ONE CLASS—ONE FARE

Alaska Airlines offers only one kind of service aboard the Golden Nugget jet. The king-sized seats are arranged to provide plenty of leg and elbow room. There are no extra charges for either Golden Nugget jet speed or Golden Nugget jet splendor. One class—the best; one fare—the lowest.

GOLDEN NUGGET JET SERVICE

SPLENDOR IN THE SKY

A jet-age seating innovation aboard the Golden Nugget Convair 880-M is the table that separates the seats on the left side of aisle. It is a wonderfully convenient place for snack trays and beverage containers. And it gives passengers plenty of room for stretching out.

PASSENGER PLEASER

In the Golden Nugget jet all passengers are welcome in the light and lively forward lounge. It's a wonderful spot for casual conversation, cards or cocktails. With 12 places, the Golden Nugget lounge is one of largest on any jetliner in airline service.
