# How To Use This Timetable

All cities served by Alaska Airlines and Horizon Air are listed alphabetically, and a route map is located on the back cover.

**DIRECT FLIGHTS:** All Alaska Airlines and Horizon Air direct flights are listed in the timetable. (Direct flights are those that are scheduled between two cities, regardless of whether or not there are intermediate stopovers.) Simply turn to the city that you wish to depart from and read down the column until you locate your destination city. Departure and arrival times, along with flight numbers are clearly shown.

**CONNECTING FLIGHTS:** If your destination city is not listed under the name of your departure city, then your trip will require a connecting flight. To determine your connection city, turn to the map on the back cover and trace the route lines from your departure point to your destination.

*For example, to travel from Spokane to San Francisco you would first fly to Seattle—your connection city, to make your connection flight to San Francisco. As you can see from the chart below, you will need to allow 30 minutes between flights. Now, look up Spokane and make a note of the departure and arrival times for flights to Seattle. Then look up Seattle to San Francisco and select a flight which leaves Seattle at least 30 minutes after the arrival of your flight from Spokane.*

## MINIMUM CONNECTION TIMES BETWEEN FLIGHTS
