**AirBC's carry-on
luggage service**

AirBC SYSTEM

Now more of the west is under our wing.

AirBC is growing...

We've enhanced our jet service to Terrace and Kelowna. Victoria to Calgary direct service on the BAe 146 begins July 6, 1990 with same plane service to Edmonton Municipal. We've added totally new markets like Lloydminster and Portland, Oregon. And we're taking on the competition head to head with services like the popular Calgary-Edmonton Super Shuttle.

Our new services include assigned seating and advance seat selection on most flights.

Our new schedules are better timed to your business day. And our new aircraft include the 4-engine British

Our spirit shows.

Aerospace 146, the quietest commercial jet in the world with roomier, 5-across seating.

Of course, AirBC is an Air Canada connector. So you also gain the convenience of one-ticket booking to all Air Canada destinations across Canada and around the world, while you enjoy the benefits of Aeroplan.

None of this would have happened without your enthusiastic support. You've powered our growth into an airline that connects 30 business centres in the west. That's what we call spirit. And it's made us the kind of airline the west really needs. For reservations call your travel agent or AirBC.
