Air Malta takes off with the Airbus A320

A new decade.
A new Europe. A
new look for Air
Malta.

A bold new
livery to reflect the
Europe of the
nineties.

And not just a
new look. A brand new aircraft, now that Air
Malta has taken delivery of the world acclaimed
Airbus A320 and inducted it into its fleet.

With seating for 174 and a turn-around
time of one hour, the new A320 will play a major
role in our dedication to developing ties with
Europe.

As well as developing our routes.

Which is exactly how it should be for an
airline that's always seen itself as a major player
in the European Market.

And we've every intention of being an even
bigger player and creating even stronger links
with Europe in the 90's.

But the new look and new Airbus are only a
part of it. Not everything's new. Some things
we'll never change. Our service. And our
welcome. That's a promise!

about our schedules phone your

A WEIGHT OFF YOUR MIND... AND A WAIT OFF YOUR MIND!

With its network of scheduled destinations, Air Malta has always been by far the quickest and most flexible way of moving cargo out of Malta. And now, with a freighter only service to Frankfurt, large consignments can now speed around the world at 500 miles an hour rather than 12 knots or 40 miles per hour.

That should take a substantial weight off your mind. Not to mention a real wait off your mind!

Contact your cargo agent or Air Malta direct today for further details.
