TIME AIR

Time Air

The month of May marks a significant milestone for Time Air as we celebrate 20 years of achievement in the aviation industry.

As Western Canada's commuter airline, we credit our success to the continued patronage of You, our customer, and to the hard working efforts of our skilled and loyal staff.

Recognized as a primary regional carrier in Canada, Time Air has advanced from flying one eight-passenger Beech 18 aircraft, to maintaining our present fleet of three 54-seat deHavilland Dash 7s, five 52-seat Convairs and two new Shorts SD-360s. Employee growth has increased from three staff on the initial payroll in 1966, to a dynamic staff contingent of about 375 employees. Performance data depicting passenger utilization also shows a steady progression, from 6,360 passengers onboard in 1966, to more than 550,000 passengers projected in 1986.

The pursuit of expansion has remained a conscientious endeavour for our airline. Initially offering scheduled flight service between Lethbridge and Calgary only, Time Air now links the business and tourist industries of 25 Western Canadian communities. Expansion to the east began in 1984 when Time Air acquired the Calgary-based Southern Frontier Airlines and subsequently commenced service in 1985 to Lloydminster and Cold Lake. Approval to service the interior of British Columbia was received in the summer of '85, as well. Following quickly on that expansion was the launching of our successful west coast service - The Connector - offering scheduled flights from Vancouver to Victoria, Comox and Campbell River, B.C.

On this, Time Air's 20th Birthday, we welcome You aboard!
