Sehr geehrte Passagiere

Die Air Engiadina feiert eine weitere Premiere: Erstmals finden Sie in unserem Winterflugplan 1998 / 99 auch sämtliche Verbindungen der KLM ab Bern. Wir freuen uns, dass wir mit diesem Gemeinschaftsprodukt die partnerschaftliche Zusammenarbeit mit der KLM-Gruppe weiter vertiefen können. Kombination der Stärken bei gleichzeitiger Wahrung der unternehmerischen Identität und Individualität: Dieses Motto unserer Kooperation mit einer der grössten Airlines der Welt soll in erster Linie Ihnen grösstmögliche Vorteile bringen. Ein erstes konkretes Angebot: Ab sofort können Sie als Air Engiadina Passagier jetzt auch dem Flying Dutchman Vielfliegerprogramm der KLM beitreten und von den zahlreichen Vorzugsleistungen profitieren (weitere Informationen finden Sie auf Seite 5). Für das Winterhalbjahr haben wir auf der Strecke Bern–London eine dritte Rotation eingeführt. Aus Kapazitätsgründen wird die Verbindung zwischen Bern und Wien erst im Sommerflugplan 1999 wieder aufgenommen.

Wir danken Ihnen für Ihr Vertrauen und freuen uns Sie bald an Bord eines Air Engiadina Fluges begrüssen zu dürfen.

Chers passagers

Air Engiadina annonce une nouvelle première: le nouvel horaire d'hiver 1998 / 99 contient également toutes les liaisons de KLM au départ de Berne. Nous sommes heureux que ce produit commun nous permette d'approfondir encore la coopération partenariale avec le groupe KLM. Combiner les points forts tout en préservant l'identité et l'individualité de l'entreprise. Cette devise qui préside à notre coopération avec une des plus grandes compagnies aériennes du monde vise à vous offrir un maximum d'avantages. Une première offre concrète: Dorénavant, votre qualité de passager Air Engiadina vous donne le droit de devenir membre du programme de fidélisation de la KLM Flying Dutchman et de bénéficier ainsi des nombreuses prestations préférentielles (des informations détaillées figurent en page 5). Pour le semestre d'hiver, nous avons introduit une troisième rotation sur la ligne Berne – Londres. Pour des raisons de capacité, la liaison entre Berne et Vienne ne sera à nouveau desservie qu'à partir de l'horaire d'été 1999.

Nous vous remercions de votre confiance et nous réjouissons de vous accueillir bientôt à bord d'un de nos vols Air Engiadina.

Dear Passenger

Air Engiadina is celebrating another premiere! For the first time this timetable lists all connecting times from Berne for KLM Royal Dutch Airlines flights departing from Amsterdam. This innovation marks a further step in the increasingly close cooperation between our company and one of the world's leading airlines. This combining of respective strengths – while retaining separate entrepreneurial identities – means a number of benefits for you, the passenger. With immediate effect, for example, Air Engiadina passengers can join KLM's «Flying Dutchman» frequent flyer program and benefit from a wide range of special offers (see page 5). Also new this winter – a third (lunchtime) flight from Berne to London City every Monday, Thursday and Friday. For reasons of capacity, the Berne–Vienna service will be re-introduced next summer.

We thank you for your interest – and we look forward to welcoming you aboard in the near future.

Dear Customer,

As an additional service for you this local time table has been developed by KLM in Switzerland in cooperation with Air Engadina. In a very easy way our best connections from your gateway are presented to you. If you wish to have the same local timetable for other gateways in Switzerland, please call KLM in Zurich. We like to point out that only the World time table shows all KLM flights.

Our intention is to show you the best connections worldwide via one of the favourite airports in the world: Amsterdam Airport Schiphol. Together with our partners we offer a worldwide network with in many cases the most convenient connection to your final destination.

In Switzerland our partner Air Engadina offers the same worldwide network from Bern and Lugano via Amsterdam Schiphol Airport. In addition to that Air Engadina together with Alitalia are the new members of our frequent flyer program "Flying Dutchman".

In Europe there are many other developments: KLM uk, KLM exel and KLM cityhopper do operate under the same regional brand with a consistent onboard product and service. And, of course, they connect you directly from Amsterdam to more destinations than any other airline in for example the United Kingdom. Eurowings and Braathens will provide you with unique connections to Scandinavia and Germany.

More convenient connections you will not find!

I hope to welcome you on board soon!
