The Best and Getting Better!

AirBC is committed, with Air Canada, to providing travelers with the best service and most convenient connections from Vancouver to Seattle, Victoria, Vancouver Island and the Interior of British Columbia. And now, beginning April 26, service between:

Vancouver – Dawson Creek/Fort St. John, Grande Prairie
Edmonton – Grande Prairie, Dawson Creek/Fort St. John
Vancouver – Seattle
Calgary – Kelowna, Kamloops

AirBC passengers arriving at Vancouver, Calgary or Edmonton International Airports will be just a short walk away from their on-going Air Canada flights. Passengers checking in at AirBC stations will receive boarding passes and seat selection for their connecting Air Canada flight. All baggage is checked through to its final destination.

The AirBC fleet consists of four Dash 7's, four Dash 8's and 10 Twin Otters – all designed and built by deHavilland Aircraft, a Canadian company which leads the world in the manufacture of commuter aircraft.

In late 1986, Air Canada purchased AirBC and made it a part of the "Liaison Air Canada Connector" program. As such, AirBC will continue to provide service to 18 communities in Western Canada and to Seattle through Sea-Tac International Airport.
