# WELL CONNECTED FRIENDS

Air BC and CP Air are forming a new Commuter Link. And now Air BC customers will have more flights, more convenient connections to the CP Air world wide network. More than 60 flight connection opportunities each day will be available on CP Air's Canadian and California Route network.

Beginning October 2nd, Air BC arrivals at Vancouver International will be at the Main Terminal. It's just a short walk from your Air BC flight to your on-going CP Air flights. Upon check-in with Air BC on the Island, you'll receive your boarding passes and seat selection for your on-going CP Air flight. And baggage is checked right through to your final destination.

All information on connections and booking arrangements will now be possible through Air BC, CP Air or your travel agent. Air BC and CP Air — they're your Well Connected Friends.
