PASSENGER REGULATIONS

AND GENERAL INFORMATION

RESERVATIONS

To ensure your passage on the required date, a reservation should be made and fare or deposit paid well in advance. At destination or transfer points you are advised to confirm return or onward reservations.

CANCELLATION OF RESERVATIONS

If you have to cancel or defer your reservation, please let us know at the earliest possible moment and return your ticket. We cannot guarantee refund of fare for reservation cancelled or transferred at short notice.

AIRPORT DEPARTURE FORMALITIES

It is essential that you report to the departure Terminal or Airport no later than the time advised, as this allows the *minimum* time to complete all embarkation formalities. Flights cannot be delayed for passengers arriving late, and we cannot accept any responsibility in such cases.

PASSPORTS, PERMITS AND VISAS

All B.O.A.C. and Travel Agents' Offices will be glad to give you all assistance possible to obtain all necessary travel documents, passports, endorsements, visas or permits, which you require for your journey. Some Consulates, however, insist on personal attendance. When travelling remember to carry your passport. Do not pack it!

HEALTH REGULATIONS

Valid certificates of inoculation and/or vaccination, issued on a special international form, are an indispensable requirement of most countries. Please ask our advice on what is necessary in your case. Certificates should be carried attached to your passport.

YOUR TICKET AND CONDITIONS OF CONTRACT

Your ticket is issued subject to these Regulations and to our General Conditions of Carriage of Passengers and Baggage, of which you will find an extract in the ticket. The Conditions are exhibited in full at all British Overseas Airways Corporation offices.

RETURN TICKETS

Return tickets, First or Tourist Class, cost approximately 10% less than two single fares and are normally valid for one year. Special return tickets allowing approximately 10% rebate are issued on certain routes covering circle trips, round-the-world tours, and return from a different point from that to which you travelled on the outward journey. Excursion fares and special fares for scholars and students are also available in certain circumstances.

Interchange arrangements between B.O.A.C. and some other air carriers enable passengers to utilise the combined services at special fares. Please apply for full details.

CHILDREN AND INFANTS

An infant under two accompanied by an adult, and not occupying a separate seat, is usually charged 10% of the normal First or Tourist adult fare. Additional infants under two accompanying the same adult, an infant under two occupying a separate seat and children between the ages of two and twelve are charged half the normal First or Tourist adult fare. Age is taken as at the beginning of the outward journey.

WHAT YOUR FARE INCLUDES

Your fare includes all meals and gratuities in flight and on the ground from the departure of your aircraft until arrival at the airport destination shown on the flight coupon of your ticket. Meals provided on Tourist services are of a simpler nature than those provided on First Class services. Transport between town terminal and airport at points served by B.O.A.C. is provided free in the Eastern Hemisphere (excluding U.K. and Europe, Basra and Kuwait), but is charged for in the Western Hemisphere (excluding Buenos Aires). At nightstops and points of transfer to direct connecting services, ground transport and hotel accommodation is usually provided when your journey is entirely on B.O.A.C. services, or when it involves other carriers with whom we have an arrangement for a special through fare. (Not provided in the United States for travel to and from points in that country.) For all other journeys involving carriers with whom we have no such arrangements, hotel bills, etc., incurred at connecting points will be your own responsibility. For journeys involving carriage over certain sectors by local carriers, the regulations particularly in respect of baggage allowances and the provision of meal and hotel accommodation, may differ.

TAXES OR CHARGES

Any ticket, transportation or other taxes or charges imposed by Governmental authority are additional to the fare and payable by you, either with the fare, or in local currency upon arrival or departure. Please ask for advice at the time of booking.

STOPOVERS

You may break your journey at one or more places en route (except when precluded by Government order) yet retain the benefit of the through fare, provided that you give us notice when you make your reservation. Hotel expenses at each stopover will be your responsibility. On African and Far East Tourist services, stopover facilities are limited.

PROHIBITED ARTICLES

Government regulations do not permit the carriage of inflammable or explosive material in aircraft. You are, therefore, reminded not to carry in your baggage or on your person any articles which are easily ignited, such as cigarette lighter fluid, matches, photographic flash bulbs, etc. The only exception is that where smoking is allowed on aircraft, you may carry a small supply of safety matches or a lighter on your person.

FREE BAGGAGE ALLOWANCE AND EXCESS BAGGAGE CHARGES

The usual free baggage allowance on First Class services is 30 kilos (66 lbs.), but varies from 20 kilos (44 lbs.) for short journeys to 40 kilos (88 lbs.) for round-the-world journeys. On Tourist Class services the free baggage allowance is 20 kilos, except for certain short journeys within Europe where the free baggage allowance is 15 kilos (33 lbs.), and most journeys entirely within the Western Hemisphere where the free baggage allowance is 30 kilos (66 lbs.).

For passengers travelling part-way First Class, part-way Tourist Class, the free baggage allowance is that applicable to the class of travel used, except that where a Tourist Class service is used on part of a through journey for which the First Class fare has been paid, the First Class free baggage allowance can be carried without additional charge over that sector. Baggage in excess of the respective free allowance is charged for at 1% of the First Class single fare per kilo for the first 10 kilos. For baggage in excess of the first 10 kilos the rates are halved, except for certain journeys within Europe. When travel is part-way First Class, part-way Tourist Class, excess baggage is charged for only to the point at which the flight coupons indicate change of class. Any onward excess baggage charges are payable at that point and passengers are advised to have the necessary funds available.

Children at half fare get the adult allowance. Infants travelling at 10% fare have no free allowance, but a portable cradle may be carried without charge. Personal articles such as a lady's handbag, binoculars, etc., are carried free, but brief cases, overnight bags, attache cases and parcels are weighed as part of your free allowance.

EXCESS VALUE CHARGE

We invite you to declare the value of your baggage, registered and un-registered. For baggage declared at a value of £36 or less, there is no valuation charge. Baggage declared to be worth more than £36 or U.S. \$100 is subject to a valuation charge on the excess value at the rate of 9d. per £25 (or 15 cents per U.S. \$100) or fraction thereof. A declaration exceeding £1,500 (U.S. \$4,200) from any one passenger cannot be accepted. In the absence of a specific declaration value, you will be presumed to have declared a value not exceeding £36.

VALUABLES

Valuable articles, such as jewellery, should be carried personally whenever possible. Please remember that the transfer of valuables is governed by currency regulations—you should ask your Travel Agent or B.O.A.C. for advice on this point.

CAMERAS

Except on our Atlantic routes, cameras (and sometimes binoculars) must remain inaccessible during flight. In some cases they may be packed in registered baggage, but in others they must be handed to B.O.A.C. staff to be placed in sealed containers. They should be declared to Customs whenever baggage is examined.

TRAVELLERS' CHEQUES AND SMALL CHANGE

Travellers' Cheques encashable in the Sterling Area may be obtained at our London offices and at some overseas offices, or from your Travel Agent. In the Sterling Area, application for Travellers' Cheques encashable in specified territories outside the Sterling Area must be made through your bank or certain Travel Agents. You will find B.O.A.C. currency coupons indispensable, particularly at nightstop places in the non-Sterling Area where encashment is limited to £1 10s. per night. These currency coupons are not valid for use in Argentina, Brazil, Spain and Israel.

HOTEL ACCOMMODATION ON ARRIVAL

Accommodation is limited at most destinations so you should always see that your rooms have been booked for you in advance.

DOMESTIC ANIMALS

Domestic pets may be carried provided arrangements are made in advance.

PUNCTUALITY

Although we do everything in our power to ensure the punctuality of our services, B.O.A.C. cannot accept responsibility for any delay or suspension of a service, nor can we guarantee that connections will be made with other air services or with surface carriers.

CONSULT YOUR TRAVEL AGENT OR B.O.A.C.

It is impossible in the space available here to give more than an outline of points for your guidance. For greater detail we would refer you to our booklet "Before You Take Off." Any Travel Agent or B.O.A.C. office, however, will gladly supply further information concerning schedules, travel formalities, etc., and offer you every possible assistance.

... It is a never-varying standard of accuracy. That is why the rest of the orchestra tunes to the oboe.

And in the workaday world outside the concert hall, the absolute accuracy of standards is vital to you. You want to know, for instance, that the petrol in your car will do exactly what you require of it . . . That the kerosine in a heater or an incubator will not smoke . . . That the detergent in which your crockery is washed will safeguard your health . . .

That the roads you pay for through your rates will give the maximum of hard wear and save your pocket . . .

In these and a hundred other concerns which are part of your daily life, the checking and re-checking of products at Shell refineries and laboratories are your guarantee of dependability.
