PASSENGER INFORMATION

YOUR TICKET AND CONDITIONS OF CONTRACT Your ticket is issued subject to these Regulations and to our General Conditions of Carriage of Passengers and Baggage. These Conditions are exhibited in full at all B.O.A.C. offices and extracts can be found in your ticket.

YOUR FARE INCLUDES

Ground Transport Transport between town terminal and airport at points served by B.O.A.C. is charged for in the Western Hemisphere, U.K. and Europe (except Athens and Istanbul). Transport is provided free elsewhere in the Eastern Hemisphere (except at Abadan Aleppo, Basra, Cairo, Kuala Lumpur, Kuwait and Tokyo).

Meals On B.O.A.C. services your fare includes all meals and gratuities in flight and (except for Economy Class passengers) on the ground from the departure of the aircraft until arrival at the airport of destination shown on the flight coupon of your ticket. For Economy Class passengers, sandwich meals, with coffee, tea, milk or mineral water, are provided free *in flight* but facilities exist at airports for the purchase of other items.

Hotel Accommodation Hotel accommodation, meals and ground transport are usually provided at night-stops and, in many cases, on transfer to or from B.O.A.C. services and direct connecting services (up to a maximum of 24 hours). These facilities apply to Economy Class passengers in special circumstances and furthermore are not provided in certain other cases, irrespective of class of travel, e.g. at connecting points in the U.S.A., Canada and Australia for travel to and from points within those countries. As a general rule, the provision of such facilities is at the option of the carrier conveying the passenger to the connecting point. Regulations for journeys by local carriers may differ, particularly in respect of baggage allowance, meals and hotel accommodation.

STOPOVERS Except when precluded by Government order, you may break your journey at one or more places en route, and retain the benefit of the through fare, provided notice is given at the time of reservation. Hotel expenses at each stopover will be your responsibility.

REDUCED FARES *RETURN TICKETS* de Luxe, First, Tourist or Economy Class, cost approximately 10% less than two single fares and are normally valid for one year. Reductions of approximately 10% are made on most routes for *CIRCLE TRIPS* and *ROUND-THE-WORLD TOURS*.
EXCURSION fares, *FAMILY* fares, *EMIGRANT* fares and reduction for *SCHOLARS* and *STUDENTS* are also available in certain circumstances.
Interchange arrangements between B.O.A.C. and most other air carriers enable passengers to use the combined services at the normal through fares.

CHILDREN AND INFANTS An infant under two accompanied by an adult, and not occupying a separate seat, is charged 10% of the normal de Luxe, First, Tourist or Economy adult fare. Additional infants under two accompanying the same adult, an infant under two occupying a separate seat, and children of two years of age and over, who have not yet reached their twelfth birthday, are charged 50% of the normal de Luxe, First, Tourist or Economy adult fare. Age is taken as that at the beginning of the outward journey. Unaccompanied children under the age of seven are not normally accepted for travel. If you are travelling with children or infants, ask for our booklet "Babies as Air Travellers." Any requirements should be advised at the time of booking.

PASSPORTS, PERMITS AND VISAS Any B.O.A.C. or Travel Agent's office will gladly assist you to obtain the travel documents required for your journey. Some Consulates, however, insist on personal attendance.

HEALTH REGULATIONS Valid certificates of inoculation and/or vaccination, issued on a special international form, are definitely required by most countries.

TAXES OR CHARGES Any ticket, transportation or other taxes or charges imposed by Government regulations are additional to the fare and payable by you, either with the fare or in local currency on arrival or departure.

CURRENCY Our London offices, some overseas offices and Travel Agents supply Travellers' Cheques encashable in the Sterling Area. Applications for cheques encashable outside the Sterling Area must be made through your bankers or certain Travel Agents.
B.O.A.C. Currency Coupons are invaluable as small change for purchases aboard B.O.A.C., Qantas, S.A.A. or B.E.A. aircraft and for encashment (with a few exceptions) at nightstops or transit points in the Sterling Area. As a rule, encashment is limited elsewhere to 10/- at a stop of several hours and 30/- at a nightstop. Currency Coupons are not valid in Argentina, Brazil, Indonesia, Israel and Spain.

BAGGAGE

Free Allowance On de Luxe and First Class services the free baggage allowance is 30 kilos (66 lbs.). On Tourist, Economy and Coach Class services it is 20 kilos (44 lbs.). Passengers travelling part-way by one class of service and part-way by another are given the free baggage allowance applicable to the class of fare paid.
Personal articles, i.e. a lady's handbag, an overcoat or wrap, a foot rug, an umbrella or walking stick, a small camera, binoculars and reading matter for the flight may be carried free. Brief cases, cabin bags, attache cases, parcels, typewriters and heavy cameras are weighed as part of your free allowance. If this is exceeded, you become liable to excess charges.

Excess Charges Baggage in excess of the free allowance is charged at 1% of the First Class single fare per kilo. When a de Luxe, First, Tourist or Economy Class through fare is paid, through charges are payable at the point of origin. Separate regulations apply to "Mixed" Class travel, i.e. any combination of de Luxe, First, Tourist and Economy Class.

Excess Value Charge Passengers have the option of making a separate declaration of value for baggage. Registered baggage valued at more than £5.18s (U.S. $16.50) per Kilo and unregistered baggage valued at more than £117.18s (U.S. $330) per passenger is subject to an excess value charge of 9d. per £25 (or 15 cents per U.S. $100) or fraction thereof. The maximum declaration per passenger is limited to £1,500 (U.S. $4,200).

Children and Infants Children at half fare get the adult allowance. Infants travelling at 10% fare have no free allowance, but a carry-cot and infants' food for consumption en route may be carried without charge.

Unaccompanied Baggage On some routes, special rates are available for the carriage of unaccompanied baggage, i.e. wearing apparel (excluding jewellery and furs). For a minimum quantity of 10 kilos (22 lbs.), the rate charged is only 50% of the basic freight rate per kilo.

Cameras Over certain sectors of your journey restrictions may be applied to the use of cameras and binoculars.

Domestic Animals On certain services domestic pets may be carried provided arrangements are made in advance.

Prohibited Articles Government regulations do not permit the carriage of inflammable or explosive material in aircraft. Articles which are easily ignited, such as cigarette lighter fluid, matches etc., must not be packed in baggage or carried personally. However, where smoking is allowed on aircraft you may carry safety matches or a lighter on your person.

PUNCTUALITY While every effort is made to ensure the punctuality of our services, B.O.A.C. cannot accept responsibility for the delay or suspension of a service nor guarantee that connections will be made with other air services or surface carriers.

YOUR DEPARTURE It is essential to report to the departure terminal or airport no later than the time advised. This allows the MINIMUM time to complete all formalities. Flights cannot be delayed for passengers arriving late and we cannot accept responsibility in such cases.

RECONFIRMATION/CANCELLATIONS If you hold onward or return reservations it is important that you check these at the boarding city with the local office or agents of the carrier concerned. In the case of trans-Atlantic reservations or reservations for travel within or from the U.S.A. and Canada, failure to do so will result in the *cancellation of all your reservations*. Passengers who do not travel on the service for which they hold a reservation, and who have not cancelled in advance, are liable to payment of a "no-show" charge. Refund of fare for reservations cancelled or transferred at short notice cannot be guaranteed.

SEAT RESERVATIONS Reservation of specific seats in aircraft cannot be guaranteed, although at terminal stations every effort will be made to meet passengers' requirements.

COMBINED AIR/SEA JOURNEYS Arrangements exist with certain steamship companies for combined air/sea journeys. For pre-booked passengers or in cases of transfer en route, fare adjustments will be made as necessary. Special facilities for sending heavy baggage by sea are available to air passengers.

These are some of the main points concerning your journey. For greater detail please see our booklet, "Before You Take off." Any B.O.A.C. APPOINTED TRAVEL AGENT or B.O.A.C. office will gladly supply further information and offer you every possible assistance.

PASSENGER FARES

The published fares include transportation by connecting airlines, details of which will be given on application. Fare(s) specified between any two points take precedence over the combination of intermediate fares applicable between the same points. Fares published in local currency are applicable only in the country from which the fares are quoted.

FLY NOW AND PAY LATER. Arrangements can be made whereby residents of certain areas may, on payment of a 10% deposit, travel immediately and pay the balance of fare in monthly instalments.

Where certain fares are shown in English Pounds or U.S. $, the equivalent fares in local currency will be supplied on application.

De Luxe and First Class Services. B.O.A.C. offers passengers on Transatlantic and certain Caribbean services a choice of de Luxe "sleeper-seats" or, at lower fares, First Class fully reclining chairs. Most other First Class services are equipped with de Luxe "sleeper-seats" at no extra cost.

"Additives, sir, are things that are added to things . . ."

the boy's a genius

It sounds simple enough. To add special qualities to a motor oil, you just . . . well . . . add things to it.

Simple? It was revolutionary! *Shell X-100 Motor Oil* was the first oil of its kind. An additive oil, it claimed to do things no motor oil could do before and completely refuted existing ideas on engine wear.

It's not friction, said Shell, which causes most wear in engines. Research has proved it is corrosion from acid products of combustion. A modern oil must therefore be able to fight acid corrosion. It must also keep working parts clean and free from clogging deposits. Further, standards of stability must be raised to resist the sterner conditions of modern engines. How could all this be achieved? Shell Research found the answer . . . by remarkable chemical additives.

Shell X-100 Motor Oil, with its three special forms of protection, was a major advance in car lubrication. Today it is the leading anti-wear and detergent oil – the choice of discerning motorists everywhere.

You can be sure of SHELL
