VLM Encore

Another way to say thank you to our loyal customers

Rewards for frequent flyers

Unlike some frequent flyer schemes, VLM Encore is simplicity itself. Points can be earned on all flights and any ticket class and are awarded according to the fare paid on each segment flown. So the higher the value of your ticket, the more points you will earn. VLM Airlines believes this is the fairest way to reward its frequent flyers.

Redeeming points for your free flights on any VLM Airlines service is equally simple as the opportunity to use your points is automatically offered to you as part of the online booking process. Please note your points will be valid for up to 18 months.

Fast and easy

Becoming a member of VLM Encore is also simplicity itself. All you need to do is register or update your profile on our website flyvlm.com.

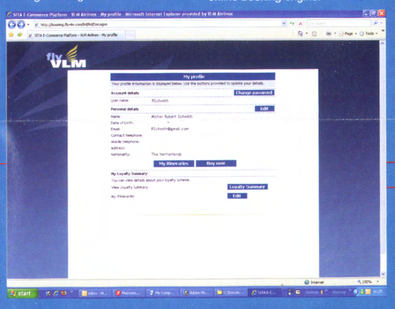

Once you have registered, you can start earning points. If you have already created a profile in the past, you can start collecting points immediately (please note only individuals who are 18 years of age or over are eligible for membership).

The easiest way of collecting points is by making your reservations online through our website flyvlm.com and by using your profile each time you make a booking. VLM Encore points can also be claimed for offline bookings (e.g. through your travel agency). Just create a profile on our website flyvlm.com and enter your unique ticket number each time you fly.

My itineraries:
From the 'My itineraries' screen, the user is able to view and select an existing booking.

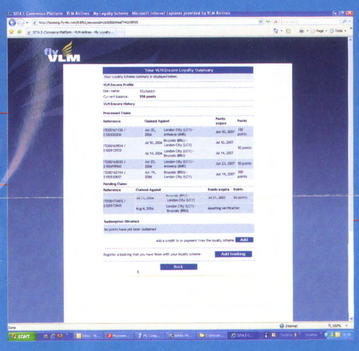

Buy now:
If you click on 'Buy now', you'll be connected immediately with our online booking engine.

Loyalty Summary:
The Loyalty Summary gives you an overview of the number of points claimed.

Processed Claims:
A claim is only ready to be processed once our system indicates that the flight was actually flown.

Redemption Obtained:
This shows an overview of all the redemptions you obtained with our loyalty scheme.

Pending Claims:
A claim registration will not directly grant an allocation of points to the user. There is a delay between registering a claim for points (or the segment being flown, whichever is later) and the points actually being allocated.You can find the status of this process in this part.

You can redeem points against all our scheduled flights and on all booking classes and cabin types. You can even book tickets for family or friends using your VLM Encore points as long as you are travelling with them. To keep track of your account just visit our website at any time to see the points you've earned and redeemed to date.

We hope you'll take the opportunity of joining VLM Encore soon, allowing us to offer you the rewards you deserve. If you should have any questions, please see the Q&A section on our website or check out the terms and conditions. Alternatively you can contact our Frequent Flyer administrator at vlmencore@flyvlm.com.

Save time book online

At VLM Airlines we are constantly looking at ways of making your whole travel experience as easy as possible and our website is no exception.

Planning your trip

Easy links on our homepage lead to all the information you need. Flights, hotel reservations, car rental, insurances and lounge access are but a click away. You can also find information about your destination such as details of how to get to and from the airport and useful contacts for business and leisure when you get there. Our **NEW**s Desk keeps you up to date about all current developments and events related to VLM Airlines.

Booking your tickets

Making an online booking is remarkably easy; it takes just five simple steps and a few minutes to make your booking.

5 simple steps

All VLM flights can be booked online up to 24 hours before departure (to book a flight within 24 hours of departure simply call any of our reservations offices at the numbers listed at the top of the page). It takes just five simple steps and a few minutes to make your booking.

On our website you'll find some extra features on our booking facility designed to give you the maximum flexibility and the widest choice when booking your flights. One example is that now all available flights and fares are displayed at the same time. This makes it even easier to find the right flight for your itinerary.

e-tickets to speed you on your way

e-ticketing allows you to go direct to check-in rather than first having to pick up your tickets at the ticket desk. All you have to do is bring a copy of your booking confirmation. Remember to select the e-ticket option when making your online booking. If you wish you can still receive a paper ticket, but in common with all other airlines, we will have to make an extra charge at the time of booking for this facility.

Services

From booking your tickets you can proceed immediately to making your hotel reservations, renting a car, arranging insurance or booking lounge access.

Safe and secure

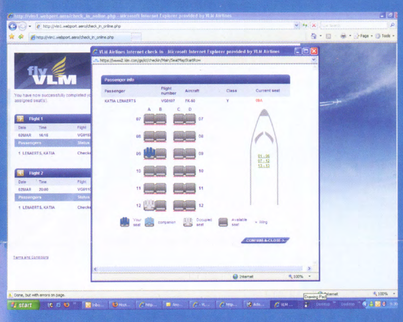

One thing that concerns some customers is how safe the information is that you provide when making an online booking. Be assured our security measures are second to none so you can book with confidence. All bookings are made on a secure server.

Latest updates

Please visit our website for the latest updates on check-in times, luggage policies and security measures at the airport.

Online check-in

To save even more time, you can now check-in online. From 30 hours to 2 hours before departure, you can select your seat online and print off your boarding card. So if you only have hand luggage, you will be able to bypass check-in and go straight to the gate. Visit our website for more details, or see check-in times below.
