B·O·A·C INFORMATION

PASSPORTS, PERMITS AND VISAS

Please remember that you must have a passport before you travel, and that it must have the necessary endorsements, visas and permits. Without a valid passport it is impossible for you to set off on your journey. Our Travel Agents and B.O.A.C. Offices will gladly help you in obtaining these necessary documents—at a nominal charge. However, some consulates insist on personal attendance. And remember to carry your passport on your person—don't pack it. U. S. citizens do not require passports for Bermuda.

HEALTH REGULATIONS

Valid certificates of either inoculation or vaccination—or possibly of both—are necessary for most countries. Please ask our advice for what is required in your case. And remember that without these certificates you will not be able to start on your journey any more than if your passport is not valid. You should get them made out on the proper international form and attach them to your passport.

YOUR BAGGAGE

When you arrive at the station of embarkation, your baggage will be weighed, registered and labelled "Required Overnight" or "Not Required on Voyage." The baggage labelled "Not Required on Voyage" will not ordinarily be accessible until the end of your journey, but baggage labelled "Required Overnight" will be available at all night-stops—or in the air if you are travelling by night. You should pack, therefore, so that all the articles you may need during your journey are in one bag—such things as toilet articles, night clothes, clean linen and underclothes, as well as a spare suit. And remember that in most countries to-day, there is still a shortage of many articles such as soap and towels. You should, therefore, include these in your night-stop bag, as even in our own hotels and rest houses, they are not always available. A pair of anti-glare sun glasses and a coat hanger or two are always useful.

PERSONAL BELONGINGS

May we ask you to take special care of such small possessions as hats, coats, umbrellas, scarves, gloves, etc. They are easily mislaid and neither the Corporation nor our crews and ground staffs can be held responsible for looking after such things or for their safety. In particular, we would be grateful if you would leave nothing in the aircraft at night-stops.

VALUABLES

Valuable articles, such as jewellery, should be carried personally whenever possible. If, however, you decide to pack them, make sure that your cases can be securely locked. Please remember that the transfer of valuables is governed by currency regulations—you should ask your Travel Agent's advice on this point.

FREE BAGGAGE ALLOWANCE

(a) Your ticket entitles you to a free allowance of baggage. The amount of the free allowance varies from 20 kilos (44 lb.) to 30 kilos (66 lb.) and is dependent on the journey that you are making. In most cases, the larger allowance applies—your Travel Agent will give you details of this when you make your reservation. Allowances for children also vary according to the journey and the child's age.

(b) Personal articles—such as a lady's handbag, books, a spare overcoat (extra to the one you are wearing), a rug, an umbrella or a walking stick, binoculars—are carried free as unregistered baggage in addition to the free baggage allowance. Any additional items are subject to excess baggage charges.

(c) If you like to "bulk" your luggage with a fellow passenger, provided you are both travelling to the same place, you may do this. The aggregate free baggage allowance will be applied in order to assess any excess baggage charge (see next paragraph).

EXCESS BAGGAGE

If you want to carry more than your free weight allowance, you pay the excess charges listed in our timetables, which our Travel Agents or B.O.A.C. Offices will show you.

The carriage of excess baggage is, of course, subject to space being available in the aircraft and, therefore, we cannot guarantee that it will travel with you in the same aircraft.

If you think you are likely to exceed your weight allowance and would like to check the weight of your baggage before your departure, any of our offices will be pleased to allow you the use of weighing scales.

UNITED STATES & CANADIAN BAGGAGE VALUATION CHARGES

For journeys to, from or through the United States or Canada, registered and unregistered baggage declared at a value in excess of £25 (U.S. $100) is subject to an additional charge on such excess value at the rate of 9d. (15 cents) for each £25 (U.S. $100) or fraction thereof. If no declaration of excess value is made, the value of the baggage is deemed not to exceed £25 (U.S. $100). A declaration exceeding £1,250 (U.S. $5000) from any one passenger cannot be accepted.

CAMERAS

Except on our Atlantic Route, cameras must remain in "Not Wanted" baggage. They must be declared to the Customs Authorities in every case when your baggage is examined.

CANCELLATION OF RESERVATIONS

If you have to cancel or defer your reservation, please let us know at the earliest possible moment and return your ticket. We cannot guarantee any refund for a cancellation or deferment at short notice, but the longer the notice, the greater the likelihood of a refund being possible.

CHILDREN

A child under two years of age, if he (or she) does not occupy an individual seat and is accompanied by a grown-up passenger, will be charged 10 per cent. of the published fare. If two children of under two years of age are travelling, then the charge for the first child remains at 10 per cent., but for the second child is half-fare. Half-fare is also charged for children between two and twelve years of age—and also for a child under two, if he (or she) occupies a separate seat. The age of the children is taken as at the beginning of the outward journey.

YOUR TICKET AND CONDITIONS OF CARRIAGE

You must, of course, have a ticket before beginning your journey, which you get when you pay your fare.

All tickets are issued subject to our General Conditions of Carriage of Passengers and Baggage, which are shown in full at all our offices. You will also find that an extract of these conditions is included on your ticket.

WHAT YOUR TICKET INCLUDES

During your journey, whether on the ground or in the air, we provide you with all accommodation and meals from the time you leave the airport until you reach the destination shown on your ticket. We arrange also your transport to and from town centres and airports at most places. Other expenses are your responsibility, such as hotel bills incurred while you may have to wait for a connecting air service for which you hold a separate ticket or voucher—this is unless your ticket or voucher is otherwise endorsed. But if your connecting journey is on another B.O.A.C. service or on the service of an associated company we are again responsible for your accommodation and meals once you have restarted your journey and until you reach the final destination shown on your ticket.

Finally, on this subject, we must add that any ticket or transportation taxes imposed by Governmental Authority are in addition to your fare and must, therefore, be paid by you.

RETURN TICKETS

Return tickets save money as they cost approximately 10 per cent. less than the two single fares. But, of course, the return ticket must be bought before your departure on the outward journey. With some exceptions, these return tickets are valid for one year.

Special return tickets (known as "Open-Jaw" tickets) are also available across the North Atlantic. These allow passengers to return to a place different from their airport of departure—or to start their return journey at a different place from the airport to which they travelled on their outward journey. Unused portions of return and "Open-Jaw" tickets may be made valid for travel between points or over routes other than shown on the ticket, subject to adjustment in fares (which will be subject to compliance with applicable currency regulations).

INTER-CHANGE FACILITIES.—Tickets on North Atlantic Services may be booked in advance for travel one way by one air carrier returning by another air carrier. In such cases half return fares are charged for each of the two journeys. In addition, passengers holding return halves of tickets valid for travel on North Atlantic Services may, by arrangement, have their tickets endorsed for return by another air carrier and still retain the benefit of the return ticket rebate. Further details and particulars of carriers participating in these arrangements will be given on application.

ACCOMMODATION EN ROUTE

Conditions to-day often make it impossible for us to accommodate you as comfortably as we would like. However, where there are shortcomings we are doing everything in our power to improve matters as quickly as possible.

HOTEL ACCOMMODATION ON ARRIVAL

Accommodation is short at most destinations—so you should always see that your rooms have been booked for you in advance.

SMALL CHANGE FOR YOUR JOURNEY

You will find B.O.A.C. Currency Coupons indispensable on your journey, because without them you will be without any small change of the countries you call at en route, and you will be at a loss for buying drinks, souvenirs, presents, and so on. Any of our offices will give you details of these Currency Coupons—which you will need in addition to your Travellers' Cheques.

TRAVELLERS' CHEQUES

You may buy Travellers' Cheques from your Travel Agent or at our London Office and at some offices overseas. Note, however, that these can be cashed only within the "Sterling Area."

ANIMALS OR BIRDS OR OTHER LIVESTOCK

These cannot normally be carried.

PUNCTUALITY

Finally, we have to state that although we, of course, do everything in our power to ensure the punctuality of our services, B.O.A.C. cannot accept responsibility for any delay or suspension of a service, nor can we guarantee that connections will be made with other air services or with surface carriers.

TAXES

Any ticket or transportation taxes imposed by Governmental authority are, in addition to the fare, payable by the passenger. U.S. Alien Head Tax of $8.00 is collected upon entry into or return to the United States when applicable.

U.S.A. DEPARTING ALIEN INCOME TAX RETURN

This has to be made by the alien irrespective of length of stay in, or proposed length of absence from the U.S.A. You must apply for the requisite form to the Bureau of International Revenue Service, ten days before you leave the U.S.A.

SPEEDBIRD FARES CHART

ALL FARES SUBJECT TO CHANGE WITHOUT NOTICE

This Fares Chart shows all the fares in American currency quoted by B.O.A.C. Where there is a blank space there is no reasonably direct Speedbird connection at the present time in operation between the two places concerned.

To use the chart, take the two places—in alphabetical order—between which you wish to travel, follow down in the vertical column of the first place until you reach the horizontal column of the second place and read off the fares. The top figure in each box is the one-way fare, and the bottom figure is the round-trip fare.

FARE CONNECTIONS WITH B.E.A.

This chart shows through fares in conjunction with British European Airways between New York, Montreal and London and the principal cities in Europe. Fares between principal cities in Europe and other points along B.O.A.C. routes can be calculated by adding the B.E.A. fare to London and the B.O.A.C. fare from London to the destination.
