START RELAXING WHEN YOU BOARD

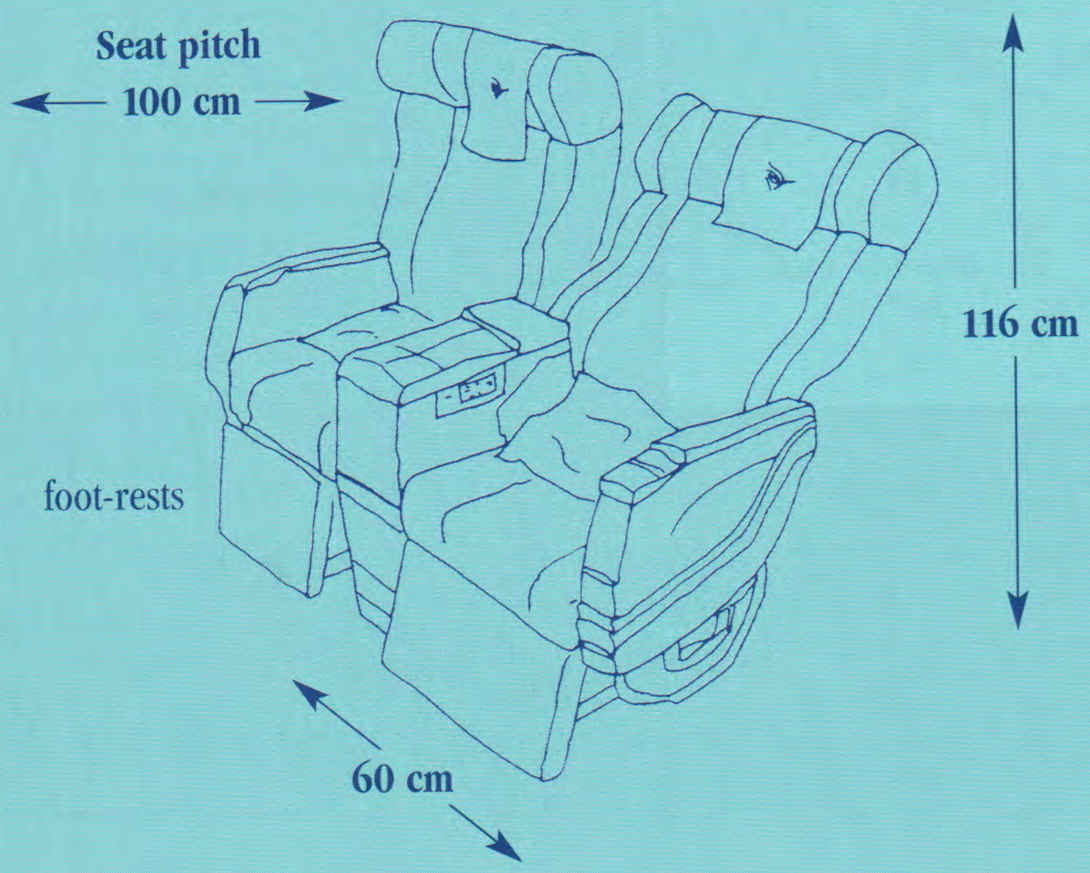

The pleasures of Indonesia begin at the check-in. Separate desks for Executive and Premium Economy Class guarantee stress-free boarding and put you in the mood for a carefree stay.

Premium Economy Class is top class

You can enjoy our Premium Economy Class service on flights to and from Europe on board our Boeing 747-400 aircraft. This class offers some special touches: While you relax in the comfortable business-class seats, let the exquisite dishes and fine wines excite your palate. After your meal, you can really stretch out for the long haul – one full meter between the comfortable seats lets you snooze without straining your back. Or, you can stay wide-awake and enjoy our video programm. Every seat has its own TV monitor.

That is what you will enjoy on Premium Economy Class

- 64 Business-Class seats, 24 of those in a separate smoker's section
- seat pitch: 100 cm
- seat breadth: 60 cm
- angle adjustment to: 135°
- angled footrests
- monitor in arms of seats
- separate check-in
- baggage allowance: 30 kg
- travel necessities

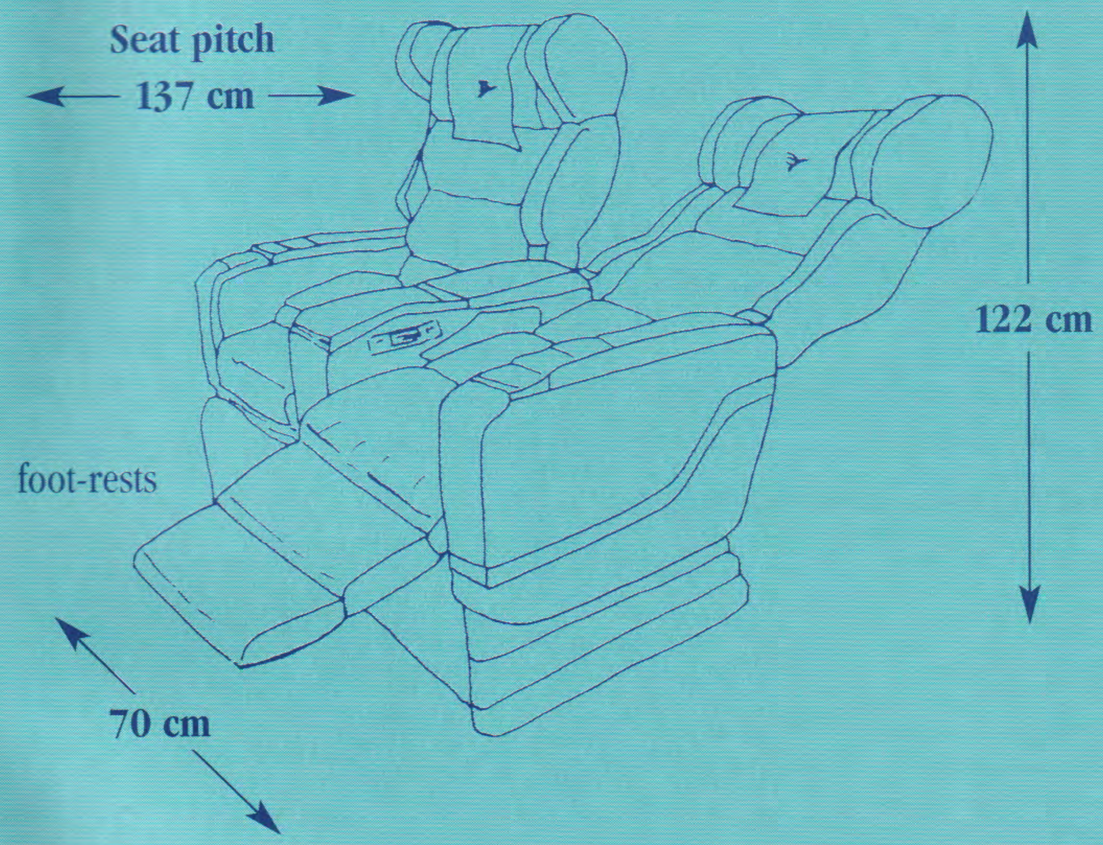

Executive Class means first-class space

The Executive Class offers even more individual roominess than the Premium Economy Class on European flights. The 16 seats are so comfortable, you could just about sleep all through the flight. But on the other hand, you'd miss a lot: whether it's the excellent cuisine, well-chosen wines, champagne or the in-flight entertainment program. Time flies when you're flying this way. By the way, the comforts of the Executive Class begin long before you take off – in the special lounge reserved for you.

Here you see the benefits of the Executive Class

- 16 First-Class leather sleeper seats
- seat pitch: 137 cm
- seat breadth: 70 cm
- angle adjustment to: 170°
- monitor in arms of seats
- separate check-in
- baggage allowance: 30 kg
- travel necessities
- champagne service
