COAST-TO-COAST
IN NEW DOUGLAS
FLAGSHIP
SLEEPER PLANES

On September 18th, a truly "First-Class" air service will be inaugurated Coast-to-Coast overnight.

American Airlines, Inc., takes great pleasure in being the first airline able to offer you such a magnificent air service . . . the first airline to offer flights Coast-to-Coast which combine Pullman-Style Sleeper Service, finest planes, greatest luxury and speed in one **complete** service.

American Airlines, Inc., backs this flight innovation with more than 10 years of air transport experience . . . more than 2½ years experience in operating Sleeper Planes transcontinental . . . and its position as the most popular airline in the world.

ONLY AMERICAN'S "FIRST-CLASS" SERVICE HAS ALL OF THESE 10 IMPORTANT FEATURES

- ① New **express** service . . . only 3 stops . . . no change of planes.
- ② Coast-to-Coast **overnight** . . . greater speed.
- ③ Largest, fastest land transport planes . . . new Douglas Flagships. Top Speed: 220 m.p.h.; Cruising Speed: 190 m.p.h.
- ④ Pullman-Style night and day accommodations . . . No need to sleep in a chair . . . berths large as twin-beds.
- ⑤ **Separate** dressing rooms for men and women . . . also separate toilets . . . 4 rooms, in all.
- ⑥ The Sky Room . . . world's first aerial Private Drawing Room . . . a 2-berth compartment with lavatory. (This room may be reserved in advance.)
- ⑦ Roomier, quieter cabins . . . smooth steady flight with automatic Gyro-Pilot Control.
- ⑧ Superb meal service at no charge . . . tables, silverware, real china . . . and a Flying Kitchen.
- ⑨ Stewardess Service, night and day . . . call buzzer at hand.
- ⑩ Air conditioning for comfort . . . at terminals as well as aloft.

THE NIGHT WAS MEANT FOR SLEEP

Travelers can sleep in a bed on board ship and on a train. . . Why should they sit up all night in a plane?

So reasoned American Airlines' officials. And, due to their business interest in your personal comfort, the world's first and only Sleeper Plane service was inaugurated in May, 1934.

Transcontinental air passengers, seeking the normal comforts of travel, flocked to this new service. For them, there was no fitful napping

in makeshift sleeping accommodations, but—clothes off, pajamas on—a full night's sleep aloft in a real bed. In the morning, they arrived rested, keen for business or pleasure, instead of needing a day's rest.

Because this exclusive Sleeper Plane Service has met with such a real welcome, American Airlines, Inc. now inaugurates still finer, more complete, air "Pullman" schedules in new giant Douglas **FLAGSHIP** Sleeper Planes, the largest, fastest, most luxurious land transport planes in America . . . a truly "**FIRST-CLASS**" service—**AT NO EXTRA COST.**

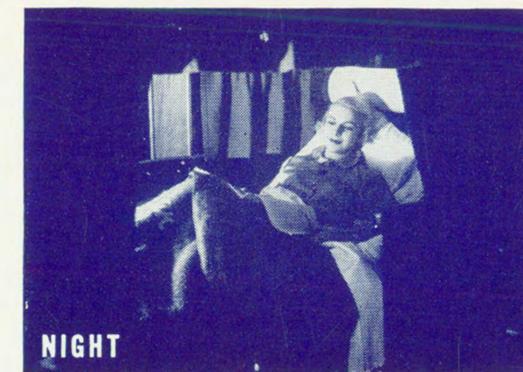

WHY THESE NEW COAST-TO-COAST AIR SERVICES ARE "FIRST-CLASS"

American Airlines designates its new "Mercury" and "Southerner" Flagship flights as "**First Class**" transcontinental services, because they combine these three major features:

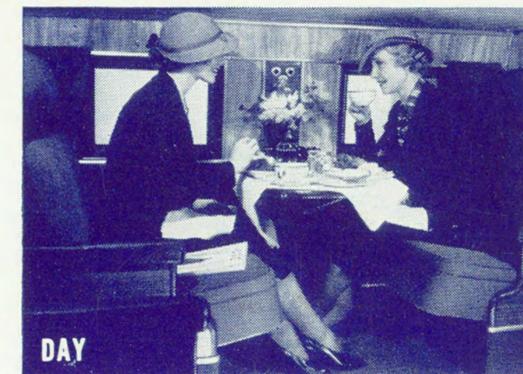

PULLMAN-STYLE SLEEPER BERTHS in giant Douglas **FLAGSHIPS** . . . largest and fastest land transport planes in America . . . Berths large as twin beds!

NEW LUXURY OF TRAVEL APPOINTMENTS AND SERVICE unmatched aloft or on the ground.

ONLY 3 STOPS—NO CHANGING PLANES . . . a new **express** service Coast-to-Coast overnight . . . 15 hours, 50 minutes, eastbound.

In July, American Airlines, Inc., carried 26,786 passengers, more than any other airline in the world has carried in any single month.
This new July figure caps a 10-year passenger total of more than 875,402 . . . another American Airlines' world's record.
These figures show that American Airlines, Inc., is the most popular airline in the world. Here, we believe, are the reasons why it is the most popular . . . the reasons why you will find it the most deserving of your patronage:

SERVICE TO MORE CITIES . . . 57

"American" provides direct air service to 57 major American cities from coast-to-coast, from Canada-to-Mexico . . . over the largest system in the United States.

MORE DAILY SCHEDULES . . . 79

"American" operates a world's record of 79 schedules every day, providing a maximum of convenient departures and arrivals for the greatest number of cities. Featured flights are the "4-Star" Services mentioned on this page.

AMERICA'S MAJOR FLEET . . . FLAGSHIPS

"American's" great fleet of modern airliners, operated by a corps of 194 pilots, includes 20 Douglas Flagships, premier land transport planes of the world. These new giants operate the "4-Star" flights.

WORLD'S FIRST SLEEPER PLANES . . . Transcontinental Service

American Airlines, Inc., inaugurated the world's first Sleeper Plane Service in 1934 . . . transcontinental flights which permitted passengers to undress and go to bed at night — and arrive refreshed and fit.

This month, American inaugurates faster, 3-stop, improved Sleeper Flagship flights coast-to-coast overnight . . . still provides air travelers with the **only** Pullman-Style Sleeper Service in America.
