## NORDAIR 1947-1972

From its modest beginning 25 years ago, Nordair has progressed over the years to become a major Regional Air Carrier of Canada serving some of the most important sectors of the Country. With Windsor at the South and Resolute Bay, 534 miles above the Arctic Circle at the North, Nordair now operates a regular jet service over the longest North/South route of Canada, a total distance of 2440 miles.

## NORDAIR 1947-1972

De ses modestes débuts il y a vingt-cinq ans, Nordair a progressé au point de devenir un des plus importants Transporteurs Aériens Régionaux du Canada, desservant des régions des plus actives au Sud et des plus prometteuses au Nord. En ajoutant Windsor à son réseau qui va jusqu'à Resolute Bay situé à 534 milles au Nord du cercle polaire, Nordair opère un service régulier par jet sur la plus longue route Nord/Sud du Canada, soit une distance totale de 2440 milles.
