TRAVEL BY AIR — The exacting traveler takes the shortest and most comfortable line between two points. That line, of course is by air. Plane travel is clean, modern, thrilling. Time saved makes it economical.

SHIP BY AIR — It may be a mere bolt and nut, but by air express it gets all the fast service of the most important air mail letter or the most discriminating passenger. It flies in the same ship.

MAIL BY AIR — It is socially proper. It is a business necessity. Your letters fly while you sleep. One-day delivery is possible within a range of 1,500 miles. Air mail is answered first.
