RENSEIGNEMENTS GENERAUX

CONDITIONS DE TRANSPORT

Les voyages par avion sont soumis aux conditions générales de transport des passagers et des bagages, qui sont à votre disposition dans nos bureaux, ainsi qu'aux conditions imprimées sur les billets de passage.

HORAIRES

Les horaires ne font pas partie du contrat de transport. Ils sont indiqués en heures locales et sont susceptibles d'être modifiés sans préavis.

RESERVATIONS

Les réservations de place doivent être demandées suffisamment à l'avance auprès d'un bureau de la SABENA ou d'une agence agréée. Si vous désirez annuler ou retarder votre départ nous vous prions de nous en aviser au plus tôt.

RECONFIRMATION

La reconfirmation de la réservation de retour ou de la continuation du voyage est obligatoire sur tous les parcours internationaux si votre arrêt excède 72 heures, sauf pour ceux effectués entièrement en Europe. La reconfirmation doit être faite au plus tard 72 heures avant le départ auprès d'un bureau de la compagnie.

ACCEPTATION DES PASSAGERS

Les passagers doivent être en règle vis-à-vis des autorités de police, de douane et de santé des pays de départ, de transit, de destination et de retour.

HEURE LIMITE D'ENREGISTREMENT

Les passagers sont instamment priés de se présenter à l'enregistrement à l'aéroport avant l'heure limite d'enregistrement précisée dans l'horaire (signe ⚠). Au-delà de cette limite, les passagers ne peuvent plus être embarqués sur le vol prévu.

BAGAGES *

La franchise de bagages est fixée à 20 ou 30 kgs, selon le parcours effectué ou la classe empruntée. Vous pouvez emporter gratuitement en cabine comme bagages à main: 1 sac à main de dame, 1 manteau, 1 couverture, 1 parapluie ou 1 canne, 1 paire de jumelles, de la lecture en quantité raisonnable, de la nourriture à consommer en route pour les enfants en bas âge et un moïse (ce dernier transporté en cale), 1 appareil photographique ou cinématographique, 1 fauteuil roulant d'invalides complètement rabattable ou 1 paire de béquilles.

Le poids des bagages dépassant la franchise est transporté au tarif par kilo fixé à 1/100 du tarif normal simple de la 1ère classe. Des bagages non accompagnés peuvent bénéficier d'un tarif réduit sur certaines liaisons. Les passagers doivent munir leurs bagages d'une étiquette indiquant leur nom et adresse. Les armes à feu et animaux vivants ne sont admis au transport qu'après accord préalable du transporteur et dans les limites de la réglementation applicable. L'usage de récepteurs ou d'émetteurs de télévision et de radio portatifs est prohibé à bord des avions.

* Entre les E.U./CANADA et certains autres pays, dont la Belgique, un système de bagages est appliqué basé non pas sur le poids des bagages mais sur le nombre de pièces dont les dimensions restent dans certaines limites.

Divers tarifs sont appliqués pour les excédents de bagage. Votre agent SABENA peut vous fournir de plus amples renseignements à ce sujet.

symboles - tekens - symbols: p. 2-5

RENSEIGNEMENTS GENERAUX

Pour des raisons de sécurité, les articles définis dans la réglementation IATA pour le transport des articles réglementés, tels que ceux cités ci-dessous, ne peuvent être transportés dans les bagages des passagers:

- Serviettes et malles avec système anti-vol.
- Agents étiologiques.
- Explosifs, munitions, artifices et flambeaux.
- Gaz comprimés (inflammables, ininflammables et toxiques).
- Liquides et solides inflammables (tels que combustibles pour briquets ou appareils de chauffage, ALLUMETTES et articles aisément inflammables).
- Matières comburantes (tels que poudre de blanchiment et peroxydes).
- Matières corrosives (tels qu'acides, alcalis et éléments de piles ou accumulateurs humides).
- Matières radioactives.
- Toxiques.
- Autres articles réglementés (tels que mercure, masse magnétisée, substances nocives ou irritantes).

Les articles suivants sont admis:

- Les articles de toilette ou médicaments nécessaires ou utiles pour le voyage, tels que les laques pour cheveux, parfums ou produits pharmaceutiques contenant de l'alcool. Ceux-ci peuvent être transportés en bagages accompagnés ou bagages cabine lorsque la quantité nette totale de tous ces articles contenus dans les bagages du passager n'excède pas 2 kilogrammes ou 2 litres (75 oz - avoirdupois ou fluid ounces), et que la quantité nette de chaque article n'excède pas 1/2 kilogramme ou 1/2 litre (1 pound ou 16 fluid ounces).
- Les boissons alcoolisées.
- Avec le consentement du (des) transporteur(s), les petites bouteilles d'oxygène pour usage médical et les petites bouteilles d'anhydride carbonique portées par des passagers pour le fonctionnement de membres artificiels.
- Avec le consentement du (des) transporteur(s), les munitions pour armes de petit calibre (destinées au sport) en bagages enregistrés uniquement et en quantités n'excédant pas 5 kilogrammes (10 pounds), pour usage privé, à l'exclusion des munitions à projectiles explosifs ou incendiaires.
- La carbo-glace en quantités n'excédant pas 2,5 kilogrammes (5 pounds) par passager, pour l'emballage de matières périssables, et en bagages cabine uniquement.
- Les articles pour fumeurs, portés sur soi, y compris des briquets au gaz liquide, mais à l'exclusion de briquets pourvus de réservoirs de liquide inflammable et de tout type de rechange pour briquet (gaz ou liquide).

ALGEMENE INLICHTINGEN

VERVOERSVOORWAARDEN

Vliegtuigreizen zijn onderworpen aan de algemene voorwaarden omtrent het vervoer van passagiers en bagage, die op onze kantoren ter inzage liggen en aan de voorwaarden welke in het passagebiljet vermeld staan.

DIENSTREGELINGEN

De dienstregelingen maken geen deel uit van het vervoercontract. Ze zijn in plaatselijke tijd aangegeven en kunnen zonder voorafgaande kennisgeving worden gewijzigd.

PLAATSBESPREKING

Plaatsbesprekingen moeten tijdig worden aangevraagd bij een SABENA-kantoor of een erkend reisbureau. Moet u uw reis afgelasten of uitstellen, gelieve ons dit dan zo spoedig mogelijk te melden.

HERBEVESTIGING

Bij meer dan 72 uren oponthoud is men verplicht zijn plaatsbespreking voor de terugreis of voor de volgende vlucht te bevestigen, behalve voor vluchten geheel binnen Europa. Deze herbevestiging moet ten minste 72 uur voor het vertrek van het vliegtuig in een van de kantoren van onze maatschappij gegeven worden.

REISDOKUMENTEN

De passagiers moeten de politie-, gezondheids- en douanevoorschriften in de landen van vertrek, aankomst en doorreis vervullen.

LAATSTE MELDINGSTIJD

De passagiers worden dringend verzocht zich vóór de laatste meldingstijd die in de dienstregeling met het teken Δ is aangegeven aan de inschrijvingsbalie van de luchthaven aan te melden. Nadat deze tijd is verstreken kunnen geen passagiers meer aan boord van de geplande vlucht worden toegelaten.

BAGAGE *

U heeft het recht, 20 of 30 kg bagage portvrij te vervoeren, naar gelang van de af te leggen reisweg of de klasse waarin u reist.

In de cabine kunt u volgende voorwerpen, die portvrij vervoerd worden, met u meenemen: 1 dameshandtas, 1 mantel, 1 reisdeken, 1 regenscherm of 1 wandelstok, 1 verrekijker, lectuur in redelijke hoeveelheid, babyvoedsel voor gebruik tijdens de reis en een reiswieg (deze wordt vervoerd in het bagageruim), 1 klein foto- of filmtoestel, een geheel opvouwbaar rolstoel of 1 paar krukken.

Bagage waarvan het gewicht de portvrij vervoerde hoeveelheid overschrijdt wordt vervoerd tegen 1 pct. van de gewone prijs van de enkele reis in eerste klasse per kilogram overgewicht. Niet-begeleide bagage wordt op sommige reisroutes tegen lager tarief vervoerd.

De passagiers moeten hun bagage voorzien van een etiket waarop hun naam en adres vermeld staan. Vuurwapens en levende dieren worden alleen geaccepteerd indien de vervoerder vooraf zijn toestemming heeft gegeven en zulks slechts binnen de bepalingen van de toepasselijke voorschriften. Het gebruik van draagbare televisietoestellen, radiozenders en TV- of radio-ontvangers in het vliegtuig is niet toegestaan.

* Tussen de V.S./CANADA en sommige landen w.o. België, geldt een regeling voor de bagage, die niet op het gewicht maar wel op het aantal geregistreerde stuks binnen bepaalde afmetingen gebaseerd is. Voor overbagage gelden diverse bijzondere tarieven. Uw SABENA-agent kan u hierover nader inlichten.

ALGEMENE INLICHTINGEN

Om veiligheidsredenen mogen de artikelen omschreven in het IATA-reglement op het vervoer van gereguleerde artikelen, zoals die welke hieronder zijn vermeld, niet in het reisgoed worden vervoerd:

- Aktentassen en koffertjes met ingebouwd anti-diefstal systeem.
- Ziekteverwekkende stoffen.
- Springstoffen, munitie, vuurwerk en vuurpijlen.
- Samengeperste gassen (ontvlambare, niet-ontvlambare en giftige).
- Ontvlambare vloeistoffen en vaste stoffen (zoals brandstof voor aanstekers en verwarmings-toestellen, LUCIFERS en licht ontvlambare stoffen).
- Oxyderende stoffen (zoals bleekpoeder en peroxyden).
- Bijtende stoffen (zoals zuren, basen en met een elektrolyet gevulde batterijen).
- Radioactieve stoffen.
- Giftige stoffen.
- Andere gereguleerde artikelen (zoals kwik, gemagnetiseerde massa's, schadelijke of prikkelende producten).

De volgende artikelen zijn toegelaten:

- Toiletartikelen of geneesmiddelen die tijdens de reis nodig of geschikt zijn, zoals haarlak, reukwerk en geneesmiddelen die alcohol bevatten. Deze mogen worden vervoerd als begeleide of handbagage wanneer de totale netto-inhoud van al deze artikelen in het reisgoed niet meer bedraagt dan 2 kilogram of 2 liter (75 avoirdupois of fluid ounces) en de netto-inhoud van elk afzonderlijk artikel niet meer bedraagt dan 1/2 kilogram of 1/2 liter (1 pound of 16 fluid ounces).
- Alkoholische dranken.
- Met de toestemming van de vervoerder(s), kleine zuurstofflessen voor medisch gebruik en kleine flessen koolzuuranhydride die de passagier bij zich draagt voor het aandrijven van prothesen.
- Met de toestemming van de vervoerder(s), munitie voor sportwapens van klein kaliber voor privé-gebruik en alleen in ingeschreven bagage indien het gewicht van de munitie 5 kg (10 pounds) niet overschrijdt en met uitsluiting van munitie met ontplofbare of brandbare projectielen.
- Droog ijs in hoeveelheden van niet meer dan 2,5 kg (5 pounds) voor het verpakken van aan bederf onderhevige waar, en zulks alleen in de handbagage.
- Persoonlijk rookgerei dat men bij zich draagt, met inbegrip van met vloeibaar gas gevulde aanstekers, maar met uitsluiting van aanstekers voorzien van reservoirs met een ontvlambare vloeistof, en van enig type van vervangreservoirs (gas of vloeistof) voor aanstekers.

symboles - tekens - symbols: p. 2-5

GENERAL INFORMATION

CONDITIONS OF CARRIAGE

Journeys by air are subject to the general conditions of carriage of passengers and baggage, which are at your disposal in our offices; also to the conditions printed on the tickets.

TIMETABLES

The schedules do not form part of the contract of carriage. They are shown in local time and are subject to alteration without notice.

RESERVATIONS

Seat reservations should be requested as far in advance as possible at a SABENA office, or at any approved travel agent. If you wish to cancel or defer your departure, please advise us as soon as possible.

RE-CONFIRMATION

Re-confirmation of a return or continuing reservation is obligatory on all international sectors if your stop exceeds 72 hours, except for travel wholly within Europe. Re-confirmation must be effected at least 72 hours prior to departure at an office of the company.

DOCUMENTATION

Passengers must comply with the police, health and customs formalities of the countries of departure, destination and transit.

LATEST CHECK IN TIME

Passengers are urgently advised to present themselves at the airport check-in counter well ahead of the latest check in time indicated by a Δ in the timetables. Beyond this time, passengers cannot be embarked on the imminent planned flight.

BAGGAGE *

The free baggage allowance is 20 or 30 kgs according to the sector flown or class of travel. You are permitted to take into the cabin the following items of hand-baggage which are carried free of charge: a lady's handbag, a coat, a rug or wrap, an umbrella or walking stick, a pair of binoculars, a reasonable amount of reading matter, infants' food for consumption en route, a carrying basket (the latter will be carried in the hold of the aircraft), a camera or cine camera of small dimensions, a completely collapsible invalid wheelchair or a pair of crutches. The amount of baggage in excess of the free allowances is carried at a charge of 1/100th (1%) of the normal one way first class fare, per kg. Unaccompanied luggage is accepted at reduced tariff on certain routes.

Passengers must affix labels with their name and address to their baggage. Fire-arms and live animals are only carried subject to the prior agreement of the carrier and within the limits of the applicable regulations. Use of portable television and radio receivers or transmitters aboard the aircraft is forbidden.

* Between the U.S./CANADA and some countries, including Belgium, regulations in respect of baggage are based on the number of baggage items within certain dimensions, rather than on weight limits. Special rates apply to excess baggage. Please ask your SABENA agent for further information.

For safety reasons, restricted articles as defined in the IATA Restricted Articles Regulations, such as those listed below, shall not be carried within passenger's baggage:

- Briefcases and attaché-cases with installed alarm devices.
- Etiological agents.
- Explosives, ammunition, fireworks and flares.
- Compressed gases (flammable, non-flammable and toxic).

symboles - tekens - symbols: p. 2-5

GENERAL INFORMATION

- Flammable liquids and solids (such as lighter or heating fuels, MATCHES and articles which are easily ignited).
- Oxidising materials (such as bleaching powder and peroxides).
- Corrosive materials (such as acids, alkalis and wet-cell batteries).
- Radioactive materials.
- Poisonous substances.
- Other restricted articles (such as mercury, magnetized or offensive materials and irritants).

The following items may be carried:

- Medicinal and toilet articles, which are necessary or appropriate during the journey, such as hair spray, perfumes and medicines containing alcohol. These may be carried in hold or cabin baggage when the total net capacity of all packagings used by the passenger for these articles does not exceed 2 kilograms or 2 litres (75 avoirdupois or fluid ounces) and the net capacity of each single package does not exceed 1/2 kilogram or 1/2 litre (1 pound or 16 fluid ounces).
- Alcoholic beverages.
- With the approval of the carrier(s) small oxygen cylinders for medical use and small carbon dioxide gas cylinders worn by passengers for the operation of mechanical limbs.
- With the approval of the carrier(s) as checked baggage only, small arms ammunition for sporting purposes, in quantities not exceeding 5 kilograms (10 pounds) for personal use, excluding those with explosive or incendiary projectiles.
- Dry ice in quantities not exceeding 2,5 kilograms (5 pounds) per passenger used to pack perishables as carry-on baggage only.
- Personal smoking materials carried on the person, including gas lighters containing liquid petroleum gas, but excluding lighters with flammable liquid reservoirs and any type of lighter refills (gas or liquid).
