GENERAL INFORMATION

RECONFIRMATION

International—Passengers holding continuing or return reservations must confirm their reservations at least *72 hours before scheduled departure time whenever a stopover or break in travel of *72 hours or more occurs. *48 hours in the Bahamas.

CHECK-IN POLICY

Customers are required to present themselves for boarding at the Air Florida departure gate at least 10 minutes on domestic flights and 30 minutes on international flights prior to scheduled departure time. Otherwise, reservations may be cancelled.

SECURITY NOTICE

U.S. Government security regulations require the search of all passengers and articles carried on board aircraft. Please limit carry-on articles to only those items necessary for your inflight needs and allow sufficient time prior to departure to comply with these regulations.

DISCLOSURE NOTICE— DELIBERATE OVERBOOKING

No-Shows are an industry wide problem. Invariably, a number of passengers who hold confirmed reservations become "no-shows" at flight departure time. This number can be quite accurately predicted based on historical data. To avoid this wasteful practice and to enable thousands of additional passengers to fly each year, airline flights may be overbooked. There is a slight chance that a seat will not be available on a flight for which a person has a confirmed reservation. A person denied boarding for this reason may be entitled to compensation. Compensation eligibility rules are available at all airport counters. Some Airlines do not apply these consumer protections to travel from some foreign countries, although other consumer protections may be available. Check with your airline or travel agent.

SCHEDULES

Times and schedules shown in this schedule are subject to change without notice. Safety is our primary consideration. Schedules are based on expected flying times. Because of weather and other factors affecting operating conditions, routings, types of equipment, departure and arrival times cannot be guaranteed.

INTERNATIONAL TRAVEL

An international trip may require valid travel documents such as a passport, visa, reentry permit, health certificate, inoculation record or a return ticket. The ultimate responsibility for proper documentation rests with the passenger. Any doubts about the required travel documents may be resolved by contacting the appropriate consulate or embassy.
