Berths large as twin beds

Your choice of 3 New York-Chicago routes on American. Go one way, return another. Stop-over enroute at the regular low round trip fare.

The MERCURY and the SOUTHERNER flying American's All-Year Southern Route—are the original coast-to-coast Skysleeper flights. Inset shows how other routes bring this service to many cities.

See Niagara from the air

Use American's limited-stop Southern Route for speed—the midwest route to cover more business territory or see more country at no extra cost.

Flagships are air-conditioned for your comfort.

American's EAGLE and ARROW are the only through Chicago-Boston flights—no change of plane, and only one stop. Many other daily flights via the Niagara Route or up-state New York.

"TODAY I'm Going to FLY!"

Here's how it happened . . .

I've always dreaded long, tedious trips. Sure, I knew planes would save hours—even days—but I never associated flying with my own travel needs.

Then George Sheridan got hold of me. He told me about the MERCURY on American's famous SOUTHERN ROUTE. Here's the way George put it: "Suppose you're flying from New York to California—a delicious dinner aloft, a cool night's sleep in a comfortable berth—and you wake up at Los Angeles next morning!"

It sounded pretty good. So I phoned American Airlines and made my reservation. I was surprised at the low fares—\$149.95 from New York to Los Angeles. And I'll save 10% by buying a round trip. Now I'm going to know what it's like to be in one of those mighty Flagships—to eat a meal a mile or so above the ground, to "turn in" on a berth as wide as a twin bed and a full six feet, five inches long—to sleep under the stars and dream my way across the continent.

TRANSPORTATION TO AND FROM AIRPORTS

American Airlines has arranged for special limousine and cab service at low fares between the airport and downtown districts in all of the cities through which it operates. These fares usually range from 50 cents to \$1.00.

Passengers desiring transportation to the airport at point of departure must inform the agent when making reservations, or telephone American Airlines at least one hour and a half before plane departure. Passengers desiring transportation at destination must advise the agent when checking in at the airport.

GENERAL INFORMATION

AND COMPLETE SYSTEM MAP

ANIMALS—Pets will be accepted as excess baggage under certain conditions. Consult AMA agent.

BAGGAGE—Thirty-five (35) pounds of baggage will be carried free on any ticket. Excess baggage carried upon special arrangements and shall be at the rate per pound of one-half of one per cent of the published air passenger fare, with a minimum charge of twenty-five cents, and the liability of the Carrier for loss of or damage to baggage and/or personal property is limited to the amount of One Hundred Dollars (\$100.00) unless a higher valuation be declared and an additional charge paid therefor. Excess valuation limited to \$1000.00 on each full fare ticket. From 35 to 55 pounds of baggage will be carried free on tickets of passengers destined to Mexico, Central and South America using Pan American Airways. Inquire of ticket agent for full details. On tickets of transoceanic passengers 50 pounds of baggage will be carried free, or 35 pounds will be carried by plane and 100 additional pounds transported by rail express.

CHILDREN—Children under two years of age, when held in arms of parents or guardian, carried free. Children over two years of age will be charged full fare.

FOUNTAIN PENS—Due to changes in atmospheric pressure when higher altitudes are reached many fountain pens have a tendency to leak when the plane climbs above 8,000 feet. Usually all that is necessary is to screw the cap on tightly. However, some of the older model pens leak so badly that it is best to wrap them to avoid damage to clothes or contents of hand bags.

GENERAL—The use of alcoholic beverages is not permitted on planes of American Airlines.

INSURANCE—Trip insurance is available at most airports.

PASSAGE, CANCELLATION BY COMPANY—The Company reserves the right to cancel bookings before passage or en route. Pilot may remove passengers from plane at any point on the route for safety or other cause. In all events the passenger's sole recourse shall be recovery of that portion of the fare equal to the distance untraveled.

PASSAGE, CANCELLATION BY PASSENGER—The purchaser may receive a refund for passage if canceled two hours prior to flight.

REFUNDS—Requests for refunds on tickets should be addressed to the Auditor of Ticket Accounts, American Airlines, Inc., 4848 West Sixty-Third St., Chicago, Ill.

RESERVATIONS—All space is reserved, though no definite seat assignments are made. Reservations will not be made except upon payment of fare. The sale of any seat is necessarily subject to company regulations for the control of space which in certain instances restrict the release of portions of through seats.

ROUND TRIP FARES—10% reduction on all round-trip tickets if purchased before start of original trip. Return trip must be started within sixty days.

STOP-OVER—Ten (10) day stop-over will be allowed at any regular stop, provided reservation is made accordingly.

TIME-TABLES—These time-tables show the times at which planes may be expected to depart from and arrive at the several stations shown, and to connect with trains or other planes, but their departure, arrival, or connection at the time stated is not guaranteed. American Airlines reserves the right to vary from the time shown in this folder without notice to the public.

DON'T WORRY ABOUT BAGGAGE

American Airlines carries 35 pounds of luggage free on your ticket. For a man—or a woman—this means sufficient clothing for 4 to 7 days. The average bag weighs only 5 to 8 pounds, carries 27 to 30 pounds of clothing and accessories.

If you have extra trunks and cases, we will take care of shipping them for you in advance by rail express. Simply give us your instructions and pay us the regular Railway Express charges—we do the rest!
