General Information

1) Conditions of Carriage
Journeys by air are subject to the general conditions of carriage of passengers and baggage, which are at your disposal in any OA office, and are also printed on the ticket.

2) Formalities
Passengers must comply with the police, health and customs formalities of the countries of departure, destination and transit.

3) Passports, Visas and Health Certificates
On most international journeys it is necessary for you to have a valid passport containing endorsements, visas and permits for the countries you visit. Also, to comply with regulations in these countries, you may need valid health certificate indicating that you have been inoculated against certain diseases within a stipulated period before arrival. We will be glad to advise you fully of the requirements for your trip, and assist in completing these formalities. These documents should be kept available so that they can be readily produced when required.

4) Currency
Most Governments restrict the amount of currency which may be taken into or out of their countries. The carriage of notes or coinage is particularly restricted. You are, therefore, recommended to carry your main funds in the form of travellers cheques or letters of credit.

5) Latest Check-in Time
Passengers are advised to present themselves at the airport check-in desk well ahead of the latest check-in time. Beyond this time, passengers cannot be embarked on the imminent planned flight. Please see details in the last pages, where, under the headline "Addresses of OA offices and GSAs", information about each city and airport is given.

6) Seat Assignment
Seating requests may be made for OA international flights. Requests should not specify a particular seat number (except for First class passengers who may request for a special seat), but may only contain a general indication where the passenger wants to be seated, e.g., aisle seat, window seat, rear of cabin, smoking or non-smoking areas, etc. All requests will be passed to the nearest OA office.

7) Smoking/Non-smoking Passengers
It is OA's policy to provide a service for passengers who desire to smoke in-flight, and a separate space for those not wishing to smoke. At check-in passengers should state whether they prefer to be seated in a smoking or non-smoking section.

8) Validity of Tickets
The validity of tickets is limited, and is shown on the flight coupons.

9) Taxes
Certain countries will levy taxes on the purchase of tickets, which are not included in the air fares. Likewise, airport service charges, which are due at many departure points must be borne by the passenger separately, unless they are included in the applicable air fares.

10) Baby Care
Cots for infants and baby food are available on every OA aircraft, as well as puzzles and games for children's amusement. However, passengers should request such items at the time of booking, since normally, only limited quantities are stored onboard.

11) Children
One infant under two (2) years of age accompanied by an adult, and not occupying a separate seat, is carried at 10% of the adult fare. More than one infant under two (2) years of age, and children of two (2) years but under twelve (12) years of age, are usually carried at half the adult fare. For unaccompanied children special arrangements have to be made at the time of booking.

12) Animals
The carriage of live animals as freight, or pets carried by passengers in the cabin of any OA flight, must meet the requirements and restrictions of the company. The carriage of live animals to/via the United Kingdom is not allowed as freight or as baggage.

13) Free Allowance of Baggage
The free baggage allowance which applies to each adult, or child paying half the adult fare, is as follows:
A) General regulations (not applicable to travel to/from U.S.A. & Canada).
a) International Services: First class 40 kgs (88lbs). Olympian and Business class 30 kgs (66lbs). Economy class (outgoing Greece) 20 kgs (44lbs).
b) Domestic Services: Economy class 15 kgs (33lbs).
c) Each kilogram of excess baggage will be charged at the rate of 1% of the one way normal direct adult First class through fare (outgoing Greece). For domestic sectors special rate applies for excess baggage.
B) Regulations for travel from/to U.S.A.
Olympian and Economy class passengers are entitled to two (2) pieces of checked baggage, the dimensions of which, when added together, do not exceed 62 inches (158 cm) for each piece, provided also that maximum weight per piece is 77 lbs (35 kgs).
C) Regulations for travel to/from Canada:
Same as U.S.A. regulations apply to Olympian class passengers, except that the weight per piece should not exceed 70 lbs (32 kgs).

Nevertheless, for Economy class passengers, the dimensions of both pieces of baggage should not exceed 107 inches (273 cm) in total, provided that the outside dimensions of any one of the two, does not exceed 62 inches (158 cm).
In addition, all passengers travelling to/from USA and/or Canada, are allowed one or more pieces of cabin baggage the dimensions of which, when added together, do not exceed 45 inches (115 cm).
For excess baggage a special rate will apply.
Infants paying 10% are allowed one piece not exceeding 45 inches (115 cm), plus one checked fully collapsible infant's stroller or pushchair.

14) In-flight Entertainment
On all OA's transatlantic flights, passengers may view a full-length feature film, or choose a musical program of their particular preference from 8 separate audio channels. Headsets (earphones) are provided free of charge for use onboard.

15) Meals and Drinks
On O.A. scheduled flights all meals, drinks and beverages, except champagne, are served free of charge. (Champagne is served free of charge to passengers on First, Olympian and Business class).

16) Dietary Requirements
If you should have special dietary requirements, please make this known at the time of booking so that the necessary arrangements may be made for your meals.

17) Sick or Handicapped Passengers
If you have any illness or physical disability, you should first consult your physician about your plans to fly. In any case, please advise us of your condition when you book your flight.

18) Security
Civil Aviation Authorities security regulations require that all carry-on baggage/articles be inspected. All passengers will be processed through metal detecting devices.

19) Schedules
All schedules and other information are subject to change without notice and to government approval. Therefore, please check these data when you make your reservation. No responsibility can be assumed for any delay or cancellation of a flight, nor for missed connections.

20) Reservations
Reservations must be made in advance through an approved travel agent, or OA office. Alterations of dates or cancellations must also be made through these offices.

21) Reconfirmation
If you break your journey for more than 72 hours at any point on the route, (not applicable to journeys effected wholly within Europe), you must RECONFIRM your reservations for the continuation of your journey or for your return journey. Notify the local OA office at least 72 hours before the departure of your flight. Failure to reconfirm may result in the CANCELLATION of your reservations.

22) Athens West Airport
OA believes in offering good service both in the air and on the ground. For this reason OA has its own Air Terminal at Athens West Airport of Hellinikon for arriving and departing passengers on International and Domestic routes. All other airlines use the Athens East Airport.

Restricted Articles

For safety reasons, passenger baggage may not contain articles or materials which are dangerous, or which are transported ONLY subject to special conditions, unless their transport as separate registered baggage items has been agreed upon with Olympic Airways in accordance with the safety regulations. These regulations apply principally to:
— compressed gases (flammable, non - flammable and poisonous, such as camping gas),
— corrosive materials (such as acids, alkalis and wet cell batteries),
— etiologic agents (infectious substances which cause, or may cause, human disease),
— explosives, munitions, fireworks and flares,
— flammable liquids and solids (such as lighter or heating fuels, matches, and articles which are easily ignited),
— irritative materials,
— magnetized materials,
— oxidizing materials (such as bleaching powders and peroxides),
— poisons,
— radioactive materials,
— other restricted articles (such as mercury or noxious materials) as listed in the IATA Restricted Articles Regulations:
Such articles must be packed, marked, labelled and documented in accordance with the IATA Restricted Articles Regulations. For further information, please apply to the nearest Olympic Airways office.
The above regulations do not apply to medicines and medical devices, toiletries, smoking utensils (except gasoline cigarette lighters), alcoholic drinks, dry ice, provided these are carried in small quantities for personal use.
It is forbidden to use transistor radios and other electronic appliances during flight, with the exception of hearing aids, cardiac pacemakers, electronic clocks, watches and calculators.
Also the folowing items should not be included in the baggage to be checked but should be carried with you at all times: medicine, jewellery, money, negotiable papers, securities, documents, other valuables and fragile items.

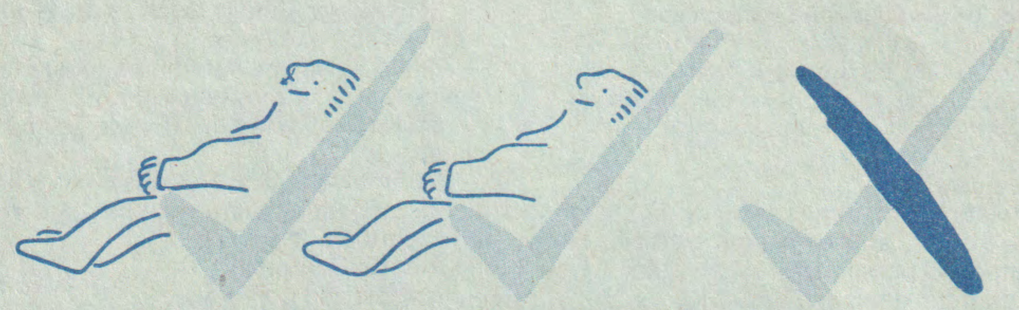

Arms and Ammunition

Sporting and hunting weapons can be accepted ONLY as registered baggage for transport in the cargo hold. Ammunition for such weapons (excluding explosive or incendiary projectiles) is acceptable as checked baggage ONLY (or as cargo). The passenger must make a written statement confirming that the ammunition is suitably packed— i.e., in a strong outside container of wood, metal or fiberboard, protected against shock and secured against movement.

Credit Cards

In Greece Olympic Airways honours, for ticketing purposes, the following Credit Cards, which with the exception of U.A.T.P., are subject to varying floor limits. Further information is available upon request:

U.A.T.P. (Worldwide)
AMERICAN EXPRESS
DINERS CLUB - CARTE BLANCHE
EMPOROKARTA - VISA
ETHNOKARTA - MASTER CHARGE - ACCESS
EUROCARD

Yes or No-Show?

Flight reservations are binding.

Your seat is still reserved even when you do not appear for your flight. Other passengers who would like to travel on your flight are put on the waiting list.

So, if you have to change your travel plans, please call us and let us know so we can offer your seat to someone else.

It would be much appreciated.

Should you not make use of a confirmed booking all further reservations will be automatically cancelled.

Thank you.

Olympic Aviation – Air Taxi
for Light Aircraft and Helicopters

Face the problems of modern life – speed and time limits – by hiring an air taxi. Choose your own schedule. Pick your own route. Get away from your busy life for just a few hours. Discover a splendid uncrowded beach on one of the magnificent Greek islands. Save hours of travelling time and enjoy the sun. And then return whenever you wish. No timetable. It's less expensive than you think, and is easy and convenient.
An OLYMPIC AVIATION AIR TAXI is always available to fly you anywhere you wish.

HELICOPTERS (ECUREUIL AS 350B)

Their compactness and power enable them to go almost anywhere and do almost anything. Their size and remarkable manoeuvrability allows them to perform with surprising economy and speed. You can use them to discover your own place in the sun on some remote Aegean island or to get new camera angles on the ancient sites of Greece. As an AIR TAXI to get from A to B in the fastest possible time. To carry crew and material to off-shore drilling ships. Or for topographical, geological, or archaeological survey work, carrying scientists and their equipment. Ferrying cargo and men to construction sites. Search or rescue work on land or at sea. The helicopters can also be used to transport the sick or injured, especially from inaccessible places to centrally located hospitals.

DORNIER - 228

Seven DO228-201 Alc are at your disposal to carry you around Greece and take you to those places where no other Alc of their size can land. You may now hire the 19-seater short haul Dornier and enjoy a fast quiet and confortable trip both in Greece and abroad.

SHORTS 330

This is the first 30-seat airliner in the world to incorporate the advantages of wide-bodied cabin lay-out, and brings a completely new dimension to short-haul air travel, with a range of big jet comfort features designed to give you a relaxed and pleasant journey.
Among the amenities which make the 330 unique in its class, are walk about head-room, full air-conditioning, wide-view windows, high comfort seating, ample aisle space, toilet facilities, overhead lockers, a beverage galley and a stewardess to tend to your in-flight needs. Providing a hushed background to all this are the aircraft's smooth-running PT6 free-turbine engines, driving special five-bladed propellers, which make the 330 one of the quietest commercial aircraft currently in service.
With the Shorts 330 Commuterliner, Olympic Aviation brings you the best in modern short-haul travel – continuing the tradition of customer service which has made us one of Europe's fastest growing and most popular airlines.

OLYMPIC'S GREEK CONNECTIONS

A WISE CHOICE

There's a Greek word that explains all you need to know about travel in Greece: Olympic.

Olympic flies more people to Greece than any other airline.

And only Olympic can fly you beyond Athens to over two dozen Greek towns and sunny isles.

We have our own private terminal in Athens where you breeze from our international flight to our domestic network in minutes. Arrival on any other airline means a long taxi ride for you and your luggage.

For reservations, we urge you to call your nearest Olympic office — which can also arrange for your complete vacation through our affiliate, Olympic Air Tours.

Olympic. A wise choice for a choice trip in Greece.

Domestic Network

1) Free Baggage Allowance

On all OA domestic flights the free baggage allowance is 15 kgs. When the domestic flight forms part of an international journey, the passenger will be entitled to the international free baggage allowance conditions on the domestic flight(s).

2) Student Discounts

A 25% discount is granted to all students travelling on the OA domestic network if the flight(s) in question form part of an international journey.

3) Cancellation / No-show Charges

a) If a passenger cancels the reservation mentioned on the ticket in less than 24 hours, and up to 8 hours prior to departure, a cancellation charge of 30% of the trip fare will be imposed. If the cancellation occurs within 8 hours before flight departure, or the passenger does not show up to travel, the cancellation charge is 50% of the trip fare. Any cancellation or change in the booking or date must be endorsed and signed on the ticket by an authorized staff of OA only, in order to be valid (this includes changes effected by telephone).

b) These rules are applicable to passengers holding OA domestic tickets, as well as OA and other airlines' international tickets issued abroad solely for OA domestic flights (not in conjunction with tickets for international scheduled flights).

c) OA passengers who hold confirmed tickets on our domestic network, but are or were not able to travel for reasons for which OA is responsible are not subject to cancellation/no-show charge.

4) Validity of Tickets

Domestic tickets are valid for one year from date of issue. If within this period fares are increased, the balance must be collected from the passenger.

When a domestic fare is combined with an international fare, the validity of the entire journey is governed by the validity of the international fare used.
