Propeller-Turbine engines.
