SITKA, ALASKA

We're the tops.

Announcing some top-notch reasons why Alaska Airlines puts you on Top of the World.

- 1.** A top deal. The Bi-Alaska Fare. The best bargain in Alaska since Seward bought Alaska.
- 2.** Top times. Seven* nonstop flights a day between Seattle and Anchorage.
- 3.** More top times. Eight** commuter flights between Fairbanks and Anchorage every business day.
- 4.** Top news. The first jet service ever to Wrangell and Petersburg.
- 5.** Top vacations. Sixteen Top of the World vacations that would even make a Texan speechless. After all, nobody knows Alaska like Alaska knows Alaska.

*Six on Wednesday and Saturday.

**Seven on Wednesday and Saturday.

SITKA, ALASKA

Buy Alaska for less.

Anchorage \$5.
Sitka \$5.
Juneau \$5.
Ketchikan \$5.

Seward says: "To think I bought Alaska for 7 million dollars."

Introducing the new Alaska Airlines Bi-Alaska Fare.

Here's the deal:

Simply buy a round trip ticket between Seattle and Anchorage on Alaska Airlines and we'll give you stopovers in Ketchikan for \$5, Sitka for \$5 and Juneau for \$5. Buy a round trip ticket between Fairbanks and Seattle and we'll include Anchorage for \$5, too.

And it works both ways—flying to Alaska as well as from Alaska.

Stop off in one city. Or all four. Fly any day of the week. Any day of the year. Stop over as long as you want.

Simple.

The Bi-Alaska Fare with the spirit of William Henry Seward.

Just ask a travel agent.

Information

To assist you in your travel plans, the following information is provided.

Reservations: In order to provide you with the greatest flight selection, please make your reservations as far in advance as possible. We will be pleased to reserve rental car and hotel accommodations for you.

Please call our reservations office promptly if your plans change. This will enable us to confirm another flight of your choice and make your reservation available to another customer.

It is requested that you reconfirm your return or continuing reservations at least 24 hours in advance of departure after arriving in your stopover city. Reservations not reconfirmed at least six hours prior to departure may be cancelled.

Check In: Ticketed passengers are requested to be at the ticket lifting point (departure gate) at least 20 minutes before scheduled departure time.

To maintain on-time performance, we reserve the right to cancel your airline and ground reservations if you fail to present yourself at the ticket lifting point (departure gate) at least ten minutes prior to scheduled departure time.

Baggage—General Conditions: Baggage may be accepted only on the flight on which the passenger is to be transported. Baggage will not be accepted more than two hours prior to scheduled flight departure of the flight on which the bags are to be carried.

Allowances: Checked baggage allowance is limited to a maximum of six pieces per person; two (2) checked pieces *free allowance*, four (4) pieces maximum may be checked as *excess baggage*.

Size Limits—Free Baggage Allowance: One checked piece whose combined maximum outside dimensions of length, height and width do not exceed 62 inches. A second checked piece whose combined maximum outside dimensions of length, height and width do not exceed 55 inches.

Carry-On Items: Alaska Airlines will accept one or more additional pieces of baggage of which measured together, if more than one piece of baggage, the sum of the greatest outside length plus the greatest outside height plus the greatest outside width does not exceed 45 inches. Regulations also require that carry-on items must fit beneath the seat. Maximum underseat dimensions are 8" x 15" x 23". Items which are too large to fit under the seat, such as guitars, large overnight bags, etc., shall not be allowed as carry-on baggage. Items not meeting the physical dimensions for under-seat stowage can be accommodated in the heated, pressurized, and ventilated cargo compartment of the aircraft. FAA regulations also require that all articles to be carried onboard commercial aircraft will be searched. It is recommended that baggage not needed in flight be checked. Car keys, pills, critical medicine or other items necessary for health or well-being should remain in carry-on luggage whenever possible, as baggage checked prior to departure is generally unavailable again until claimed at destination.

Pets Carried in Passenger Cabin: A limit of one carry-on pet (dog, cat, or bird) is allowed per passenger compartment. The pet must be accompanied by passengers traveling in these compartments and must be stored under the passenger's seat. The animal must be in a container that is leakproof. The pet is to be left in the container throughout the trip and it must be placed beneath the seat during landing and takeoff. Advance reservations are required.

Unacceptable Items: Alaska Airlines will not accept as checked baggage:

- Any article weighing more than 70 pounds or whose greatest outside dimensions exceed 80 inches (greatest outside length plus greatest inside width plus greatest outside height). Such items may be acceptable as air freight in accordance with air freight tariffs.
- Any liquids or articles which may contain liquids.
- Any articles which can cause annoyance to passengers, or possible damage to the aircraft or other passengers' property.

Fragile items can be accepted only at passenger's risk.

Identification: Baggage is to be clearly tagged or labeled with the name of the passenger. This tag is to be on the outside of each piece of baggage. Labels are available at no charge at your Alaska Airlines ticket counter or city ticket office.

Restricted Articles: Compressed gasses, corrosives, explosives, flammable liquids and solids, oxidizing materials, poisons, radioactive materials, magnetic materials, mercury, etc., such as lighter fluid, stove fuel, gasoline, wet cell batteries, oxygen bottles, fireworks, etc., which are classified as restricted articles under Air Freight Restricted Articles Tariff 6-D (C. A. B. 82) will not be accepted for transportation except by advance arrangement and consent of Alaska Airlines.

Alcoholic Beverages: Federal Aviation Administration regulations provide that no person may drink alcoholic beverages aboard an aircraft unless they have been served by the airline and no airline may serve such beverages to any person who appears to be intoxicated.
