[Just three miles from Canary Wharf, six miles from the City and ten miles to the West End. No other airport gets closer to London]

London City Airport

Fast not furious

London City Airport gives a whole new meaning to speed. Located in London's Docklands, it offers superb access to the centre of London. Taxis are probably the most popular way for the business traveller to reach the airport, and a typical journey time from the City is just 15 minutes. The airport also offers excellent parking facilities just a few paces from the terminal. Those using public transport can choose from the shuttlebus service which connects with either the London Underground at Canning Town or the Docklands Light Railway at Canary Wharf. The shuttlebus also connects to Liverpool Street Station.

It's a breeze

Within the airport itself, you'll also find the focus is on speed. Our fast 15 minute check-in means less time on the ground before departure. And the ease by which you pass through arrivals means that from aircraft to leaving the terminal takes five minutes or less.

It's this unique combination of speed and convenience that makes VLM the simplest way to Xpressyourself to London from Manchester (or vice versa). And just to prove you can't have enough of a good thing, please remember that VLM's fares start from just £28 one way inclusive of taxes. That's why we call it a no brainer!

Xpressyourself **to London direct from Manchester and Antwerp, Brussels, Luxembourg and Rotterdam direct from London City.**
