Unaccompanied Minors (UM)

UM: are minors or children up to twelve years of age, travelling without an accompanying adult person. The acceptability of UM varies according to the age bracket into which they fall. An infant, that has not reached the age of one (01) month is not allowed to travel as UM.

Babies and children under 3 years of age

Minors under 3 may normally not travel unaccompanied. Under special circumstances however and provided booking is made in advance, a company escort (normally a female cabin crew member) may be arranged provided the child is more than one month old. Such escort may accompany a maximum of 1 such infant.

Children aged between 3 and 8 years

Minors in this age bracket may travel unaccompanied but, for safety reasons, their number must be limited, depending on the type of aircraft.

Minors over 8 years old

Minors over 8 years may be accepted without any limitation. When aged above 12 years, they are called young passengers. Carriage of unaccompanied children is permitted if a handling advice has been completed and signed by parents or guardian. The child must wear the VLM identification badge. At station of destination the cabin crew member personally will pass the UM at the arrival gate/aircraft door to the ground staff (VLM or handling agents). Ground staff will assist the UM with immigration and customs control.

Pregnant women

Pregnant women are not allowed on board when more than 35 weeks pregnant. Whenever they are between 28 and 35 weeks, travel is possible if they have a medical certificate 'fit to fly' and signed a form discharging VLM Airlines reliability.

Special assistance

If you have a physical disability that impedes your mobility, you can count on VLM Airlines to take care of your particular needs. Let us know if you require any special assistance when you make your reservation.

Special Meals

If you require a special meal, please notify when making a reservation.

Luggage policy

Checked baggage
The standard free baggage allowance is set at:

Regular passengers: 20kg
Business passengers: 30kg (on flights where Business Class is offered only).

Hand baggage: Hand baggage should not exceed the dimensions of 52 x 33 x 25 cm.

The maximum weight is 5kgs per piece. One piece of hand baggage is allowed per person. Any luggage exceeding these limits should be checked in as normal luggage. Trolleys are accepted for Business Class passengers only if they fulfil hand baggage dimensions and for as far the booking situation allows carriage.

Special items

Golf equipment

Golf equipment is carried free of charge.
One set of golf equipment consists of golf equipment (including one pair of golf shoes) contained in one golf bag.

Bicycles

A restricted number of bicycles per flight is accepted to carry free of charge.

For packaging it is recommended that:
-The handle bar is rotated 90 degrees and is tightened in this position
-The pedals are removed
-The tires are air empty

It is also recommended that the bicycle is packed (special plastic bag or box) to protect the bicycle and prevent it from damaging other luggage.

Pre-notification

Pre-notification must be made at the time of reservation (e.g. for golf, water-ski equipment and bicycles).

*please note that for flights operated by code share partners other rules may apply.

Mobile phones

Cellular phones must be turned off while on board the aircraft in all cases. Cellular frequency waves can seriously disrupt the aircraft's instruments and communication lines with air traffic control.

Valuables and perishable items

Valuables such as laptops, mobile phones, any other sort of electronic devices, jewellery, money, credit cards, other items of high value and perishable items, should at all times be kept in your cabin luggage. VLM Airlines' liability is limited to rules and regulations stated in the Warsaw Convention, hence we can take no response for valuables not kept in personal possession. It is the responsibility of the passengers that fragile items are properly wrapped.

Live animals

Live animals are not accepted on board our aircraft, with the exception of guide dogs for the blind.

Guide dogs for the blind

A guide dog may be carried in the cabin if it accompanies a passenger who is dependent upon it and if it is properly harnessed. This service however is not applicable on routes into London City, due to London City Airport restrictions.
