INFORMAȚII GENERALE CURSE EXTERNE

Orarele fac obiectul aprobării guvernamentale și pot fi modificate fără o înștiințare prealabilă.

În acest pliant, punctele de plecare și sosire sînt indicate în ordine alfabetică iar toate orele sînt ore locale.

CONDIȚII DE TRANSPORT

Călătoriile aeriene se efectuează în conformitate cu condițiile generale de transport al pasagerilor și bagajelor, precum și în baza condițiilor de transport înscrise pe biletele de avion.

ORE DE DECOLARE/ ATERIZARE

Orele de decolare/aterizare pot fi modificate fără o înștiințare prealabilă. În consecință, pasagerii sînt rugați să verifice aceste date înainte de a-și face rezervarea.

REZERVAREA LOCURILOR

Rezervarea poate fi făcută la agențiile companiilor aeriene sau la agențiile de turism. Dacă în căsuța „Reservation Status” apare codul „OK”, locul este confirmat ferm, iar în cazul în care este trecut codul „RQ”, confirmarea locului cerut nu a fost încă posibilă.

GENERAL INFORMATION INTERNATIONAL FLIGHTS

Schedules are subject to government approval and to modification without prior notice.

In this timetable, departure and arrival points are listed in alphabetical order and all timings are in local time.

CONDITIONS OF CARRIAGE

Air journeys are subject to the general conditions of passenger and baggage transport as well as to the conditions printed on the ticket.

TIMETABLE

All schedules are subject to modification without prior notice. Therefore, passengers are requested to check these data before booking their seats.

RESERVATIONS

Reservations can be made through any airline office or travel agency. Confirmed seat is indicated in the „Reservation Status” box of the ticket by code „OK”. Code „RQ” indicates that the confirmation of the requested seat was not yet possible.

RECONFIRMAREA REZERVĂRILOR

Reconfirmarea rezervărilor pentru călătoriile de întoarcere și cele care se continuă este obligatorie pe toate rutele internaționale.

Călătorii trebuie să reconfirme rezervarea locurilor cu 48 de ore înaintea decolării cursei. Lipsa reconfirmării poate atrage anularea rezervării.

ANULAREA REZERVĂRILOR

Dacă este necesar să se amîne sau să se anuleze călătoria, iar biletul a fost deja emis, este necesară anularea rezervării cu cel puțin 48 ore înaintea decolării cursei pentru călătoriile în interiorul Europei și cu cel puțin 72 ore pentru călătoriile în afara Europei.

Călătorii care nu reușesc să anuleze la timp rezervarea suportă o taxă de 10% din tariful normal.

INTRERUPEREA CĂLĂTORIEI

În mod normal, se pot face întreruperi ale călătoriei în orice punct de pe rută dacă întreruperile au fost indicate pe bilet. Călătoria trebuie să se efectueze în limita perioadei de valabilitate a biletului.

TARIFE

Tarifele se referă numai la transportul de la un aeroport la altul, conform rutei indicate de transportator și nu includ taxele și costul transportului terestru.

RECONFIRMATION

Reconfirmation of the reservation for return or continuing journeys is obligatory on all international routes.

The time limit for reconfirmation is 48 hours prior to departure. If reconfirmation is not made, the reservation may be cancelled.

CANCELLATION

If a journey has to be postponed or cancelled but the ticket was already issued, the reservation must be cancelled at least 48 hours prior to departure for travels within Europe and at least 72 hours for travels outside Europe.

Passengers who do not cancel their reservation in time have to pay a 10% tax of the normal fare.

STOPOVERS

It is possible to break the journeys at any scheduled stops if the stopovers are indicated on the ticket. The journey has to be completed within the period of validity of the ticket.

FARES

All fares are applicable for transportation from airport to airport according to the route indicated by the carrier and they exclude the taxes and the cost of ground transportation.

Reduced fares apply under conditions such as group travel, youth fares etc.

În anumite condiții se pot aplica tarife reduse cum este cazul celor pentru călătoriile în grup, de tineret etc.

Copiii beneficiază de tarife speciale în funcție de vîrstă (pînă la 12 ani) și în cazul în care călătoresc singuri sau însoțiți de un adult.

Copiii sub 2 ani care nu ocupă un loc individual și sînt însoțiți de un adult beneficiază de o reducere de 90% din tariful pentru adult.

Reducerea de 50% din tariful de adult se aplică pentru copiii între 2 și 12 ani cît și pentru copiii sub 2 ani care ocupă locuri individuale.

Dacă mai mulți copii sub 2 ani sînt însoțiți de o singură persoană care a plătit tariful de adult, numai un singur copil beneficiază de reducerea de 90%, ceilalți copii beneficiază de reducere de 50% chiar dacă nu ocupă locuri individuale.

BAGAJE

Este permis transportul gratuit a 30 de kg bagaj pentru călătorii care plătesc tarife pentru clasa I și 20 kg bagaj pentru aceia care plătesc tarife pentru clasa turist.

Fiecare călător poate transporta gratuit următoarele articole: o poșetă de damă; un pardesiu; un impermeabil sau un pled; o umbrelă sau un baston; o cantitate rezonabilă de material de lectură pentru durata zborului; hrană și un coș pentru sugari; un fotoliu rulant ori pliant și/sau o pereche de cîrje și/sau un aparat ortopedic și alte dispozitive indispensabile persoanelor infirme.

Children benefit of special fares depending on age (up to 12 years) and on whether they travel alone or accompanied by adults.

Children under 2 years who do not occupy individual seats and are accompanied by an adult benefit of a 90% discount of the adult fare.

The 50% discount of the adult fare applies for children between 2 and 12 years as well as for children under 2 years occupying individual seats.

If more children under 2 years are accompanied by one person who paid for an adult fare, only one child benefits of the 90% discount; the other children have a 50% discount even if they do not occupy individual seats.

BAGGAGE

The free baggage allowance is 30 kg for passengers paying a First Class fare and 20 kg for passengers paying an Economy Class fare.

In addition to the free baggage allowance, each passenger may carry the following articles without any additional charges: a lady's handbag; an overcoat; a raincoat or a blanket; an umbrella or a walking stick; a reasonable amount of reading matter for the flight; the necessary food for babies during the flight and an infant's carrying basket; a fully collapsible wheelchair and/or a pair of crutches and/or braces and/or an orthopedical apparatus as well as other device indispensable to invalids.

Cuquantumul taxei per kg pentru excedentul de bagaj este de 1% din tariful normal pentru o călătorie clasa I pe un sens.

OBIECTE EXCLUSE DE LA TRANSPORT

Sînt excluse de la transport articolele care pot pune în pericol avionul sau viața pasagerilor sau pot fi deteriorate în timpul zborului, care nu sînt împachetate în mod corespunzător sau al căror transport este interzis de legile și reglementările în vigoare în țările de plecare, de tranzit și de destinație. Din motive de securitate, următoarele articole nu pot fi transportate decît cu acordul prealabil al transportatorului: gaze comprimate (inflamabile, neinflamabile și toxice); produse corozive ca: acizi, produse alcaline, acumulatori; explozivi, muniții, artificii; produse inflamabile lichide și solide ca: acetonă, benzină sau gaze lichefiate, chibrituri, articole ușor inflamabile; produse oxidante (clorură de calciu, peroxizi); materiale radioactive; alte articole ca: mercur, articole magnetice, produse iritante sau insalubre.

RADIURI PORTATIVE

Radiourile portative pot influența aparatura de bord a aeronavei. Prin urmare, nu se pot folosi la bord.

PREZENTAREA PASAGERILOR PENTRU EFECTUAREA CĂLĂTORIEI

Călătorii sînt rugați să se prezinte la aeroport la ora indicată de transpor-

The amount of baggage exceeding the free allowance is charged 1% per kg of the normal one-way First Class fare.

RESTRICTED ARTICLES

It is forbidden to carry articles that can endanger the aircraft or the passengers' lives and articles that can be damaged during the flight, articles that are improperly packed or whose transportation is forbidden by laws and regulations in the countries of exit, transit and entry.

For safety reasons, the transportation of the articles listed below is forbidden without the carrier's consent: compressed gases (flammable, inflammable and poisonous); corrosive materials (such as acids, alkalis and wet cell batteries); explosives, ammunition, fireworks; flammable liquids and solids such as: acetone, petrol or liquefied gases, matches, articles that are easily ignited; oxidising substances (calcic chloride, peroxides); radioactive substances; other articles such as: mercury, magnetic articles, irritant and insalubrious products.

PORTABLE RADIOS

Portable radios may influence the navigational aids on board, consequently they cannot be used during the flight.

CHECK-IN TIMES

Passengers are required to be present at the airport or terminal at the time indicated by the carrier.

tator. Nici o decolare nu poate fi amînată din cauza întîrzierii călătorilor.

Se anulează rezervarea locurilor călătorilor care nu se prezintă la aeroport la ora indicată, iar transportatorul va putea dispune de aceste locuri în interesul său.

FORMALITĂȚI PRIVIND PAȘAPOARTE, VIZE, CERTIFICATE DE SĂNĂTATE

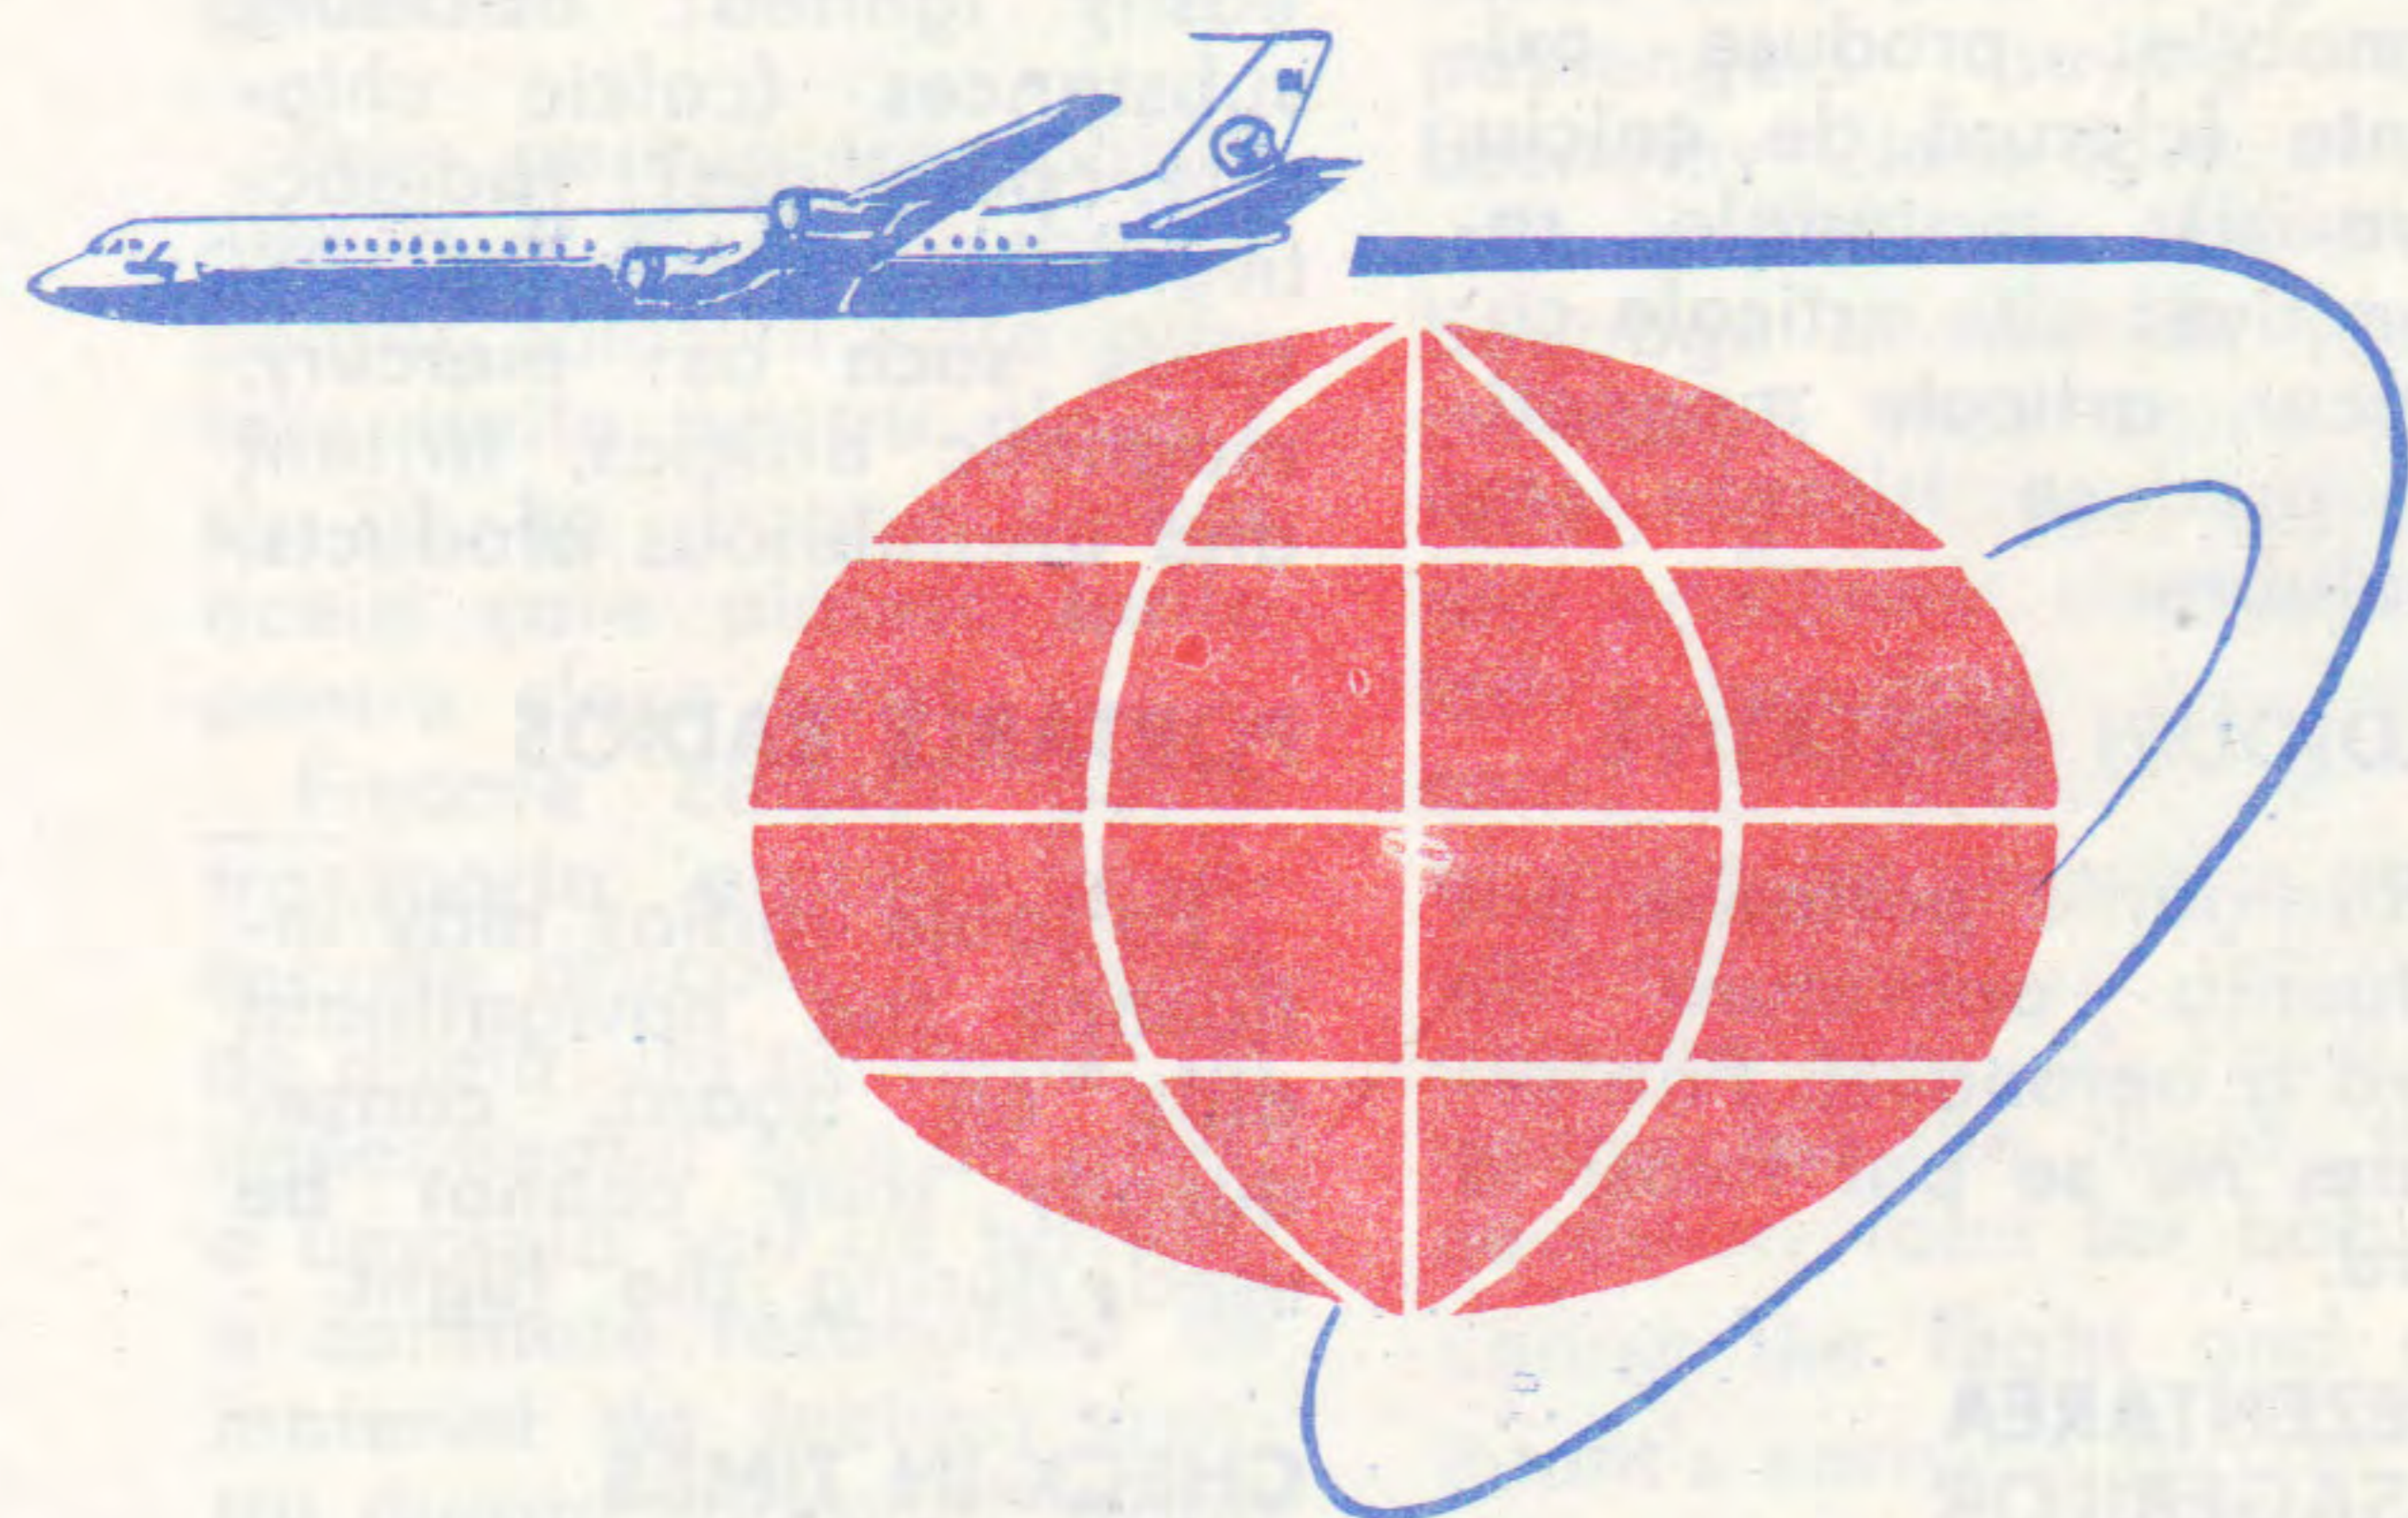

Compania TAROM nu își asumă nici o responsabilitate pentru călătorii cu documente de transport necorespunzătoare.

Un călător nu poate fi acceptat la transport fără documentele și formalitățile necesare în țara de intrare, tranzit și ieșire (pașapoarte, vize, certificate de sănătate etc.).

No departure can be delayed because of the passengers' late arrivals. Passengers who arrive too late will be considered to have cancelled their reservation and the airlines will be allowed to dispose of the respective seats.

PASSPORTS, VISAS, HEALTH CERTIFICATES

TAROM Airlines assume no responsibility for passengers with inadequate transportation documents. Passengers are not accepted for transportation without the documents and formalities required in the entry, transit and exit countries (passports, visas, health certificates).
