AMERICAN AIRLINES INC.

JULY 11, 1937

HERE IS A MAN GOING
FROM CHICAGO TO NEW YORK
IN 3 HOURS AND 55 MINUTES

● He is not hurrying. A giant American Airlines' Flagship is doing his hurrying for him. And *he* is pleased! "American" enables him to escape more than 12 hours of unnecessary travel, and all-night-on-the-road. See how cool he is, not sweltering, because the plane is fresh-air-conditioned aloft by Nature. Cooled and humidified by air conditioning units at airports. Because he is *above* the dust and dirt of ground travel, he stays clean and fresh—with clothing unwrinkled.

Relaxed in a deep Club Plane lounge chair, he reads, smokes, chats away the brief, pleasant hours. Enjoys a delicious, complimentary meal served by the courteous Stewardess. Admires the gently rolling country from a new and beautiful viewpoint.

This man has finished a full business day in Chicago, boarded American Airlines' Non-Stop Arrow at 5:00 pm Standard Time. He soon will be in bed in New York for a good night's sleep.

He could take even later Flagships tonight. Or he *could sleep in his own home in Chicago tonight* and take a Flagship tomorrow morning or afternoon and be in New York for afternoon or evening business. So can you!

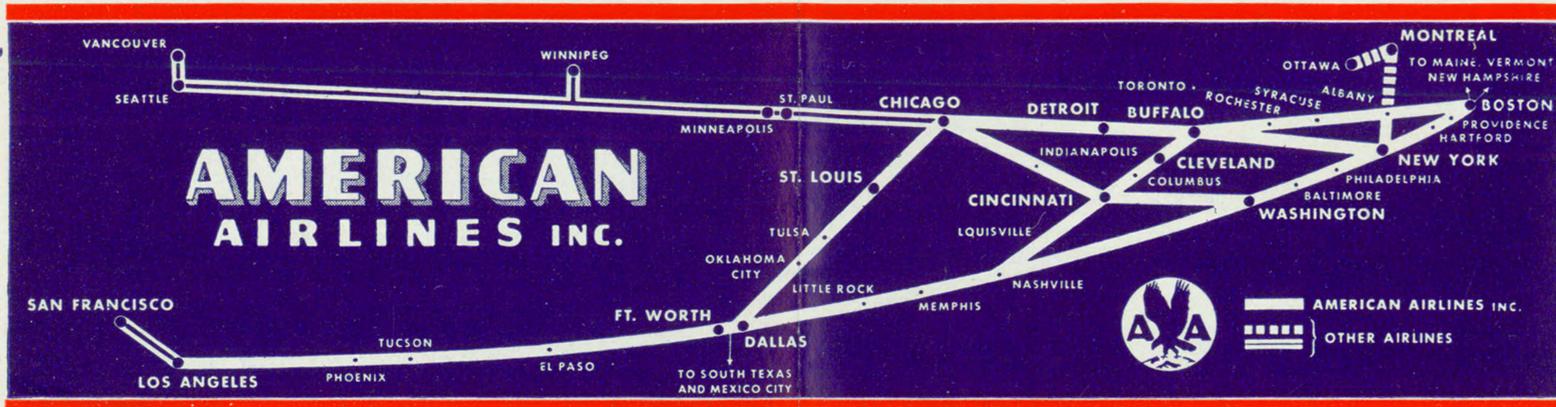

VACATIONERS!
Vacation travelers also use the comfort and time-saving advantages of American Airlines to go farther and see more in less time.
