SPECIAL TIMETABLE INFORMATION

FLIGHT SCHEDULES

The flights shown are those scheduled by Air New Zealand and associated air carriers at the time of production of this timetable and show the most direct flights and connections between listed cities. However, during the effective period of the timetable, published flight schedules are subject to alteration so that passenger demand is effectively satisfied on all routes. Details of any changes made after publication will be available from any Air New Zealand Office or Travel Agent. Alternative connecting flights and information regarding indirect connecting flights and stopovers are available on request.

JOINT FLIGHT SERVICE AGREEMENTS

In co-operation with other major international carriers, Air New Zealand is able to offer passengers a wider choice of services.

Air New Zealand has carefully and selectively entered into joint service agreements with other recognised leading carriers in order to provide the most efficient and regular coverage of services. Joint service arrangements also offer travellers access to additional destinations and a greater choice of flight times.

A key element of these agreements is that a high standard of inflight service is consistently offered irrespective of which airline actually operates the service.

This high standard of service is also adhered to for all ground services. An Air New Zealand passenger service representative will be in attendance at the departure and arrival points of your flight when you travel on a joint service partner's aircraft.

For example, although you may have booked an Air New Zealand flight from New Zealand to Australia with an Air New Zealand flight number, you may in fact fly on a Qantas operated aircraft. Similarly, should you book a ticket from Auckland to Vancouver, Air New Zealand will be the operating carrier for travel Auckland-Honolulu and Canadian Airlines International the operating carrier for travel Honolulu-Vancouver. However all sectors of the flight Auckland to Vancouver, are allocated Air New Zealand flight numbers.

Your Air New Zealand Travelcentre, Reservations Office or Travel Agent will be able to advise you at the time of booking whether you are booked to travel on an Air New Zealand operated aircraft or that of a joint service partner.

Air New Zealand is proud to offer joint services with Canadian Airlines International, Japan Airlines, Qantas Airways, Mandarin Airlines, EVA Air and Korean Air.

When required Air New Zealand may at times lease aircraft from other airlines. If you have booked with Air New Zealand and the aircraft that you fly on is that of another airline, please be assured that it has been serviced and maintained to our high standards and you can expect award winning inflight service from Air New Zealand crew just as you would aboard one of our aircraft.

TRAVEL RESTRICTIONS

1. Carriage by Air New Zealand Los Angeles-Honolulu or Honolulu-Los Angeles is only permitted if the arrival at, or departure from, Honolulu or Los Angeles is also by Air New Zealand.

INFANTS AND CHILDREN

A special range of products are available to make travelling with infants and children more enjoyable.

Infants

Air New Zealand caters especially for those passengers travelling with infants, with a complimentary supply of disposable diapers, baby bottles, drinking cups, fresh milk and formula, baby food and cereal carried on the aircraft. Any special meal requirements should be made at the time of reservation.

Both our Boeing 747 and 767 aircraft have a limited number of bassinet positions available for infants under 8 months of age. If required a bassinet should also be ordered when you are booking your travel. For Infants over this age, infant car seats may be taken on board Air New Zealand International flights, to be used for the restraint and comfort of infant passengers up to two years of age. As it is necessary to use a seat the applicable child's fare will be charged.

The infant car seat must have its own inbuilt restraint system and be of a type already approved for use in motor vehicles. Child booster seats are not acceptable. The infant car seat must also be in good safe working condition and fit within the dimensions of the aircraft seat.

It is advisable to arrive at the airport early as in most cases passengers with babies are boarded before other passengers.

Unaccompanied Children

There are times when it is necessary for children to travel without the company of an adult. To overcome restrictions for the carriage of children in certain age groups Air New Zealand is pleased to arrange for approved company personnel to accompany these children, on an 'as available' basis. Carriage of unaccompanied children on Air New Zealand International services is subject to the child's age and duration of the flight.

Applicable costs and conditions are available at any Air New Zealand Office.

Accompanied Children

Children under 2 years not occupying a seat and accompanied by an adult of recognised age are generally charged 10% of the applicable adult fare.

Children under 12 years occupying a seat are generally charged 67% of the applicable adult fare.

NB It should be noted that the rebate applicable to children travelling on special fares, as defined for the carriage of adults, might differ.

Special meals for children and infants can be arranged in advance.

For further information on travelling with infants and children please contact your Air New Zealand Travelcentre.

SERVICES FOR PASSENGERS WITH DISABILITIES

For incapacitated passengers Air New Zealand can offer a variety of services on our International flights. These are available on request and need to be booked in advance.

Passengers assistance is provided both on the ground and on board. Wheelchairs, stretchers and escorts for ground assistance can be arranged along with pre-boarding and assistance through Customs and Immigrations. Specific seats can be pre-selected to contribute to passenger comfort, however some seats are unable to be offered due to safety requirements. Wheelchairs are also available on board. Each flight has a physicians kit for use in emergencies and all Air New Zealand Cabin Crew are trained to make your trip more comfortable.

Passengers with medical conditions are recommended to ask for advice about travelling arrangements. Generally passengers who are ill will require a medical clearance. Additionally we can simplify travel for those passengers who have a permanent stable medical condition and will be travelling often, through the issue of a Frequent Travellers Cards. Please ask Air New Zealand or your Travel Agent for details.

AIR CARGO

In conjunction with other carriers' schedules shown in this timetable, Air New Zealand provides a fast and efficient Air Cargo service through interline connections via major gateway cities i.e. Singapore, Tokyo, Honolulu, Los Angeles, Frankfurt, Hong Kong and London to all destinations.

For further information contact your nearest Air New Zealand Cargo Office or Freight forwarder.

CUSTOMER SERVICE

Air New Zealand strives to provide service that not only meets our customers' expectations but exceeds them. An essential way of achieving this is through encouraging and responding to passenger's comments. We invite customers to contact us with any suggestions or concerns they may have. To facilitate this process our Customer Relations Unit has developed a programme called "We're Listening". Forms on which to note any suggestions or concerns, printed on a return address envelope, are available at most Air New Zealand service areas. When the Customer Relations Unit receives a completed form, the customer is contacted. Depending on the nature of the enquiry a response should be received within 4 weeks. All correspondence is extremely valuable to us and we strive to not only completely satisfy the customer concerned, but also to use the information to make future improvements to our service. Please write to your local Air New Zealand Manager or to:

The Manager, Customer Relations Unit, Air New Zealand Limited,
Private Bag 92007, Auckland, New Zealand.

BAGGAGE

CHECKED BAGGAGE

A free allowance for each passenger aged 2 years or more is available on Air New Zealand services as follows:

1. **International Journeys (except to/from USA, US Territories and Canada)**
   First Class — 40 kilos; Business Class — 30 kilos; Economy Class — 20 kilos.
   Excess baggage will be charged at 1% of the one-way first class fare between the points concerned for each kilogram in excess of the free allowance, except for New Zealand-Australia and New Zealand-Fiji, where a standard charge will be levied for each kilogram in excess of the free allowance. Details may be obtained from any Air New Zealand Office.

2. **To/from USA, US Territories and Canada and between New Zealand and Germany/United Kingdom**
   First and Business Class — 2 pieces, each not exceeding total linear dimensions (length + width + height) of 158cm (62in). Within this allowance no piece may exceed 32 kilos.
   Economy Class — 2 pieces, neither exceeding total linear dimensions (length + width + height) of 158cm (62in) but which together do not exceed 272cm (107in). Within this allowance no piece may exceed 32 kilos.
   A standard charge will be levied for each additional, overweight and/or oversize piece exceeding the free allowance. Details may be obtained from any Air New Zealand Office.

3. **Domestic Services** — In conjunction with International travel the appropriate International allowance applies.

NB where a passenger's itinerary starts with a sector where the piece allowance applies, but involves subsequent sectors where the weight allowance would normally apply, the piece allowance will apply on **ALL** Air New Zealand sectors of the entire itinerary.

UNACCOMPANIED BAGGAGE

Air New Zealand offers special facilities on all international services (except to/from USA, Canada and certain Pacific Island destinations) whereby overweight baggage consisting of personal wearing apparel and personal articles may be carried at 50% of the normal General Cargo Rate. Such baggage will not necessarily travel on the same aircraft as yourself. To qualify for this concession the baggage should be delivered to an Air Cargo Office before you travel and requires the presentation of your flight ticket. Clearance as cargo at the destination point is also applicable.
NB There is a **minimum** weight restriction of 10kg.

As Customs clearance facilities may not be available at some destinations during Weekends and Public Holidays consideration should be given to this point when sending baggage unaccompanied.

For passengers travelling to/from New Zealand it is important to note that Duty Free concessions do **not** apply, to any goods sent unaccompanied.

Full details of this facility can be obtained at any Air New Zealand Office.

POOLING BAGGAGE

If you are travelling in a party you may pool your baggage with that of others and take advantage of the collective free baggage allowance, provided all members of the group report for travel (with baggage) at the same time and place, and are also travelling as one party to a common destination on the same flight.

CABIN BAGGAGE

A free allowance for each passenger aged 2 years or more is available on Air New Zealand services as follows:

1. **International Journeys —**
   (a) **First and Business Class** — 2 bags with combined dimensions not exceeding 115 cm (45in), and with a maximum total weight of 7kg.

   (b) **Economy Class** — One bag not exceeding the following dimensions — length 56cm (22in) + width 23cm (9in) + height 36cm (14in), and with a maximum weight of 5kg.

2. **Domestic Services** — In conjunction with International travel the appropriate International allowance applies.

   In addition to the free allowance, personal articles such as an overcoat, umbrella, handbag, purse, camera, binoculars and a reasonable amount of reading matter for the flight may be carried into the aircraft cabin.

   Note: For the safety and comfort of passengers, the amount of baggage carried in the aircraft cabin is restricted to the above allowances, and must be capable of being stored under the seat in front, or in an overhead locker.

   All items being carried must be presented at the acceptance counter at check-in time, as any article that is too bulky must be processed as checked baggage and stowed in the aircraft hold. When this is necessary and the free checked allowance is exceeded, the appropriate excess baggage rates will be charged.

DANGEROUS GOODS

The International Air Transport Association (IATA), in association with air carriers world-wide has, for safety reasons, placed restrictions or prohibitions on the carriage of designated Dangerous Goods.

DEPARTING OR ARRIVING

REPORTING FOR TRAVEL

Naturally, it is preferable for our passengers that our departures are made on time. To help ensure that this is achieved, please see pages 119-121 of this timetable for reporting times at City Terminal or Airport. Details of transport services to/from airports served by Air New Zealand can be found on pages 113-118 of this timetable.

TASMAN TIMESAVER

Passengers travelling on Air New Zealand Trans Tasman services (operated by Air New Zealand or Qantas aircraft) between Auckland, Christchurch or Wellington and Sydney, Melbourne or Brisbane can check-in for their flights up to 30 minutes prior to the scheduled departure time of their flight, provided they are travelling with carry-on baggage only. Such passengers, travelling from Auckland to Sydney or Melbourne only and returning the same day (on specified flights), may also check in for their return flight in Auckland and be allocated a seat number. Australian Departure Tax stamps may also be purchased in Auckland. Passengers must ensure they present their boarding pass to the boarding gate staff (in Australia) at least 30 minutes prior to flight departure. The limitations on carry-on baggage are detailed under Cabin Baggage on page 96 of this timetable.

FLIGHT INFORMATION

If you are holding reservations on Air New Zealand, we advise you to call the Air New Zealand Flight Arrivals/Departures number on the day of travel, to check your departure time. The numbers are listed on pages 122-128 of this timetable. In New Zealand, Flight Arrivals/Departures information is also available on TVNZ TELETEXT — refer to TELETEXT Page 220 for the applicable Page Numbers.

FLIGHT TICKET

Your Air New Zealand ticket is issued subject to our General Conditions of Carriage for Passengers and Baggage. When finalised, your ticket becomes a contract for carriage. All Air New Zealand Offices have a copy of the General Conditions of Carriage available, whilst the Conditions of Contract are printed in your ticket.

While Air New Zealand Limited endeavours to accommodate all passengers with confirmed reservations, no guarantee of a seat is indicated by the terms ''reservations'', ''booking'', ''OK'' status, or the times associated therewith.

Most air carriers, including Air New Zealand, control their computerised reservations system to ensure that the maximum number of passengers who wish to travel are accommodated.

On all flights there are a few passengers who book seats and then change their plans without advising us that they no longer wish to travel. These passengers are known as ''no shows''. To enable these seats to be used by passengers who do wish to travel a carefully controlled balance between the number of seats sold and the number we anticipate will ''no show'' is maintained.

Unfortunately on rare occasions this balance is not achieved and we then have no other choice than to deny boarding to some passengers. When this occurs our check-in staff will seek volunteers who are willing to alter their travel plans. To help ease the inconvenience Air New Zealand will compensate passengers who are downgraded or denied boarding.

The World Is Our Territory.

Hertz. The only car rental company that covers the world with over 5000 locations.
It's the same, no matter where you go. To be so far away from home and yet, to experience the things that can make you feel right at home. An honest deal. A helping hand. A friendly face.
This is our philosophy. And it's something you'll notice at Hertz around the world.
We have depots where you want them, a global fleet of more than 400,000 cars and staff who treat you with courtesy and respect.
After all, putting people in cars has been our specialty for over 75 years. Putting smiles on the faces of our customers around the world is another.
And that's a territory we're very proud to cover.
