Dunlop in Ireland

The first practicable pneumatic tyre was made in Ireland by J. B. Dunlop. To-day, Dunlop Tyres are still made in Ireland, in a fine modern factory at Cork. Here also a score of other famous Dunlop products are produced—rubber boots and footwear, golf balls, tennis balls, and

Dunlopillo latex foam cushioning, to mention a few—to serve the needs of the Irish people in work and play.

SPECIAL MID-WEEK RETURN FARE £4 0s. 0d.

Rome-Holy Year, 1950

A special Return Fare of £54 from Dublin or Shannon to Rome, valid for 30 days, will apply during the Holy Year. Passengers may travel via London, Paris or Amsterdam and may break their journey at any scheduled stopping place en route provided that the stopover is specified at the time of booking.

Student Fares

Special return fares are now available for students who have reached their twelfth but not their twenty-second birthday (Details on Page 1). Application for these special fares should be made by a student's parent or guardian and must be supported by a certificate from the appropriate educational authority, giving age, status and reason for journey.

Group Travel

A reduction of 10% per ticket will be granted on oneway or round-trip fares for parties of 10 or more adults travelling as a bona fide group. To obtain this facility it will be necessary to apply in writing at least 7 days before date of outward travel.

Tour Conductors

One free ticket for every 10 fully paid adult tickets or one ticket at 50% discount for every 5 fully paid adult tickets will be given to Tour Conductors or organisers. These facilities are granted for round-trip travel only, and do not apply to parties availing of Group Travel Discount or Students' Special Fares.

'Early Bird' Credit Vouchers

Passengers checking in for certain flights scheduled to leave Dublin Airport before 8.30 a.m. will receive credit vouchers. These vouchers, value 10/- on the London route and 7/6 on Liverpool, Manchester and Glasgow routes, may be used at any time as partial payment of a ticket for a subsequent journey on any Aer Lingus route except those to Paris and Amsterdam.

Freight By Air

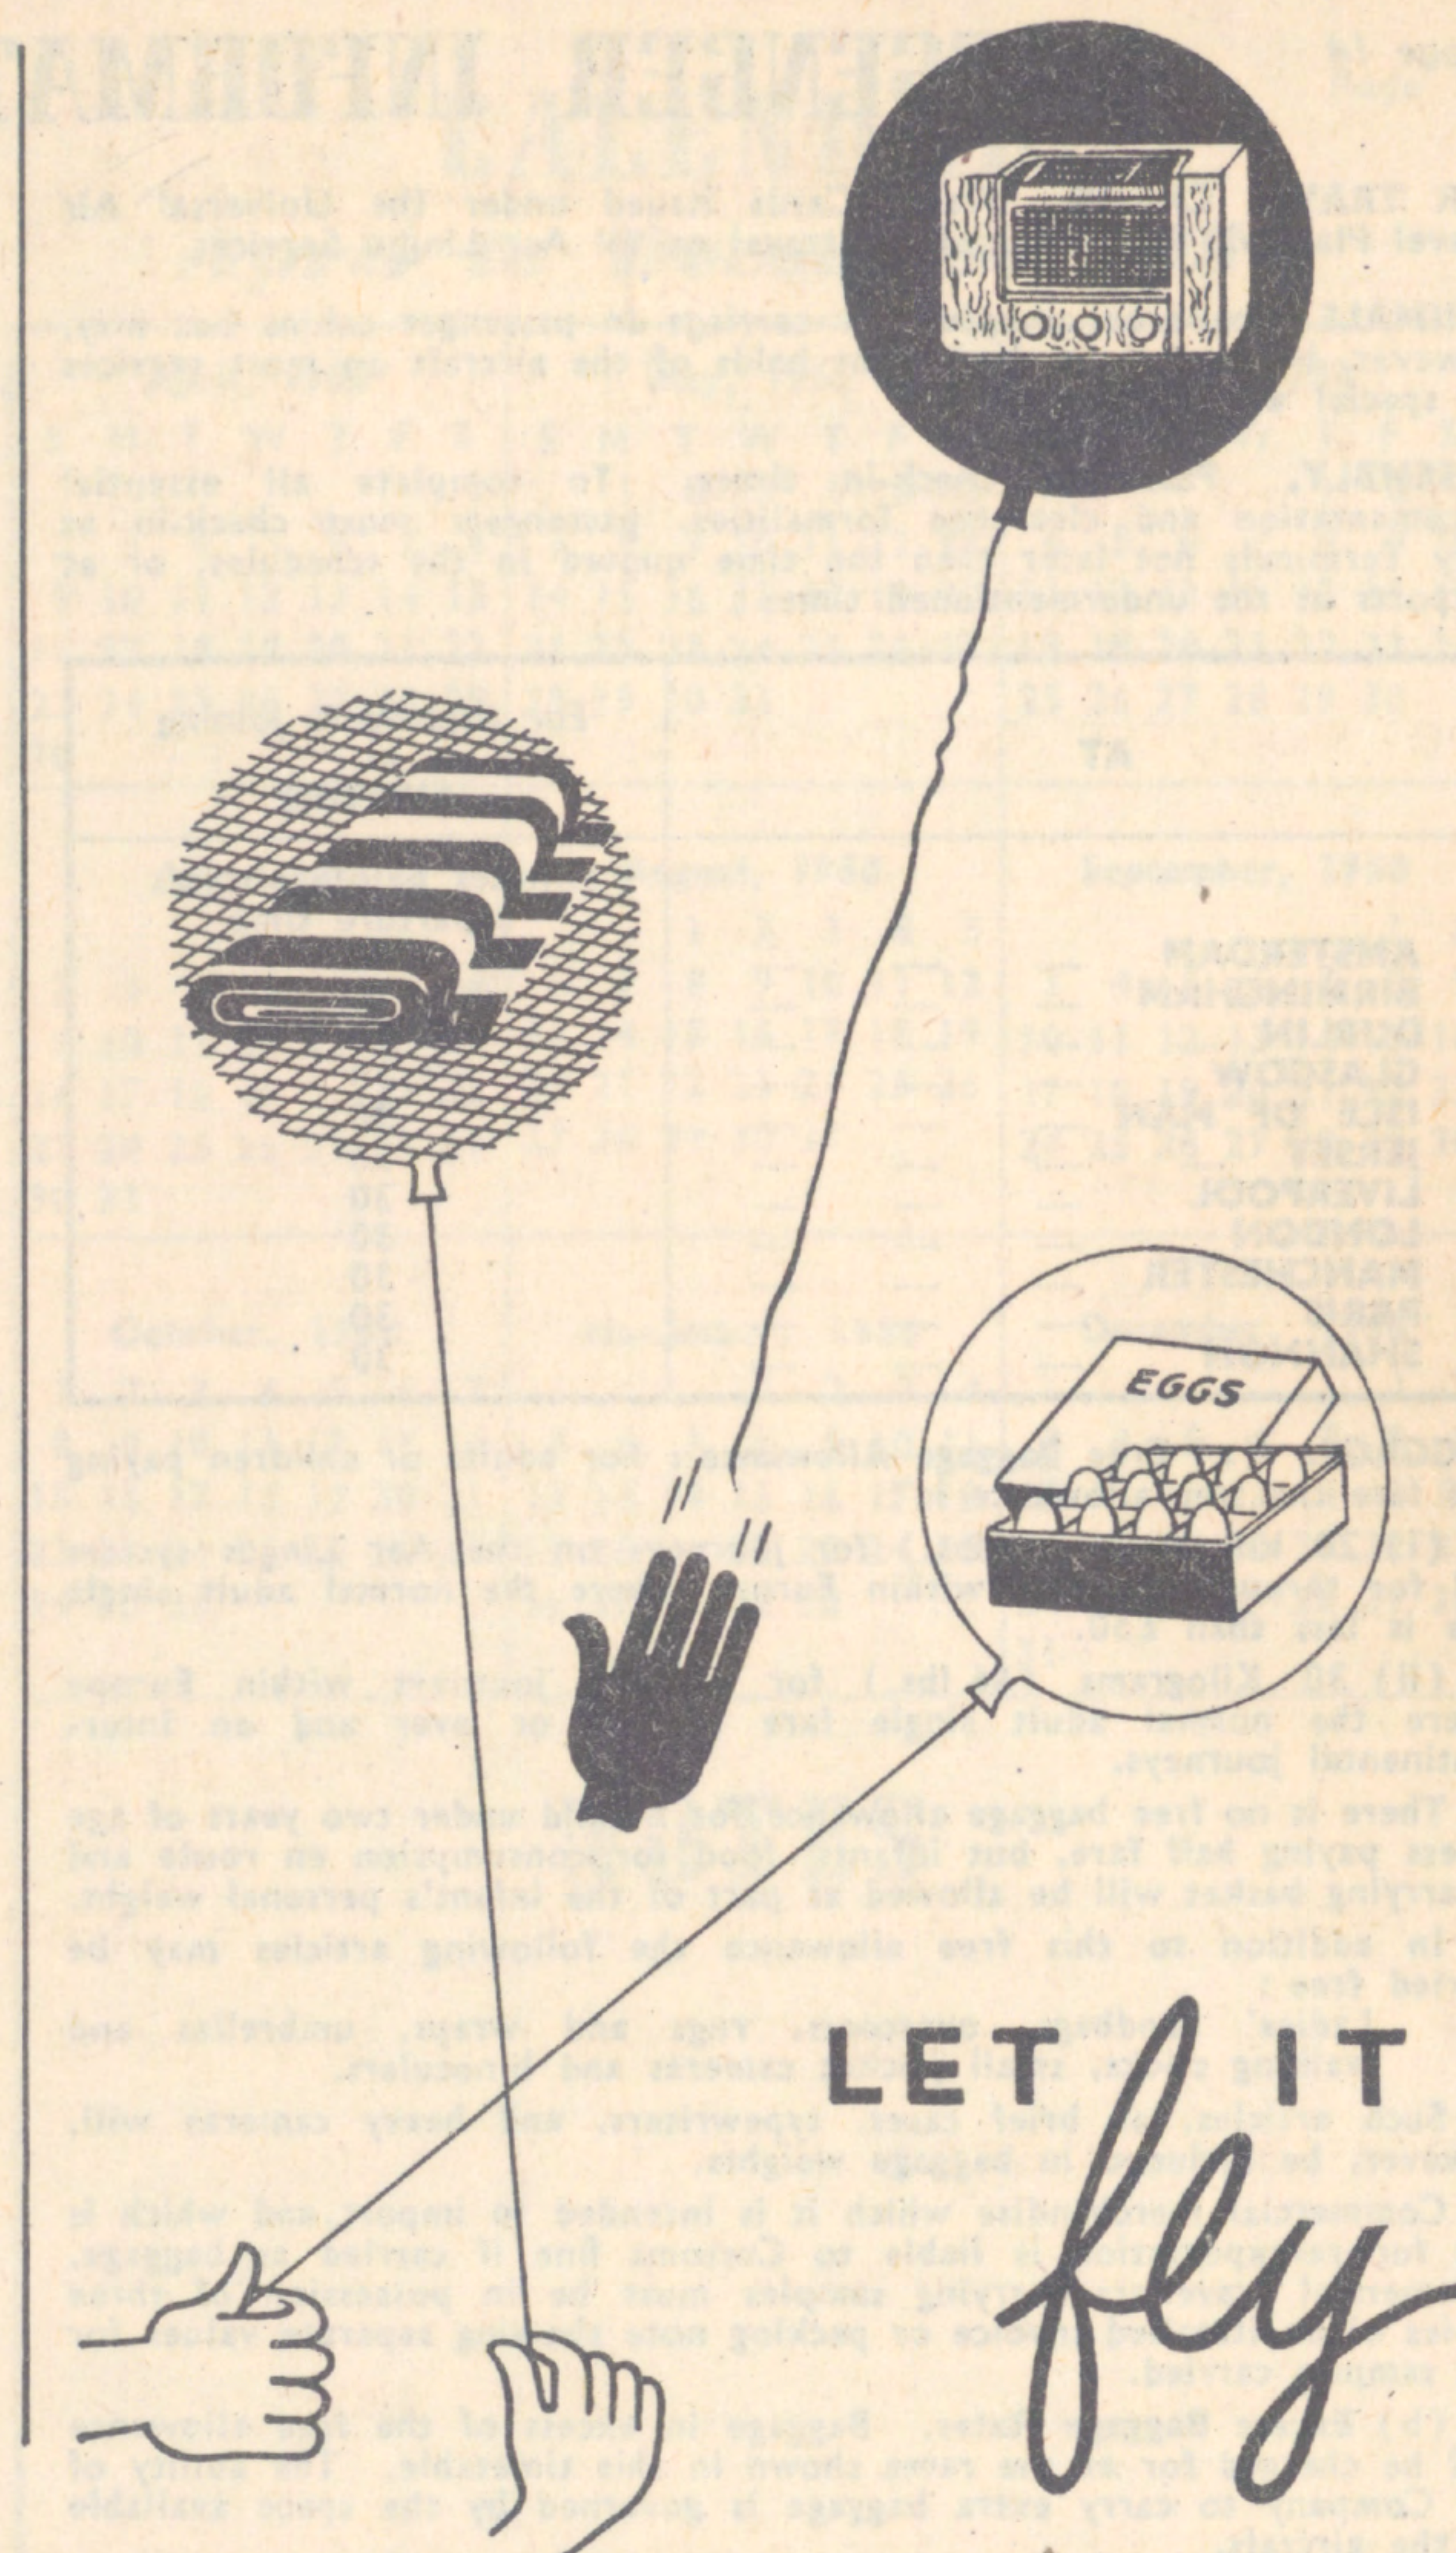

. . . . Time is all-important in these highly competitive days—every minute saved in the transport of your goods is vital.

. . . . As well as speed in transport, there is the added advantage of rapid Customs clearance, low insurance premium and a minimum of packing, while the pilferage rate is nil. There is little handling, and the chances of breakages are consequently greatly reduced. The charges are moderate.

. . . . Aer Lingus despatches daily, on its own services and on those of member carriers of The International Air Transport Association, consignments of goods such as drugs, Pharmaceutical products, apparel, gold and silverware, commercial documents, machinery parts, films, works of art, fragile articles, livestock, bullion, precious metals, fruit, flowers, newspapers, press photographs, and perishable articles of all kinds.

. . . . Ask for a copy of our booklet issued for your guidance. Further details may be obtained from any of our offices or from your Air Freight Agents.

Air Freight travels fast and safely

PASSENGER INFORMATION AND REGULATIONS

AIR TRAVEL CARDS. Travel Cards issued under the Universal Air Travel Plan will be honoured for travel on all Aer Lingus Services.

ANIMALS cannot be accepted for carriage in passenger cabins but may, however, be carried in the freight holds of the aircraft on most services by special arrangement.

ASSEMBLY. Passenger check-in times. To complete all essential documentation and clearance formalities, passengers must check-in at City Terminals not later than the time quoted in the schedules, or at Airports at the undermentioned times:

BAGGAGE. (a) Free Baggage Allowance: For adults or children paying half fare the free allowance is:

(i) 20 kilograms (44 lbs.) for journeys on the Aer Lingus system and for through journeys within Europe where the normal adult single fare is less than £50.

(ii) 30 Kilograms (66 lbs.) for through journeys within Europe where the normal adult single fare is £50 or over and on inter-continental journeys.

There is no free baggage allowance for a child under two years of age unless paying half fare, but infants' food for consumption en route and a carrying basket will be allowed as part of the infant's personal weight.

In addition to this free allowance the following articles may be carried free:

Ladies' handbags, overcoats, rugs and wraps, umbrellas and walking sticks, small pocket cameras and binoculars.

Such articles, as brief cases, typewriters, and heavy cameras will, however, be included in baggage weights.

Commercial merchandise which it is intended to import, and which is not for re-exportation, is liable to Customs fine if carried as baggage. Commercial travellers carrying samples must be in possession of three copies of an itemised invoice or packing note showing separate values for the samples carried.

(b) Excess Baggage Rates. Baggage in excess of the free allowance will be charged for at the rates shown in this timetable. The ability of the Company to carry extra baggage is governed by the space available on the aircraft.

BREAK OF JOURNEY. A journey may be broken at most intermediate stops without charge, providing the passenger states his/her wishes at the time of booking, and purchases a through ticket for the entire journey. The passenger is responsible for reserving accommodation for the succeeding stages.

CAMERAS. The use of cameras in aircraft is subject to restrictions in most countries, and passengers should pack them in their registered baggage which is not accessible during flight.

CANCELLATIONS AND REFUNDS. The following regulations apply on Aer Lingus services:

(i) If notice of cancellation is received not later than 48 hours before flight departure, the fare, less the cost of any telephone or cable charges incurred, will be refunded. If a reservation is cancelled less than 48 hours before flight departure, no refund will be allowed unless the accommodation is re-sold, or the airliner is not fully booked, in which event the fare will be refunded less a fee of 5s. plus any expenses incurred.

(ii) In cases where passengers fail to comply with passport, currency, health and other regulations, and are thereby prevented from travelling, a refund of the fare may be refused.

(iii) Aer Lingus reserves the right to cancel any flight whenever such action is considered advisable. In the event of a flight being cancelled or interrupted, refund of the fare or unused portion thereof, will be made in accordance with the Company's Conditions of Carriage.

(iv) Passengers who fail to join a service on which a definite booking has been made are not entitled to any refund.

(v) The Company does not undertake to make any return to passengers in respect of lost tickets, or of any fares charged in consequence of passengers' failure to produce tickets when required.

(vi) Applications for refund should be made to the issuing agent, or to any booking office of the Company, not later than 30 days after the expiry date of the ticket.

CHILDREN. One child under the age of two years accompanied by a full fare-paying passenger will be charged 10 per cent. of the full fare.

Any additional child under two years of age, accompanied by a full fare-paying passenger, will be charged half the full fare.

Children two years of age and under twelve will be charged half the full fare.

CONDITIONS OF CARRIAGE are available for inspection at all Booking Offices of Aer Lingus. Carriage of passengers and cargo is performed in accordance with these Conditions of Carriage.

CURRENCY RESTRICTIONS. Passengers are strongly recommended to keep themselves informed of the latest regulations concerning this subject by consulting their Bankers well in advance of the date of travel.

FARES AND RATES. All fares and rates are subject to alteration without notice. Fares include transportation between Airport and Town Terminal except where otherwise indicated. Surface transport in Ireland is not complimentary, and hence is not included in the price of the air tickets which are issued for travel to or from Dublin and Shannon Airports only.

FREIGHT. Freight will be accepted on Aer Lingus services at the rates shown in this timetable. For large and regular consignments special rates will be quoted on request.

GARAGE FACILITIES. Storage for passengers' cars is provided by the Dublin Airport Management at fixed charges.

GRATUITIES. Aer Lingus staff neither expect, nor are they permitted to accept gratuities.

INSURANCE. Personal accident, baggage and freight insurance may be effected if required. Particulars are available from Aer Lingus Traffic Offices on request.

INTERCHANGEABILITY. Air tickets may be exchanged for rail and/or steamer tickets (or vice versa) between certain stations in England and Ireland. Details obtainable from travel agents or Company's Booking Offices.

PASSPORTS, VISAS, CERTIFICATES OF HEALTH. Passengers must be in possession of all documents required by the laws of the countries from, into, or over which they intend to fly. They are advised to verify the validity of these documents, as Aer Lingus cannot accept any responsibility for the consequences of non-compliance with the regulations.

Travel documents must be carried by the passengers and not packed in their baggage.

RESERVATIONS. Bookings should be made in advance at any of the Company's Traffic Offices or through a Travel Agency. Reservations will not be regarded as definite until the full fare is paid. There are no booking fees, but the cost of any special telephone or telegram service will be borne by the passenger.

RETURN TICKETS. To secure the reduction for return tickets, the return fare must be paid when buying the ticket for the outward journey. If a passenger is unable to use the return half of the ticket, the difference between the single and return fare will be refunded, providing the regulations regarding cancellation have been observed. A return ticket does not give the holder any preferential claim to accommodation. Return ticket holders must reserve their accommodation in the same way as passengers making a single journey. Return reservations effected at the place of departure should be checked on arrival at destination.

SCHEDULES. Departures, arrivals, or connections at the times stated in the timetable are not guaranteed, and are subject to change without notice to the public. These times do not constitute in any way a part of the contract of carriage.

VALIDITY OF TICKETS. All single tickets are valid for 12 months from date of commencement of flight, or if no portion of the ticket is used, for 12 months from date of issue. Normal return, circle trip and open-jaw tickets are valid for 6 months from date of commencement of the outward journey.

This regulation does not apply to the Special Return Fares.
