The Busiest Airplanes in the World!

Every minute of the day and night America's great fleet of airline transports is speeding thousands of specialists, government officials, men in the Services, business executives and others who are manning the nation's defense bulwarks.

The airlines of the United States are on the job, speeding men, mail and materials where they are needed—FAST.

Serving those great industrial cities of the East, South and Midwest which have a major responsibility in defense production, and connecting them from three directions with Washington, Pennsylvania-Central's routes are real lifelines in the nation's great airline network. PCA will "keep 'em flying."
