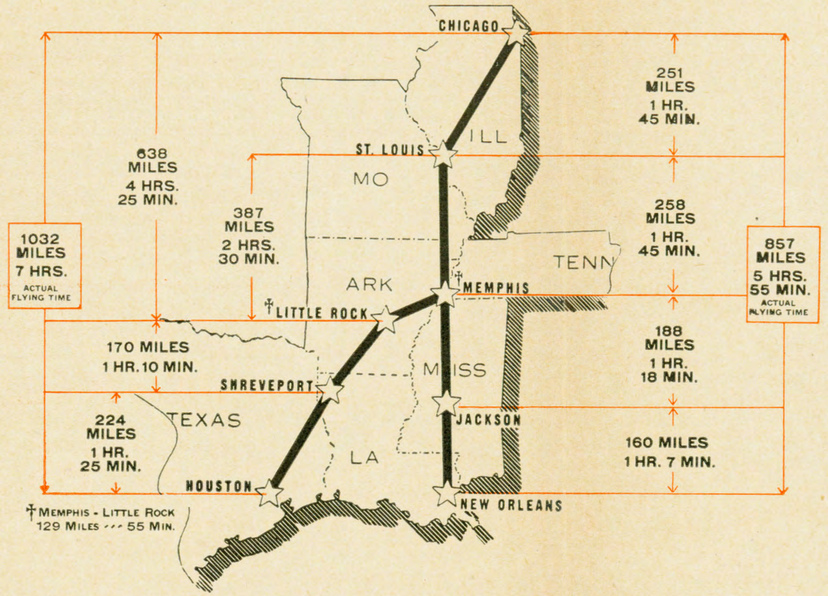
Until the War is Won—

Travel Light!



We're talking now about baggage—excess and otherwise—and asking all our passengers to go light on luggage. Here's why . . . Today, almost every Dixieliner carries a full load—with large quantities of essential express, mail and passengers. Every pound of luggage means that much less cargo that can be carried. And much of that cargo is important—urgently needed in the war effort. Sometimes it even takes priority over passengers. So that's why we're urging you to travel light. Your ticket still entitles you to a generous 40 lbs.

Thanks a Lot!
