## DON'T BE A NO-SHOW!

The no-show factor approaches 25% on peak period flights. Please cancel your reservations if your plans change, or you are unable to use them for any reason. There are many customers desiring confirmed seats that cannot be accommodated because of reserved space that will not be used.

## DON'T BE A NO-SHOW!

The no-show factor approaches 25% on peak period flights. Please cancel your reservations if your plans change, or you are unable to use them for any reason. There are many customers desiring confirmed seats that cannot be accommodated because of reserved space that will not be used.

# THE AIR FLORIDA K.I.S.S.

(Keep It Sweet & Simple)

## 1. What does our K.I.S.S. mean to you?

It's not just our slogan. It's our philosophy. So when it comes to going anywhere in Florida, our kiss will make it better.

Our kiss is sweet. It means the best schedules and the best service all over Florida. Fun. Friendly. And on time.

And our kiss is simple. Fares that are easy to understand and even easier to love.

## 2. Our K.I.S.S. is a steal.

Our "Half Fare" is the lowest available fare, you save 50% over the regular airline fares. This plus complimentary cocktails on all domestic flights.

## 3. Our K.I.S.S. has no strings.

To complicated air fares we say "kiss off". On Air Florida you can make reservations whenever you want. Stay as long as you need to. Fly any day you choose.

## 4. How to ask for a K.I.S.S.

Call Air Florida in Miami at 592-8010 or toll free statewide at 1-800-432-8505. Or see your Travel Agent.

## BAGGAGE INFORMATION

### Limits of Liability on Baggage

Liability for loss, delay or damage to baggage is limited as follows unless a higher value is declared in advance and additional charges are paid:

1. For intrastate travel wholly on AIR FLORIDA to the value of such property but not more than \$100 per piece or a total of \$250 per passenger;
2. For most international travel (including the domestic portions of international journeys) to approximately \$9.07 per pound (\$20.00 per kilo) for checked baggage and \$400 per passenger for unchecked baggage;
3. For interstate travel wholly between U.S. points, to \$750 per passenger on most carriers (a few have lower limits).

### Baggage Allowance

Each passenger is permitted one piece of carry-on baggage that must fit beneath the seat. All other baggage must be checked. Three pieces will be carried free of charge. There is a nominal charge for each additional piece or those over 80 pounds.

Excess valuation may not be declared on certain types of valuable articles. Carriers assume no liability for fragile or perishable articles. Further information may be obtained from the carrier.

### "HALF FARE" POLICY

At least 40% of Air Florida's total seats are designated HALF FARES. HALF FARES sold at under 50% of the regular coach fares. There are no strings and no special requirements. Because of the great demand we suggest you call for your reservation as far in advance as possible. You will find HALF FARES on every domestic Air Florida flight.

### CHECK-IN POLICY

Customers are required to present their tickets at the Air Florida ticket counter at least 15 minutes prior to scheduled departure time. Otherwise reservations may be cancelled.

### DISCLOSURE NOTICE—DELIBERATE OVERBOOKING

The no-show factor approaches 25% on peak period flights. Please cancel your reservations if your plans change, or you are unable to use them for any reason. There are many customers desiring confirmed seats that cannot be accommodated because of reserved space that will not be used.

Airline flights may be overbooked, and there is a slight chance that a seat will not be available on a flight for which a person has a confirmed reservation. A person denied boarding on a flight may be entitled to a compensatory payment. Liability rules for denied boarding compensation are available at all airport ticket counters.

The reason some flights are overbooked is that invariably a number of passengers who hold confirmed reservations become "no-shows" at flight departure time. Because the minimum number of "no-shows" can be predicted quite accurately based on historical data, the practice of overbooking avoids wasteful empty seats and enables thousands of additional passengers each year to travel on flights they prefer.

(Times and fares shown in this schedule subject to change without notice.)
