AIR CHARTER ALLOWS YOU TO GO ANYWHERE AT ANY TIME THAT SUITS YOU

Eastern Australia Airlines has a selection of aircraft available for charter to suit your every need. You have a choice of aircraft ranging from an eleven seat twin-engined Titan, right through to the eighteen seat Bandeirante turbo-prop aircraft.

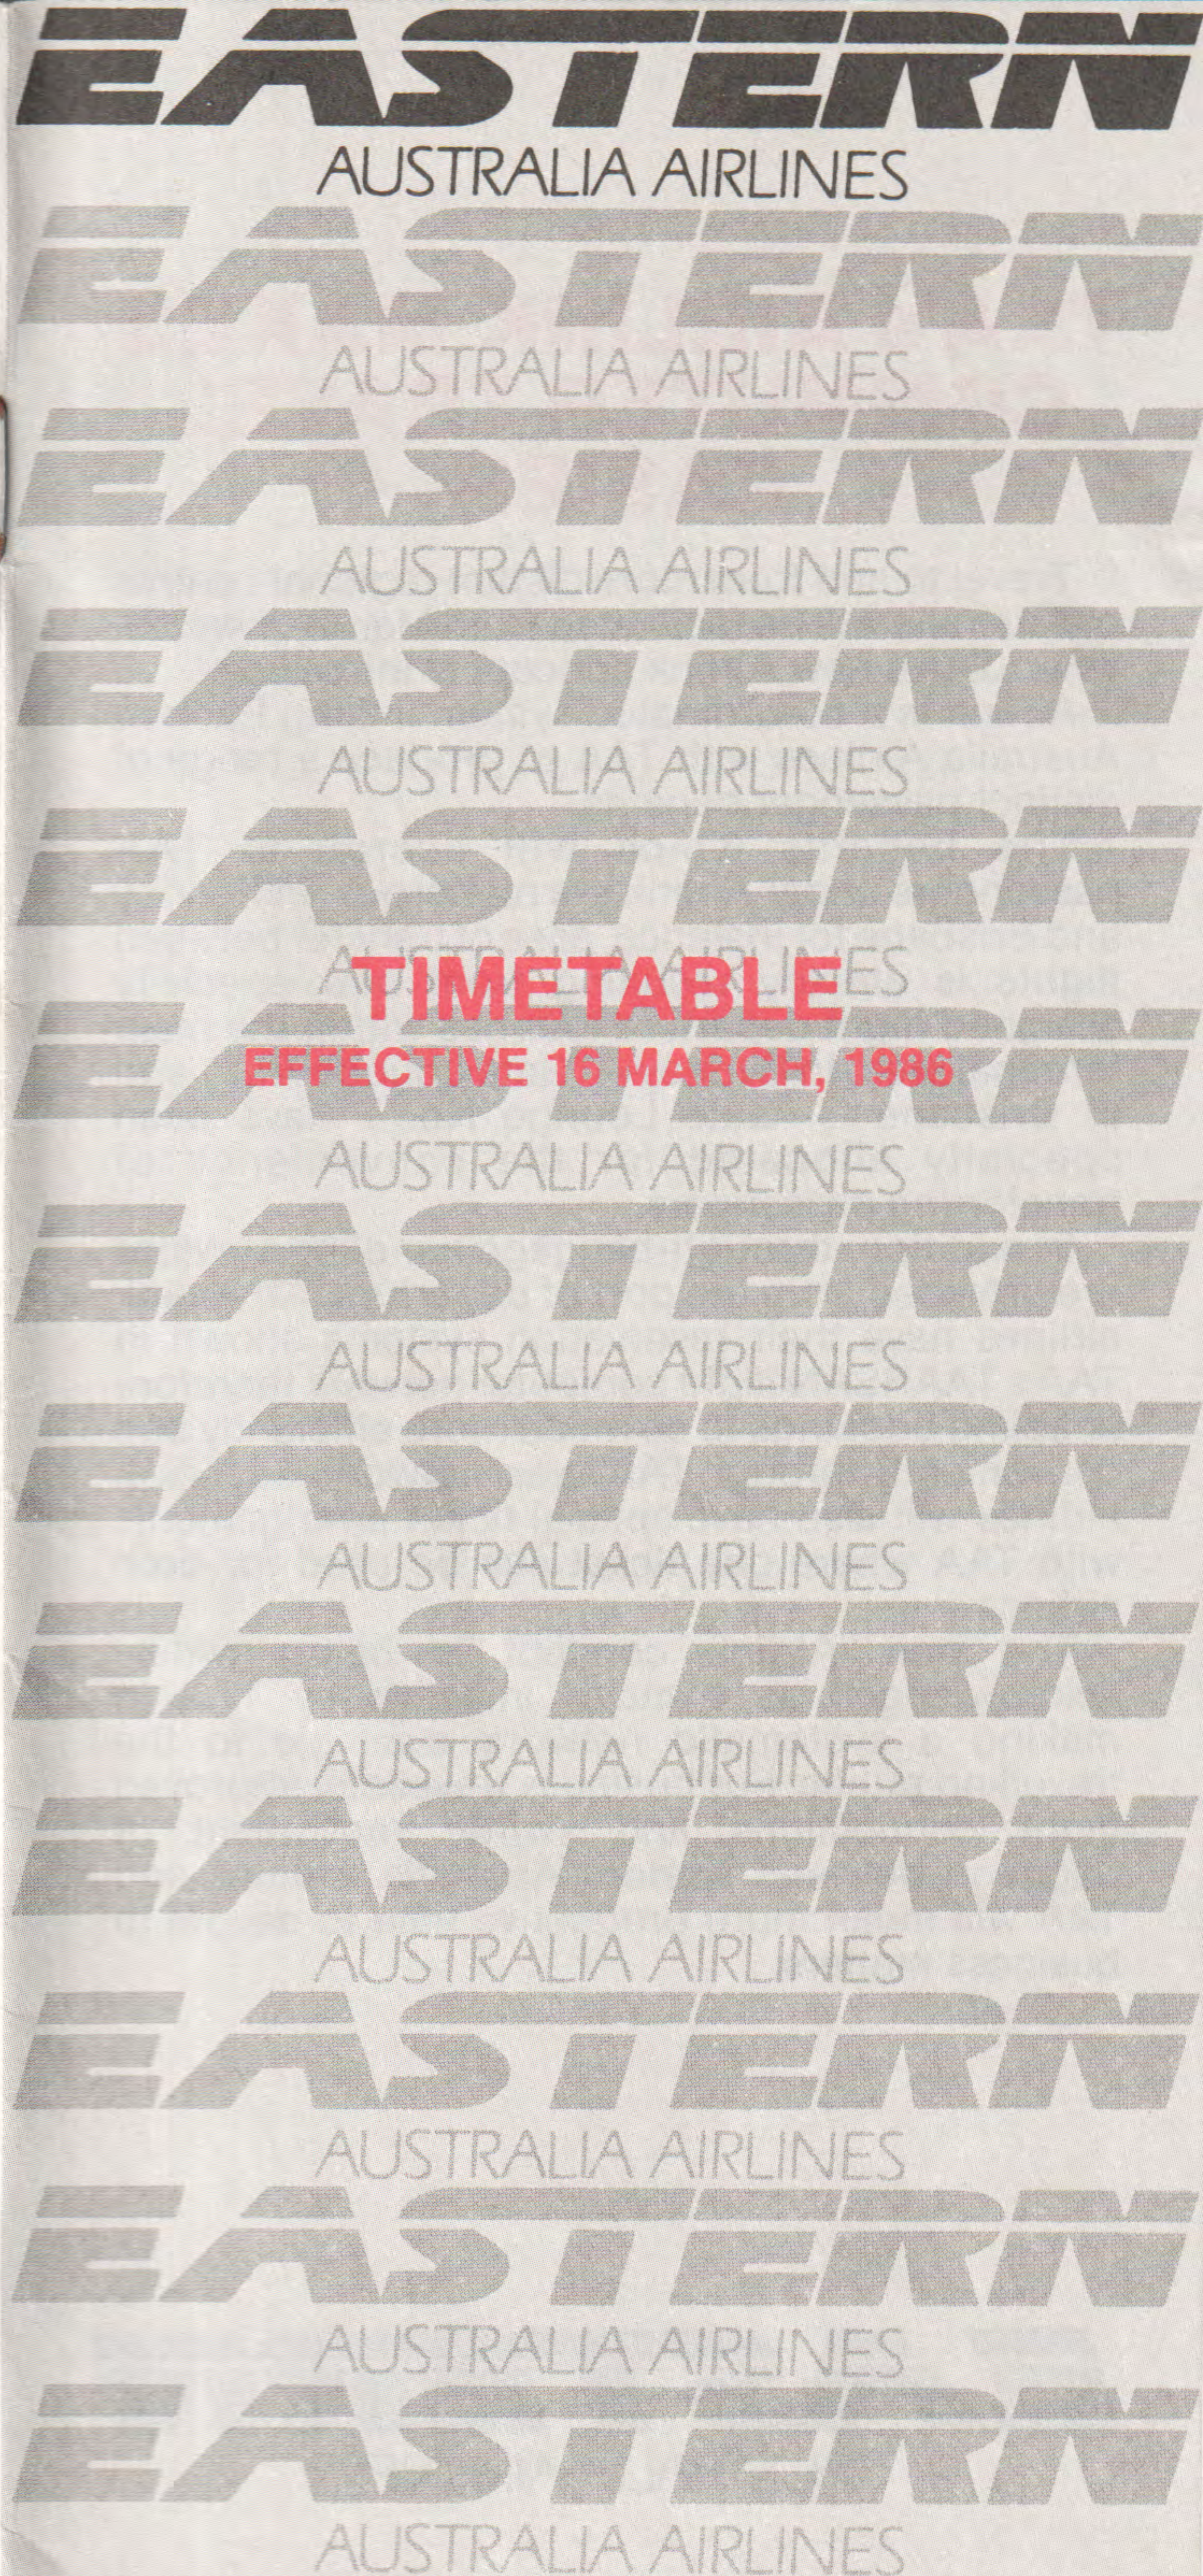

Air charter affords you the opportunity to set your own timetable to suit your needs... and it is surprisingly inexpensive. You can fly at any time to any part of Australia. It is entirely up to you.

When you fly with Eastern Australia Air Charter, you are assured of the same type of standards of service and professionalism that is demanded by the airline system.

Surprisingly, Eastern Australia Airlines currently flies to twenty-two centres in New South Wales plus Brisbane, Coolangatta and Canberra, and amasses a staggering 20,000 hours per annum.

So the next time you need to get somewhere in a hurry and at a particular time — call Eastern Air Charter on (02) 693 1000.

Your Local Travel Agent:

TAA's AIRLINK MAKES COMMUTER TRAVEL EASIER

Travel to and from more distant regional centres of Australia will be facilitated from March onwards, when TAA's new Airlink concept is introduced.

Airlink is a co-ordinated system linking Eastern Australia Airlines with TAA to produce a range of distinct passenger benefits.

The benefits which will accrue to TAA passengers under Airlink are numerous. In Sydney and Brisbane for instance, ease of transfer between flights is already resulting from new specially assigned flight departure lounges within the main terminal area. In Sydney — Gate Lounge No. 1 and in Brisbane — Gate Lounge No. 7 have been specially allocated for the convenience of transferring passengers.

In addition, through-baggage handling services are provided from the port of departure. All Airlink airlines have their reservation systems shown in TAA's TAARSAN flight computer network therefore enabling bookings to be made more efficiently and conveniently through TAA's vast network. All Airlink airlines will also have special ticket arrangements with TAA where one ticket can be used for both airlines.

The new Airlink concept is being widely acknowledged as a major initiative by TAA in making a systematic network available to the travelling public. For business travellers, improved flight connections and swifter movement of baggage between Eastern Australia Airlines and TAA will mean more productive time to devote to business matters.
