Conditions of Carriage and Regulations
Carriage of Passengers, Baggage and Cargo on Aer Lingus services is performed in accordance with Aer Lingus General Conditions of Carriage and Regulations which are available for inspection at all Aer Lingus terminals and booking offices.

Reservations
Airlines make every effort to provide seats for which reservations have been made. Nevertheless no absolute guarantee is denoted by the expression ''reservations'', "bookings", "OK", "confirmed" and the timings attached to them. Aer Lingus operates a compensation scheme in respect of passengers holding reservations who cannot be carried by reason of overbookings. Details are available at Aer Lingus check-in points. Seats should be booked as far in advance as possible and seats for onward and return travel should be booked at the same time. When it is necessary to cancel reservations as much notice as possible should be given so that seats can be made available to other passengers.

Aircraft Type
Aer lingus transatlantic services shown in this timetable are operated by boeing 747 jet aircraft. "Shorts" turboprop aircraft are used on Aer Lingus Commuter routes, including some services between Dublin and Cork. On other routes within Europe, service is provided by Boeing 737 or BAC One-Eleven jet aircraft.

Check-in Times
Latest check-in times at airport check-in counters are shown on pages 40 and 41. These must be carefully observed and passengers checking in late will not be accepted for travel.

Government Requirements for Foreign Travel
Passengers are personally responsible for compliance with all passport, visa, health, currency, immigration or other Government regulations. Travel documents are required during your journey and should not therefore be packed in baggage.

Punctuality
While every effort is made to ensure that flights are operated at the exact times shown in the timetable, Aer Lingus cannot accept responsibility for the consequences of delay to or cancellation of any flight.

Inflight Services
In addition to our inflight catering, there is a duty free bar service available on most international flights. Liquor, cigarettes, perfume and gift items may be purchased at bargain prices on many routes.

Insurance
Arrangements for personal accident and baggage insurance can be made by Aer Lingus if required.

Credit Cards
Most credit cards will be honoured for travel on Aer Lingus services.

Car Hire Plan
Details of the Aer Lingus Car Hire Plan are available from any Aer Lingus office or from your IATA travel agent.

Baggage
Passengers should ensure that all bags are locked and bear a label showing the passenger's name and address. The free baggage allowance for passengers (except infants) travelling on our services within Europe is 30 kgs (66 lbs) for Executive Class passengers and 20 kgs (44 lbs) for Economy Class passengers. For transatlantic passengers (except infants) the free allowance is as follows: First Class passengers are allowed two pieces of checked baggage neither of which exceeds dimensions of 158 cm (62″). Executive/Economy/Standard Class passengers are allowed two pieces of checked baggage of maximum dimensions 158 cm (62″) for one piece and 140 cm (55″) for the other piece. Infants are allowed one piece of checked baggage of maximum dimensions 115 cm (45″) plus one fully collapsible pushcar (stroller). The weight of any piece of baggage must not exceed 23 kgs (50 lbs). In addition to the free baggage allowance outlined above passengers (except infants) are allowed one piece of cabin baggage not exceeding 10 kgs in weight which must be carried on board by the passenger and stowed under the passenger seats or in the overhead rack where provided.
The dimensions of such baggage should not exceed 43 cm × 36 cm × 23 cm (17″ × 14″ × 9″) except that on transatlantic flights dimensions up to 46 cm × 43 cm × 23 cm (18″ × 17″ × 9″) are allowable in the First Class and Executive Class cabins. Personal items such as a handbag, an overcoat, a small camera etc. may also be carried free of charge.

Baggage in excess of the free allowance may be carried, subject to space being available, on payment of the appropriate excess baggage rates. Crutches and/or braces, or a wheelchair may be carried free of charge, provided that the passenger is dependent upon these items. The wheelchair should be fully collapsible.
The following items should not be included in your checked baggage, but should be carried with you at all times: medicine, jewellery, money, securities, negotiable papers, documents and other valuables.
Special regulations apply to the carriage of animals, weapons, dangerous substances, bulky items such as large musical instruments and items such as cycles, prams, etc. If your baggage comprises such items, please mention this when making your booking. For safety reasons, restricted articles such as those listed below shall not be carried in passenger's baggage except that medicinal and toilet articles in small quantities which are necessary or appropriate for the passenger during the journey, such as hair sprays, perfumes and medicines containing alcohol, may be carried without prior approval: Compressed gases (flammable, non-flammable and poisonous), such as 'camping gas' containers; Corrosives (such as acids, alkalis and wet cell batteries); Explosive material such as fireworks and flares; Flammable liquids and solids (such as lighter or heating fuels, matches and articles which are easily ignited); Oxidising materials (such as bleaching powder and peroxides); Poisons; Radioactive materials; briefcases and attache cases with installed alarm devices; Other restricted articles (such as mercury, magnetised material, offensive or irritating materials).
In no circumstances may firearms (including sporting guns) or ammunition be carried in the passenger cabin.
