AIR CALIFORNIA

with something new
under the sun.

Air California finds the sun in Palm Springs

When the sun starts playing hide and seek in most of California, it usually can still be found in Palm Springs.

Air California is the only airline offering regular direct service to Palm Springs from all three major Bay Area airports, and from Orange County.

Next time you long for fun and relaxation under warm sunny skies, take a SunJet to Palm Springs (maybe you'd like to try an Air California tour package).

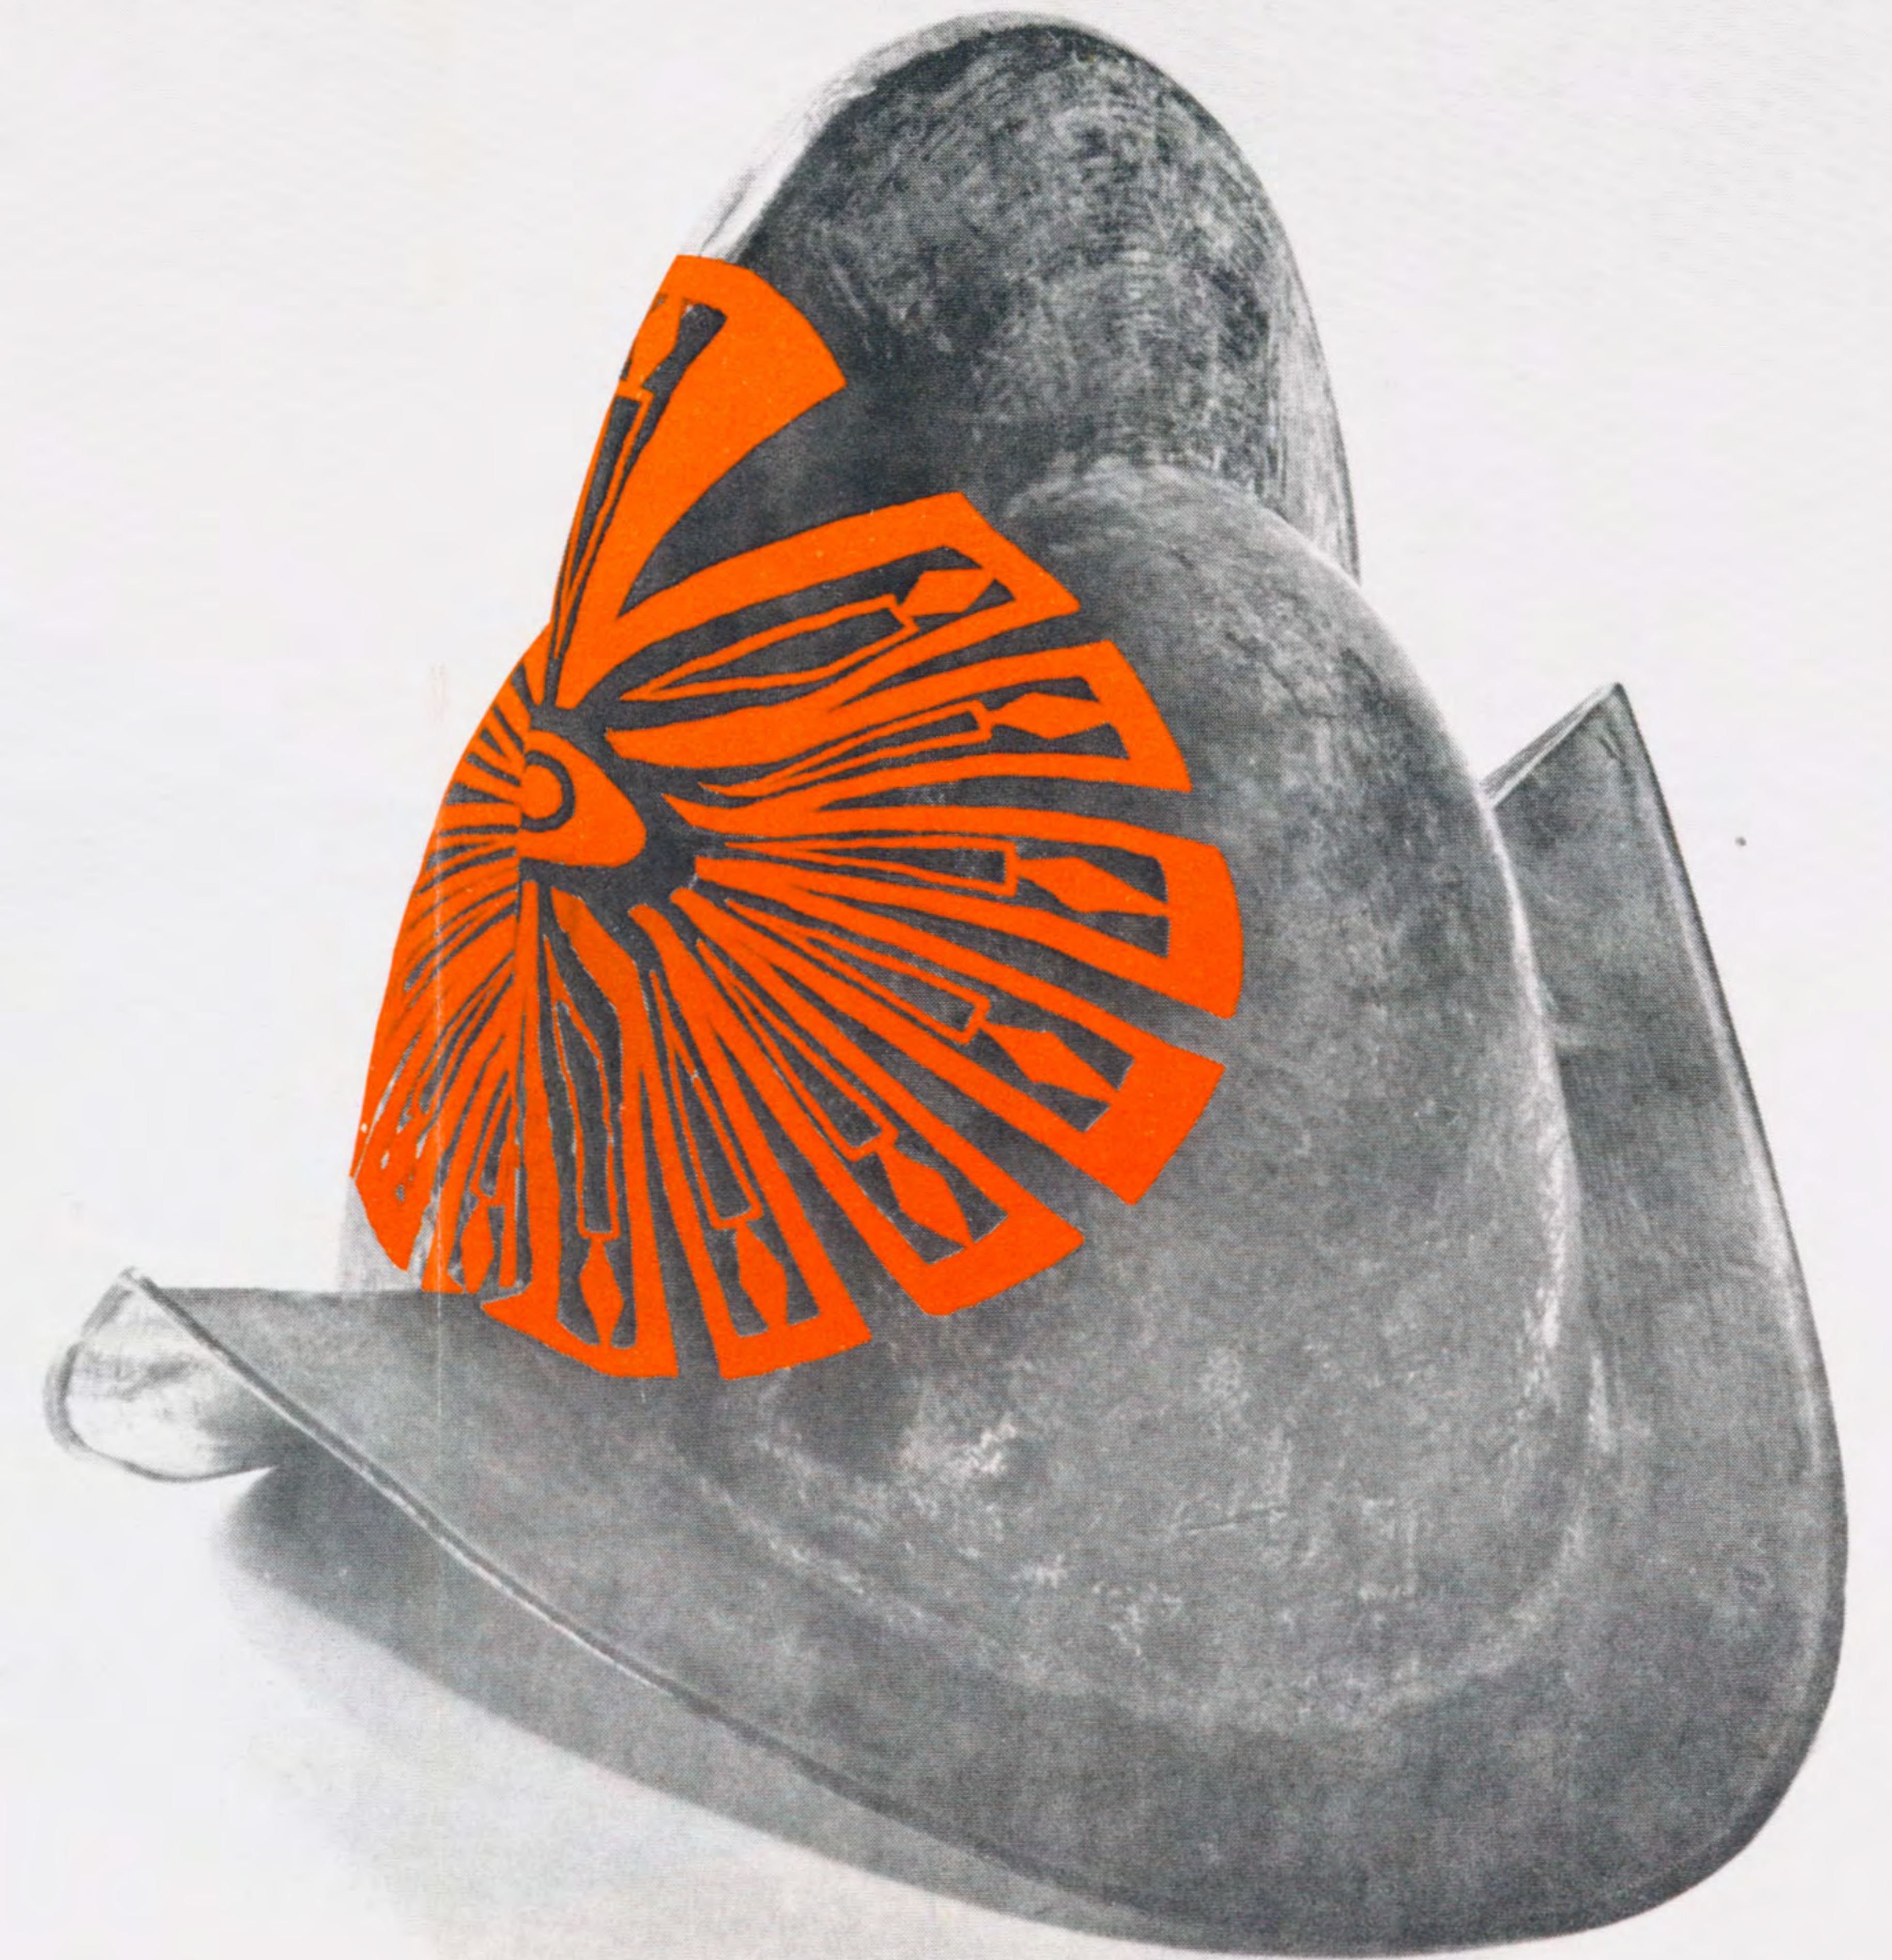

Some times the newest thing under the sun is simply getting under the sun.

Now Air California flies to San Diego

Air California makes another addition to its ever-growing service area as it inaugurates flights between San Diego and the San Francisco Bay region's most convenient airports: San Jose and Oakland.

These major California business and recreation centers are now linked by six Air California flights a day each way. Now, there's a new direct way to the water wonderland of Mission Bay, to world famous San Diego Zoo, to all the beauty of California's oldest city.

Commuter Military Fares

Servicemen in uniform carrying proper identification, can travel for 2/3 of the regular commuter fare on a stand-by space-available basis. (This special fare does not apply against government travel requests.)

Next time you have a pass or leave, let Air Cal help you start it. We appreciate what you're doing.

No other airline offers this special fare on commuter flights.
