SPECIAL TIMETABLE INFORMATION

JOINT FLIGHT SERVICE AGREEMENTS

In co-operation with other major international carriers, Air New Zealand is able to offer passengers a wider choice of services.

Air New Zealand has carefully and selectively entered into joint service agreements with other recognised leading carriers in order to provide the most efficient and regular coverage of services. Joint service arrangements also offer travellers access to additional destinations and a greater choice of flight times.

A key element of these agreements is that a high standard of inflight service is consistently offered irrespective of which airline actually operates the service.

This high standard of service is also adhered to for all ground services. An Air New Zealand passenger service representative will be in attendance at the departure and arrival points of your flight when you travel on a joint service partner's aircraft.

For example, although you may have booked an Air New Zealand flight from New Zealand to Australia with an Air New Zealand flight number, you may in fact fly on a Qantas operated aircraft. Similarly, should you book a ticket from Auckland to Vancouver, Air New Zealand will be the operating carrier for travel Auckland-Honolulu and Canadian Airlines International the operating carrier for travel Honolulu-Vancouver. However all sectors of the flight Auckland to Vancouver, are allocated Air New Zealand flight numbers.

Your Air New Zealand Travelcentre, Reservations Office or Travel Agent will be able to advise you at the time of booking whether you are booked to travel on an Air New Zealand operated aircraft or that of a joint service partner.

Air New Zealand is proud to offer joint services with Canadian Airlines International, Cathay Pacific, Japan Airlines and Qantas Airlines.

TRAVEL RESTRICTIONS

1. Carriage by Air New Zealand Los Angeles-Honolulu or Honolulu-Los Angeles is only permitted if the arrival at, or departure from, Honolulu or Los Angeles is also by Air New Zealand.
2. Carriage by Air New Zealand Singapore/Bangkok/Singapore is not permitted when travel originates or terminates in Singapore.
3. Effective 01 January 1992 carriage by Air New Zealand Denpasar/Singapore/Denpasar is only permitted when travel to or from Denpasar is by Air New Zealand.

CUSTOMER SERVICE

Air New Zealand takes pride in its award winning service. So that we may continue to provide you, our customer, with a level of service which meets your requirements, we would like to hear any suggestions or concerns that you may have. Please write to your local Air New Zealand Manager or our Customer Service Unit.

See a lot more of New Zealand for less.

An Explore New Zealand Airpass lets you travel all over the country with amazing savings on fares. An adult can fly to a minimum of three destinations for as little as $NZ399, and a child for as low as $NZ267. The more destinations you want to fly to, the better the discounts become. So, rather than driving long distances, you can fly from one scenic location to another with an Explore New Zealand Airpass. The Airpass is not available for sale in New Zealand, so see Air New Zealand before you leave home for details. New Zealand at its best, for less. **And that's another good reason to fly the national airline.**

BOOKING YOUR FLIGHT

Air New Zealand's CARINA computerised reservations system provides a wide range of information and facilities for travel in New Zealand and throughout the world.

SPECIAL REQUIREMENTS

If you have any special requirements — for example, you require a wheelchair or special food on your flight, please make this known to your Travel Consultant or Reservations Office, when making your booking.

Air New Zealand offers special meals for passengers with health, religious and medical requirements. These include Hindu, Low Sodium, Diabetic, Mormon, Fluid/Semi Fluid, Gluten-free, Infants, Soft Food, Low Calorie, All Fruit, Vegetarian, Low Protein, Dairy Product-free, Moslem, Oriental, Salt-free, Kosher, Seafood, High Protein/Low Fat, Children's, Sugar-free, Low Cholesterol, Bland Food, White Meat. Air New Zealand does not guarantee the supply of a special meal if the request is made within 24 hours of the scheduled flight departure time.

CREDIT CARDS AND BANK CARDS

Any Air New Zealand Office will be pleased to honour the following credit cards for travel on International and Domestic services:- Universal Air Travel Plan, American Express, Diners Club, Carte Blanche, MasterCard, En-route, JCB, Visa and Bankcard.

NB There are some restrictions on the use of En-route and Carte Blanche cards for purely Domestic services.

These credit cards, except Universal Air Travel Plan and Carte Blanche, can also be used to purchase items from Air New Zealand's inflight duty free Sky Shop.

CANCELLATIONS

If you are holding reservations for a flight and your travel plans change please let us know as soon as possible to enable us to cancel the reservations you no longer require. This gives us the opportunity to offer the seats to another person who may be waiting for seats to become available on that flight.

ACCOMMODATION, RENTAL CARS, CRUISES and TOURS

Air New Zealand, at the time of booking your flights can also meet your accommodation, rental car, cruise and tour requirements.

Air New Zealand's subsidiary HOTPAC offers a wide range of hotels worldwide at attractive rates. The following HOTPAC books are available to help you plan your next trip:-

The Goodnight Book — for the best hotels in New Zealand and overseas.

Entertainment — offers the current top shows in Australia.

Go As You Please New Zealand, Pacific Islands and Disneyland Funpac offer inclusive packages for a number of destinations.

INSURANCE

Worldwide Travel Insurance may be purchased at any Air New Zealand Office or Airport in New Zealand, Australia, Fiji and United Kingdom, to cover the following:
Medical and Incidental Expenses, Loss of Baggage, Money or Personal Effects, Personal Accident, Personal Liability, Strikes and Hi-jacking.

The conditions of most special fares, such as Epic Fares, do not permit alteration or cancellation of travel dates or flights after bookings have been made. It is therefore recommended that passengers purchase special Cancellation Insurance to cover unforseen circumstances necessitating cancellation of bookings.

PASSPORTS, VISAS ETC.

Each passenger has a responsibility to see that all necessary documentation required to travel overseas, such as passports, visas, entry permits, certificates of vaccination etc, is arranged prior to departure. Air New Zealand or your Travel Agent will gladly supply all information necessary in this respect, but are not responsible for its accuracy.

REPORTING FOR TRAVEL

It is important to Air New Zealand and our Associates that 'on time' departures are achieved. For international services, reporting times at City Terminal or Airport are detailed in the Airport Handling & Check-In Times section on pages 65-66 of this timetable. Details of transport services to/from those airports served by Air New Zealand can be found on pages 60-64 of this timetable.

FLIGHT INFORMATION

If you are holding onward or return reservations on Air New Zealand, we advise you to call the Air New Zealand Flight Arrivals/Departures number on the day of travel, to check your departure time. The numbers are listed on pages 67-72 of this timetable. In New Zealand, Flight Arrivals/Departures information is also available on TVNZ TELETEXT. Please refer to TELETEXT Page 220 for the applicable Page Numbers.

FLIGHT SCHEDULES

The flights shown are those scheduled by Air New Zealand and associated air carriers at the time of production of this timetable and show the most direct flights and connections between listed cities. However, during the effective period of the timetable, published flight schedules are subject to alteration so that passenger demand is effectively satisfied on all routes. Details of any changes made after publication will be available from any Air New Zealand Office or Travel Agent. Alternative connecting flights and information regarding indirect connecting flights and stopovers are available on request.

FLIGHT TICKET

Your Air New Zealand ticket is issued subject to our General Conditions of Carriage for Passengers and Baggage. When finalised, your ticket becomes a contract for carriage. All Air New Zealand Offices have a copy of the General Conditions of Carriage available, whilst the Conditions of Contract are printed in your ticket.

While Air New Zealand Limited endeavours to accommodate all passengers with confirmed reservations, no guarantee of a seat is indicated by the terms "reservations", "booking", "OK" status, or the times associated therewith.

Most air carriers, including Air New Zealand, control their computerised reservations system to ensure that the maximum number of passengers who wish to travel are accommodated.

On all flights there are a few passengers who book seats and then change their plans without advising us that they no longer wish to travel. These passengers are known as "no shows". To enable these seats to be used by passengers who do wish to travel a carefully controlled balance between the number of seats sold and the number we anticipate will "no show" is maintained.

Unfortunately on rare occasions this balance is not achieved and we then have no other choice than to deny boarding to some passengers. When this occurs our check-in staff will seek volunteers who are willing to alter their travel plans. To help ease the inconvenience this may cause Air New Zealand provides generous compensation to any passenger who is downgraded or denied boarding.

It is our expectation that you will not be denied boarding, however, in the unlikely event that this should happen, we hope you will understand why.

STREAMLINE

Air New Zealand and British Airways have combined to offer a unique streamlined service between Auckland and London. Passengers now have a choice of up to 22 flights to and from London via Los Angeles or Asia. This service offers a range of stopover or transfer options. Your local Air New Zealand Travelcentre will assist in providing more detailed information on STREAMLINE.

INFANTS AND CHILDREN

A special range of products are available to make travelling with infants and children more enjoyable.

Infants

Air New Zealand caters for those passengers who wish to travel with infants and special assistance can be arranged at departure, transit or arrival airports. Babies amenities are carried on board and are available to all passengers with infants, free of charge.

Both our Boeing 747 and 767 aircraft have a limited number of bassinet positions available for infants under 8 months of age. For Infants over this age, infant car seats may be taken on board Air New Zealand International flights, to be used for the restraint and comfort of infant passengers up to two years of age. As it is necessary to use a seat the applicable child's fare will be charged.

The infant car seat must have its own inbuilt restraint system and be of a type already approved for use in motor vehicles. Child booster seats are not acceptable. The infant car seat must also be in good safe working condition and fit within the dimensions of the aircraft seat.

Unaccompanied Children

There are times when it is necessary for children to travel without the company of an adult. To overcome restrictions for the carriage of children in certain age groups Air New Zealand is pleased to arrange for approved company personnel to accompany these children, on an 'as available' basis. Carriage of unaccompanied children on Air New Zealand International services is subject to the child's age and duration of the flight.

Applicable costs and conditions are available at any Air New Zealand Office.

Accompanied Children

Children under 2 years not occupying a seat and accompanied by an adult of recognised age are generally charged 10% of the applicable adult fare.

Children under 12 years occupying a seat are generally charged 50% of the applicable adult fare.

NB It should be noted that the rebate applicable to children travelling on special fares, as defined for the carriage of adults, might differ.

Special meals for children and infants can be arranged in advance.
For further information on travelling with infants and children please contact your Air New Zealand Travelcentre.

INCAPACITATED PASSENGERS

For incapacitated passengers Air New Zealand can offer a variety of services on our International flights. These are available on request and need to be booked in advance.

Passengers assistance is provided both on the ground and on board. Wheelchairs, stretchers and escorts for ground assistance can be arranged along with pre-boarding and assistance through Customs and Immigrations. Specific seats can be pre-selected to contribute to passenger comfort, however some seats are unable to be offered due to safety requirements. Wheelchairs are also available on board. Each flight has a physicians kit for use in emergencies and all Air New Zealand Cabin Crew are trained to make your trip more comfortable.

Passengers with medical conditions are recommended to ask for advice about travelling arrangements. Generally passengers who are ill will require a medical clearance. Additionally we can simplify travel for those passengers who have a permanent stable medical condition and will be travelling often, through the issue of a Frequent Travellers Cards (FREMEC). Please ask Air New Zealand for further details.

AIR CARGO

In conjunction with other carriers' schedules shown in this timetable, Air New Zealand provides a fast and efficient Air Cargo service through interline connections via major gateway cities i.e. Singapore, Tokyo, Honolulu, Los Angeles, Vancouver, Frankfurt, Hong Kong and London to all destinations.

For further information contact your nearest Air New Zealand Cargo Office or Freight forwarder.

BAGGAGE

CHECKED BAGGAGE

A free allowance for each passenger aged 2 years or more is available on Air New Zealand services as follows:

1. **International Journeys (except to/from USA, US Territories and Canada)** — First Class — 40 kilos; Business Class — 30 kilos; Economy Class — 20 kilos.

   Excess baggage will be charged at 1% of the one-way first class fare between the points concerned for each kilogram in excess of the free allowance, except for New Zealand-Australia and New Zealand-Fiji, where a standard charge will be levied for each kilogram in excess of the free allowance. Details may be obtained from any Air New Zealand Office.

2. **To/from USA, US Territories and Canada and between New Zealand, Germany and the United Kingdom —**

   First and Business Class — 2 pieces, each not exceeding total linear dimensions (length + width + height) of 158cm (62in). Within this allowance no piece may exceed 32 kilos.

   Economy Class — 2 pieces, neither exceeding total linear dimensions (length + width + height) of 158cm (62in) but which together do not exceed 272cm (107in). Within this allowance no piece may exceed 32 kilos.

   A standard charge will be levied for each additional, overweight and/or oversize piece exceeding the free allowance. Details may be obtained from any Air New Zealand Office.

3. **Domestic Services** — In conjunction with International travel the appropriate International allowance applies.

NB where a passenger's itinerary starts with a sector where the piece allowance applies, but involves subsequent sectors where the weight allowance would normally apply, the piece allowance will apply on **ALL** Air New Zealand sectors of the entire itinerary.

POOLING BAGGAGE

If you are travelling in a party you may pool your baggage with that of others and take advantage of the collective free baggage allowance, provided all members of the group report for travel (with baggage) at the same time and place, and are also travelling as one party to a common destination on the same flight.

UNACCOMPANIED BAGGAGE

Air New Zealand offers special facilities on all international services (except to/from USA, Canada and certain Pacific Island destinations) whereby overweight baggage consisting of personal wearing apparel and personal articles may be carried at 50% of the normal General Cargo Rate. Such baggage will not necessarily travel on the same aircraft as yourself. To qualify for this concession the baggage should be delivered to an Air Cargo Office before you travel and requires the presentation of your flight ticket. Clearance as cargo at the destination point is also applicable.

NB There is a **minimum** weight restriction of 10kg.

As Customs clearance facilities may not be available at some destinations during Weekends and Public Holidays consideration should be given to this point when sending baggage unaccompanied.

For passengers travelling to/from New Zealand it is important to note that Duty Free concessions do **not** apply, to any goods sent unaccompanied.

Full details of this facility can be obtained at any Air New Zealand Office.

CABIN BAGGAGE

A free allowance for each passenger aged 2 years or more is available on Air New Zealand services as follows:

1. **International Journeys —**

   (a) First and Business Class — 2 bags with combined dimensions not exceeding 115 cm (45in), and with a maximum total weight of 7kg.

   (b) Economy Class — One bag not exceeding the following dimensions — length 56cm (22in) + width 23cm (9in) + height 36cm (14in), and with a maximum weight of 5kg.

2. **Domestic Services** — In conjunction with International travel the appropriate International allowance applies.

   In addition to the free allowance, personal articles such as an overcoat, umbrella, handbag, purse, camera, binoculars and a reasonable amount of reading matter for the flight may be carried into the aircraft cabin.

   Note: For the safety and comfort of passengers, the amount of baggage carried in the aircraft cabin is restricted to the above allowances, and must be capable of being stored under the seat in front, or in an overhead locker.

   All items being carried must be presented at the acceptance counter at check-in time, as any article that is too bulky must be processed as checked baggage and stowed in the aircraft hold. When this is necessary and the free checked allowance is exceeded, the appropriate excess baggage rates will be charged.
