VALID 1st — 30th NOVEMBER, 1948

— WHERE SUMMER SPENDS THE WINTER

Beautiful, restful Bermuda . . . with its candy-coloured houses, its sounding surf and deep blue sea . . . lies only 4 hours from New York or Baltimore by Speedbird Constellation. Fly to Bermuda soon and enjoy a tropical holiday you'll always remember.

The round trip by B.O.A.C. costs only \$126 plus tax

There are 4 services weekly each way via New York; 2 services weekly each way via Baltimore. Leave New York or Baltimore at 4.30 p.m. by Sunset Speedbird — and be in Bermuda the same night!

Flying high above the weather in the "pressurized" cabin of a luxurious Speedbird Constellation, you enjoy air travel at its best every mile of the way. Complimentary, full-course meals, prompt, efficient service; no tipping, no extras.

BOOK NOW! Your local B.O.A.C. Appointed Agent makes no charge for expert advice, detailed information or bookings. Use his services freely. See him today.

13.30 a	13.30	arr. LONDON Airways Terminal	dep.	18.00	18.00

a—1 hr. 45 mins. earlier if Gander overflown.

Excepting for departure from New York, Montreal and London all times are approximate due to the varying head-winds encountered over the Atlantic.

The regularity and reliability of Speedbird Atlantic crossings by air are the result of many years' experience and the number of flights made by B.O.A.C. Captains and aircrew. 20 Captains and altogether over 60 aircrew have each made more than 100 crossings.

B.O.A.C. were the first airline to fly this route regularly and for two years flew it alone. Their passengers fly above the weather in comfort and ease in pressurized Constellation aircraft.

B.O.A.C.'s air transport experience began in 1919 when a few pioneers flew a handful of aircraft along a route mileage barely running into three figures.

Operated jointly by B.O.A.C. and Qantas Empire Airways.

B.O.A.C.'s Fleet of Flying Boats, operating from Great Britain, consists of three classes—the Hythe and Plymouth Classes on the Australian and Far Eastern Routes and the Solent Class on the South African Springbok Route. The cabins of these Flying Boats are spacious and lofty, giving a general appearance of homeliness. The windows are conveniently positioned for adequate views of the passing landscape, and on most Flying Boats a promenade gives passengers an added sense of space and freedom. There are also fully equipped pantries for the provision of full-course meals during flight. The Flight Deck, situated forward of the passenger accommodation, provides for the Captain, First Officer, Navigating Officer, Radio Officer and Engineering Officer.

REGULATIONS AND GENERAL INFORMATION

PASSPORTS, PERMITS AND VISAS

Please remember that you must have a passport before you travel, and that it must have the necessary endorsements, visas and permits. Without a valid passport it is impossible for you to set off on your journey. Our Travel Agents and B.O.A.C. Offices will gladly help you in obtaining these necessary documents—at a nominal charge. However, some consulates insist on personal attendance. And remember to carry your passport on you—don't pack it.

HEALTH REGULATIONS

Valid certificates of either inoculation or vaccination—or possibly of both—are necessary for most countries. Please ask our advice for what is required in your case. And remember that without these certificates you will not be able to start on your journey any more than if your passport is not valid. You should get them made out on the proper international form and attach them to your passport.

YOUR BAGGAGE

When you arrive at the station of embarkation, your baggage will be weighed, registered and labelled "Required at Nightstops" or "Not Required on Voyage." The baggage labelled "Not Required on Voyage" will not ordinarily be accessible until the end of your journey, but baggage labelled "Required at Nightstops" will be available at all nightstops. You should pack, therefore, so that all the articles you may need during your journey are in one bag—such things as toilet articles, night clothes, clean linen and underclothes, as well as a spare suit. When travelling throughout the night, toilet articles should be included in a small unregistered cabin bag which you take charge of yourself. And remember that in most countries to-day, there is still a shortage of many articles such as soap and towels. You should, therefore, include these in your nightstop bag, as even in our own hotels and rest houses, they are not always obtainable. A pair of anti-glare sun glasses and a coat hanger or two are always useful.

PERSONAL BELONGINGS

May we ask you to take special care of such small possessions as hats, coats, umbrellas, scarves, gloves, etc. They are easily mislaid and neither the Corporation nor our crews and ground staffs can be held responsible for looking after such things or for their safety. In particular, we would be grateful if you would leave nothing in the aircraft at nightstops.

PROHIBITED ARTICLES

Government Regulations do not permit the carriage of inflammable or explosive material in aircraft. You are therefore reminded not to carry in your baggage or on your person any articles which are easily ignited, such as cigarette lighter fluid, matches, photographic flash bulbs, etc. The only exception to this rule is that where smoking is allowed on aircraft, you may carry a small supply of safety matches or a lighter on your person.

VALUABLES

Valuable articles, such as jewellery, should be carried personally whenever possible. If, however, you decide to pack them, make sure that your cases can be securely locked. Please remember that the transfer of valuables is governed by currency regulations—you should ask your Travel Agent's advice on this point.

FREE BAGGAGE ALLOWANCE

(a) Your ticket entitles you to a free allowance of baggage. The amount of the free allowance varies from 20 kilos (44 lb.) to 40 kilos (88 lb.), and is dependent on the journey that you are making. In most cases an allowance of 30 kilos (66 lb.) applies—your Travel Agent will give you details of this when you make your reservation. Allowances for children also vary according to the journey and the child's age, but in the case of infants travelling on the 10 per cent. fare basis—for whom no free allowance is permissible—a carrycot or similar portable cradle is allowed as part of the child's personal weight.
(b) Personal articles—such as a lady's handbag, books, a spare overcoat (extra to the one you are wearing), a rug, an umbrella or a walking stick, binoculars—are carried free as unregistered baggage in addition to the free baggage allowance. Any additional items are subject to excess baggage charges.
Baggage may be bulked for the purpose of calculating excess baggage charges in the case of two or more passengers who at the time of booking:
(i) have given notice of the fact that they are travelling as one party to a common destination by the same service,
(ii) present themselves (with baggage) for travel at the same time and place.

EXCESS BAGGAGE

If you want to carry more than your free weight allowance, you pay the excess charges listed in our tariffs, which our Travel Agents or B.O.A.C. Offices will show you. The carriage of excess baggage is, of course, subject to space being available in the aircraft and, therefore, we cannot guarantee that it will travel with you in the same aircraft. If you think you are likely to exceed your weight allowance and would like to check the weight of your baggage before your departure any of our offices will be pleased to allow you the use of weighing scales.

VALUATION CHARGE

Registered and unregistered baggage declared at a value in excess of £25 (U.S. \$100) is subject to an additional charge on such excess value at the rate of 9d. (15 cents.) for each £25 (U.S. \$100) or fraction thereof. If no declaration of excess value is made, the value of the baggage is deemed not to exceed £25 (U.S. \$100). A declaration exceeding £1,500 (U.S. \$6,000) from any one passenger cannot be accepted.

RESERVATIONS

The demand for accommodation on all services is very heavy and seats should be booked well in advance. Upon arrival at destination or at any point of transfer you should confirm that your return or onward accommodation is reserved.

CANCELLATION OF RESERVATIONS

If you have to cancel or defer your reservation, please let us know at the earliest possible moment and return your ticket. We cannot guarantee any refund for a cancellation or deferment at short notice, but the longer the notice, the greater the likelihood of a refund being possible.

CAMERAS

Except on our Atlantic routes, must remain inaccessible to passengers during flight. On some routes they may be packed in "Not Required on Voyage" baggage but on other routes regulations require that they are surrendered to the carrier to be placed in sealed containers. Please ask us or your Travel Agent what is required in your case. They must be declared to the Customs Authorities in every case when your baggage is examined.

CHILDREN

A child under two years of age, if he (or she) does not occupy an individual seat and is accompanied by a grown-up passenger, will be charged 10 per cent. of the published fare. If two children of under two years of age are travelling, then the charge for the first child remains at 10 per cent., but for the second child is half-fare. Half-fare is also charged for children between two and twelve years of age—and also for a child under two, if he (or she) occupies a separate seat. The age of the children is taken as at the beginning of the outward journey.

YOUR TICKET AND CONDITIONS OF CONTRACT

You must, of course, have a ticket before beginning your journey, which you get when you pay your fare. All tickets are issued subject to our General Conditions of Contract of Passengers and Baggage, which are shown in full at all British Overseas Airways Corporation (B.O.A.C.) Offices. You will also find that an extract of these conditions is included on your ticket.

WHAT YOUR TICKET INCLUDES

During your journey, whether on the ground or in the air, we provide you with all accommodation and meals from the time you leave the airport until you reach the destination shown on your ticket. We arrange also your transport to and from town centres and airports at most places. Other expenses are your responsibility, such as hotel bills incurred while you may have to wait for a connecting air service for which you hold a separate ticket or voucher—this is unless your ticket or voucher is otherwise endorsed. But if your connecting journey is on another B.O.A.C. service or on the service of an associated company we are again responsible for your accommodation and meals once you have restarted your journey and until you reach the final destination shown on your ticket. Finally, on this subject, we must add that any ticket or transportation taxes imposed by Governmental Authority are in addition to your fare and must, therefore, be paid by you.

RETURN TICKETS

Return tickets save money as they cost approximately 10 per cent. less than the two single fares. But, of course, the return ticket must be bought before your departure on the outward journey. With some exceptions, these return tickets are valid for one year. Special return tickets (known as "open-jaw" and "circle trip" tickets) are also available under certain conditions. An "open-jaw" ticket allows you to return to a place different from your airport of departure—or to start your return journey at a different place from the airport to which you travelled on your outward journey, or both. A "circle trip" ticket allows you to make a circuitous journey whilst enjoying the benefit of the return ticket discount. Unused portions of return, "open-jaw" and "circle trip" tickets may be made valid for travel between points or over routes other than shown on your tickets subject to adjustment in fares (which will be subject to compliance with applicable currency and cancellation regulations).

ROUND THE WORLD FARES AND EXCURSION FARES.—Tickets are available over specified routes. Further details are available on application.

INTER-CHANGE FACILITIES.—Tickets on North Atlantic Services and for certain other journeys may be booked in advance for travel one way by one air carrier returning by another air carrier. In such cases, half return fares are charged for each of the two journeys. In addition, passengers holding halves of tickets may, by arrangements in certain cases, have their tickets endorsed for return by another air carrier and still retain the benefit of the return ticket rebate. Further details and particulars of carriers participating in these arrangements on application.

STOPOVERS

You may break your journey at one or more places en route yet retain the benefit of the through fare, provided that you give us notice when you make your reservation. Hotel expenses at each stopover, however, will be your responsibility. Travel Agents and B.O.A.C. Offices will gladly supply further details on request.

ACCOMMODATION EN ROUTE

Conditions to-day often make it impossible for us to accommodate you as comfortably as we would like. However, where there are shortcomings we are doing everything in our power to improve matters as quickly as possible.

HOTEL ACCOMMODATION ON ARRIVAL

Accommodation is short at most destinations—so you should always see that your rooms have been booked for you in advance.

SMALL CHANGE FOR YOUR JOURNEY

You will find B.O.A.C. Currency Coupons indispensable on your journey, because without them you will be without any small change of the countries you call at en route, and you will be at a loss for buying drinks, souvenirs, presents, and so on. Any of our offices will give you details of these Currency Coupons—which you will need in addition to your Travellers' Cheques.

TRAVELLERS' CHEQUES

You may buy Travellers' Cheques from your Travel Agent or at our London Office and at some offices overseas. Note, however, that these can be cashed only within the "Sterling Area."

ANIMALS OR BIRDS OR OTHER LIVESTOCK

These cannot normally be carried.

PUNCTUALITY

Finally, we have to state that although we, of course, do everything in our power to ensure the punctuality of our services, B.O.A.C. cannot accept responsibility for any delay or suspension of a service, nor can we guarantee that connections will be made with other air services or with surface carriers.

TAXES

Any ticket or transportation taxes imposed by Governmental Authority are, in addition to the fare, payable by the passenger. U.S. Alien Head Tax of \$8.00 is collected upon entry into the United States when applicable. Bermuda Head Tax of 12s. 6d. (U.S. \$2.52) is payable on departure when applicable.

U.S.A. DEPARTING ALIEN INCOME TAX RETURN

This has to be made by the alien irrespective of length of stay in, or proposed length of absence from the U.S.A. You must apply for the request form to the Bureau of Internal Revenue Service within ten days before you leave the U.S.A.

CONSULT YOUR TRAVEL AGENT

For further information concerning current schedules, travel formalities, etc., please consult your Travel Agent. You will find that the assistance he can give you will prove invaluable for fast trouble-free air travel.

WHY WE SAY:
See your local
B.O.A.C.
Appointed Agent

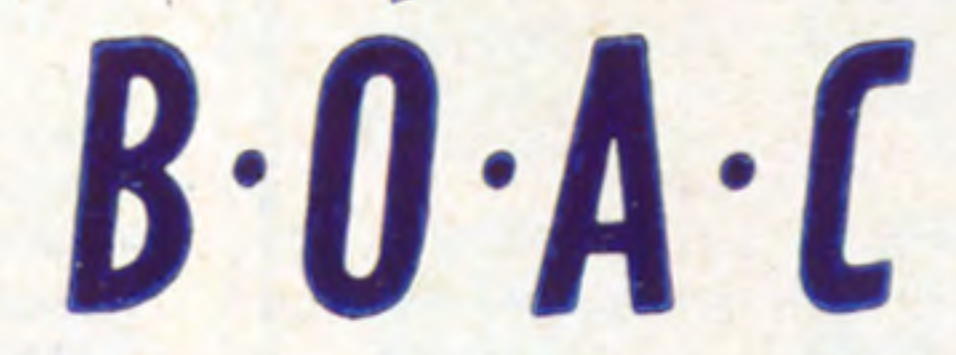

YOUR LOCAL B.O.A.C. APPOINTED AGENT MAKES NO CHARGE
FOR EXPERT ADVICE, DETAILED INFORMATION OR BOOKINGS.

BRITISH OVERSEAS AIRWAYS CORPORATION IN ASSOCIATION WITH Q.E.A., S.A.A. AND T.E.A.L.

He will tell you all you want to know about B.O.A.C. Speedbird services and connections across the world. Fares, flying times, restaurant facilities, overnight and refuelling stops en route, luggage restrictions and customs formalities—he knows the answer to all these questions.
He will arrange your bookings and reserve accommodations for you when necessary. In short, your local B.O.A.C. Appointed Agent is your "flight engineer" on the ground, handling the whole routine of your trip. Use his service freely; ask his advice, let him help you plan your trip from beginning to end.

Shell—wanted on voyage

The worldwide SHELL organisation, which began over 50 years ago

by bringing shells from the South Seas for Victorian drawing rooms,

has even more to do with the sea to-day.

SHELL's vast tanker fleet, manned by nearly 10,000 officers and men,

is among the world's largest under one house flag :

it is now starting on its third million tons.

SHELL are vitally connected with British shipbuilding

(40% of which is engaged on tankers).

SHELL research, pioneer as always,

is now helping to develop the world's first turbine tanker.

From oilfields all over the world

the SHELL fleet takes petroleum wherever it is wanted,

keeping things moving on land, on sea—

and in the air.

you can be sure of
