### Important

As we constantly strive to improve our services, schedule changes may occur at short notice. We recommend that you always check your flight data before departure. For flights to/from Africa, please reconfirm your reservation 72 hours before departure.

For latest updates, please visit [brusselsairlines.com](http://brusselsairlines.com)

### Documents

Please make sure you carry all necessary and valid documents such as passport, visa, vaccination and health certificates etc...

It is the passenger's responsibility to comply with immigration, health, customs and other regulations of the countries of departure, transit and destination.

## The choice is yours

With Brussels Airlines you decide for yourself how you would like to fly – premium, fully flexible or at the best price.

### Short-haul network

#### The class that puts you first

**b.business** offers passengers a premium service on our European network, including free access to business lounges, gourmet dining with champagne, guaranteed middle seat free, as well as free change and cancellation of flights.

#### The best economy class in Europe

**b.flex economy+** is the unique travel solution for passengers who enjoy the time-saving benefits of a high level of service such as priority check-in and fast-track security. **b.flex economy+** also offers additional comfort on board – passengers may choose their own seat and will receive complimentary food, drinks and newspaper service. In addition, **b.flex economy+** passengers can change at the airport to an earlier flight on the same day, or change their flight date and destination with no penalty charges. **b.flex economy+** cancellations are also fully reimbursable.

#### The low fare you can trust

**b.light economy** is for passengers looking for the best fares across our network of about 50 European destinations. Passengers will find that our on-board quality is hard to match – we have an excellent choice of drinks and snacks for sale at competitive prices – and our high standard of service with a smile comes free!

### Medium-haul and long-haul network

When flying medium-haul (to Tel Aviv) and long-haul (to Africa and US), passengers have the choice between Business Class and Economy Class. Our long-haul fleet has undergone a premium makeover and now offers the highest levels of relaxation and comfort, including a fully horizontal flatbed with pneumatic cushion and massage functions in Business Class, while Economy Class passengers will enjoy an ergonomic seat with increased legroom. All passengers also have access to a revolutionary inflight entertainment system with over 100 hours of entertainment and a personal touchscreen TV monitor.

## How to book your flight

[brusselsairlines.com](http://brusselsairlines.com)

### Booking online is faster and cheaper

Booking via the Brussels Airlines website is the fastest and cheapest way to fly. All you have to do is log on to [brusselsairlines.com](http://brusselsairlines.com) and select your departure point, destination, dates and your choice of **b.business**, **b.flex economy+** or **b.light economy** for European flights. For medium-haul and long-haul flights, you can choose between **Business Class** and **Economy Class**. Once you've done that, you'll have an immediate overview of the range of flights and price availability in one single 'at-a-glance' page. Which means you can choose where, when and at what fare you wish to travel in one simple operation.

### Customer Contact Centre

You can call our Customer Contact Centre at 0902 51600\* (within Belgium), where our trained staff will give you full details of flight options and fares, as well as book your chosen reservation (they can also answer any queries on special bookings, promotions etc).

### Brussels Airport ticketing desk

Brussels Airlines maintains a fully-serviced sales desk on the departures level at Brussels airport. Our helpful and trained staff are on hand to deal with all your reservation needs during normal working hours seven days a week. Plus, we have dedicated ticketing desks or representations at all airports across our network.

### Travel agent

Alternatively you can book through your travel agent, who will be able to give you real-time information on flight schedules, information and promotions.

**Providing your email address when booking will enable us to send you a personalised invitation email to check in online. See page 6 for the benefits of checking in online. Remember to provide us with your mobile phone number when booking in order to receive free SMS updates in case of flight delays or cancellations. Don't forget to mention your Miles & More membership number when booking. See page 12 for details on Miles & More membership.**

\* Maximum €1 per minute (call setup: €0.051)

## Online check-in

Queuing up at busy check-in counters is a thing of the past thanks to our online check-in facility. Rather than waiting until you are at the airport, you can check yourself in without any stress from your home or office. Simply go to the online check-in section on our website, and use your ticket number or your booking reference for identification.

- 1** Go to [brusselsairlines.com](http://brusselsairlines.com) and select Online Check-In.
- 2** Select departure airport and fill in your booking reference and last name, then click continue.
- 3** Confirm that you would like to check in for the indicated flight(s), as well as the passenger's name.
- 4** You are now checked in and a summary page is shown. You can add your frequent flyer number at this stage. You can also change your seat if you wish by clicking on the appropriate button and selecting a new seat.
- 5** If your final destination is in the United Kingdom, Canada, United States, Mexico, India or China, additional information needs to be filled in.
- 6** Select how you would like to receive your boarding pass: direct print, receive via email, or receive a mobile boarding pass on your web-enabled mobile device.

You can use this method to check in anytime from 24 hours to one hour before your flight departs. At the airport, when carrying only hand luggage, just go straight to the gate with your boarding pass and your passport. If you have baggage to check in, you will still beat the queues – just leave your baggage at the designated Brussels Airlines "Baggage Drop Off" counters (where available) in our check-in area and proceed to the departure area.

## Mobile check-in

Whether you're between meetings or on your way to the airport, you can now manage your travel plans easily. Check in anywhere, any time, from 24 hours right up to one hour before your flight. There is no need for a printer – the boarding pass will be sent to your web-enabled mobile device as a 2D barcode, which can then be scanned at many locations in airports such as at baggage drop-off points, security checkpoints, lounges, tax free shops and at boarding gates.

- 1** Surf to [m.brusselsairlines.com](http://m.brusselsairlines.com) from your web-enabled mobile device.
- 2** Select your language, then select Mobile Check-In.
- 3** Proceed to check in by supplying your departure airport, booking reference or e-ticket number and your last name.
- 4** Confirm that you would like to check in for the indicated flight(s), as well as the passenger's name.
- 5** A seat has been pre-selected for you. You can opt to change this seat, and also add your frequent flyer number.
- 6** Choose how you would like to receive your mobile boarding pass: via SMS or email. If you are choosing the email option, please ensure your device is enabled to receive emails.
- 7** After receiving the SMS or email, click on the link to view your mobile boarding pass. It is advisable to save the boarding pass on your web-enabled mobile device for offline use.

## Other check-in options

### Express check-in at airports

If you have a reservation you can use the Express check-in kiosks at Brussels Airport and selected European destinations. This service is available for all our customers – even if you travel with baggage. Just leave your baggage at the designated Brussels Airlines' Baggage Drop Off points once you've retrieved your boarding pass. Customers with electronic tickets need only the electronic ticket number or the booking reference to identify themselves.

### Return check-in

Passengers returning within 24 hours can check in for their outbound and return flights at the same time, as long as they have a confirmed booking.

### Check-in times

Brussels Airlines operates a very busy network, and we aim to ensure that every flight leaves on time. Please observe the latest reporting times for check in listed below, and please bear in mind that a late check-in may result in cancellation of your reservation.
