**THE SUPER 80**

One of the world's most fuel-efficient and technologically advanced commercial airliners—The Super 80—has joined the American Airlines fleet. American will be the first major United States carrier to fly the Super 80, taking delivery of twenty aircraft over an eight-month period between May and December, 1983.

Built by McDonnell Douglas and powered by two Pratt and Whitney JT8D engines, the Super 80 has a range of about 2000 miles; yet it can also be used efficiently to tie together many shorter haul routes such as those that feed into American's Dallas/Fort Worth and Chicago hubs.

Among the Super 80s many passenger service features are roomy coach seats in an attractive two-seat/three-seat configuration resulting in fewer middle seats. Wider aisles, plenty of beneath-the-seat stowage and large overhead storage bins that accommodate garment bags lying flat are added convenience features.

Share the excitement of this next step in aviation. A great airline and a great airplane for the eighties. American's Super 80.

We're **American** Airlines.  
Doing what we do best.

## AA Luggage Tips

At American, we do all we can to make sure that our passengers and their luggage arrive in the same place at the same time. To help us do still better, please follow these 12 luggage and packing tips:

- 1. Use sturdy, lockable luggage.** Choose luggage that is strong and can be locked. We recommend use of combination locks. Arrange any necessary repair or replacement of older bags before your trip.
- 2. Use external name tags.** We can return a misplaced bag faster if your name and address are on it. Any AA ticketing location or baggage service office will be glad to provide free tags. Be sure your name and address are inside each bag, too.
- 3. Remove old destination tags.** To avoid possible confusion, take off the destination tags from your previous trips.
- 4. Make lists of luggage contents.** List the contents of your bags and keep the list with you. You can help us identify a misdirected bag by giving us an accurate list of its contents.
- 5. Avoid overpacking your bags.** Overpacking can damage your bags and their contents. Pack only what your luggage can comfortably hold. Be particularly careful with canvas or similar soft-sided bags.
- 6. Treat fragile items with care.** Pack small breakable souvenirs in your carry-on bag. Have larger breakables carefully packed for shipment. Tighten the tops of liquid containers before packing them.
- 7. Keep your valuables with you.** Do not check house or car keys, insulin or other medication, money, jewelry, legal documents, passports, tourist cards or other valuable or negotiable items.
- 8. Follow carry-on luggage regulations.** Carry-on bags must fit under your seat. Maximum allowable size is 9 inches by 13 inches by 23 inches. While our airplanes have some space for larger bags and garment bags, it is quite limited. Check them if you can.
- 9. Check in early for flights.** Check in at least 30 minutes before scheduled departure for domestic flights, an hour before on international trips. Remember to allow enough extra time for the lines that are always a part of air travel during the peak times of the year. Early check-in gives us time to get your luggage to your plane; a last-minute check-in means the bags may still be in the terminal when you are in the air.
- 10. Monitor the luggage you check.** Wait at the curbside or ticket counter until our agent or Skycap has tagged your bags. Double-check to be sure the tag receipt shows the right destination. Keep the receipt in a secure, easily accessible location.
- 11. Allow ample connecting time.** An airline cannot connect bags as quickly as it connects passengers. Follow the scheduling advice of your Travel Agent or AA reservations agent.
- 12. Remember that bags look alike.** Do not rely on style or color when reclaiming your luggage. Match the number on the bag tag with your tag receipt and check your ID tag before leaving the claim area.

# American at D/FW

## More Convenient than Ever!

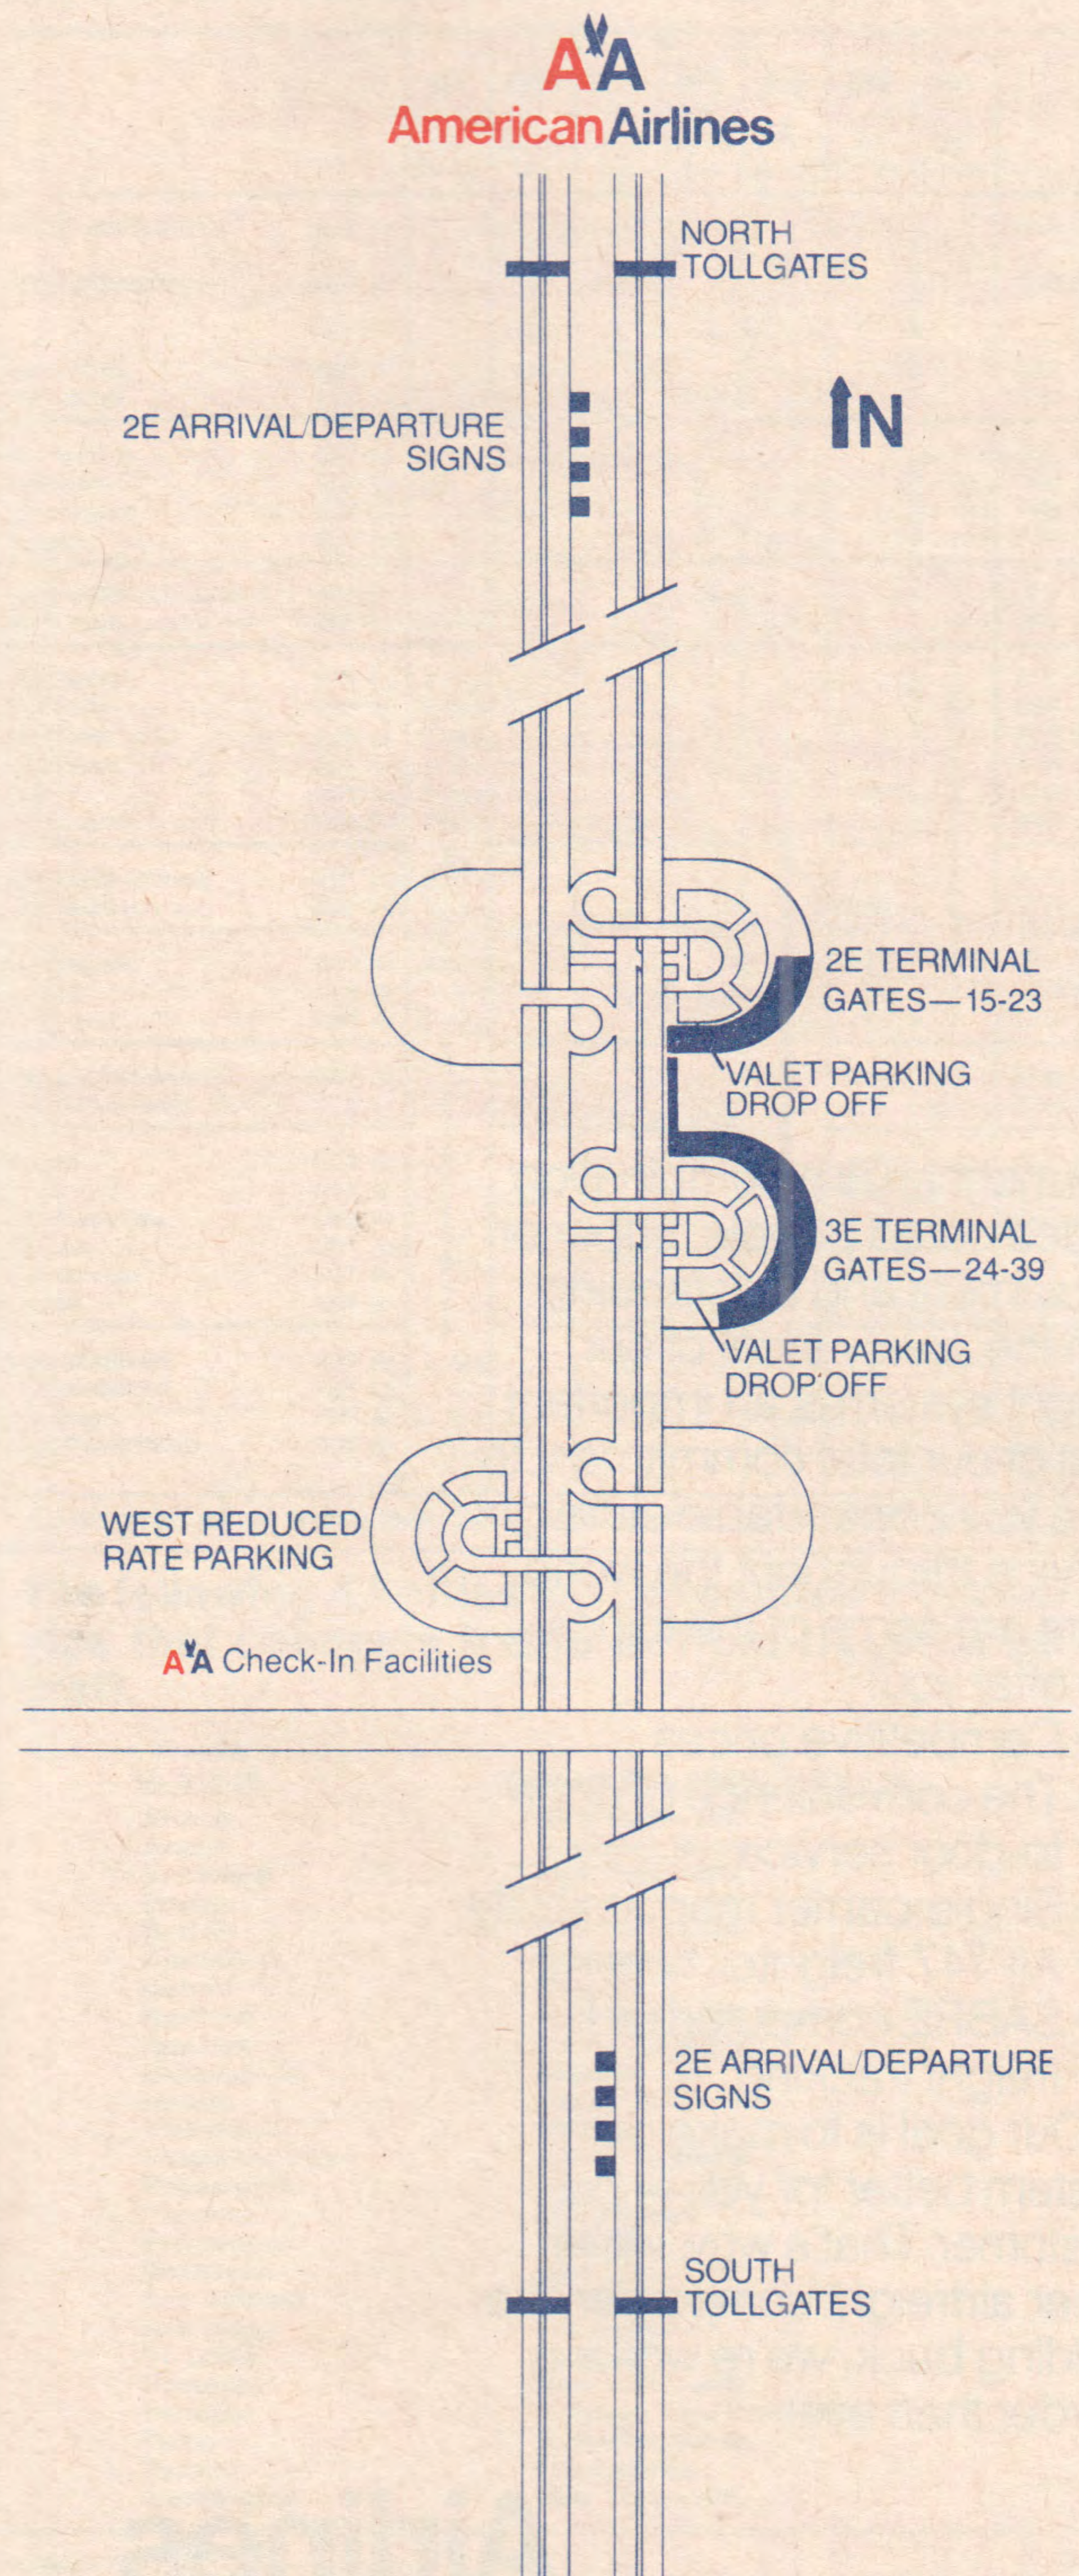

American Airlines is proud to bring you our expanded terminal at D/FW. We're giving you more of our best...more gates...more parking...better-than-ever service.

Our expanded terminal, opening April 24, will feature two buildings, 2E and 3E, connected by an enclosed walkway with a moving sidewalk. Each building has its own close-in parking, and we've designed several easy ways to get you where you're going:

- In American's **timetables**, flights planned to arrive or depart terminal 2E will be given a special designation; other flights are planned to arrive and depart terminal 3E.
- When you make **reservations**, our telephone sales representative or your travel agent can tell you the terminal number for your flight.
- If you get an **advanced boarding pass**, look for the terminal number on the pass.
- You can also **call 267-2222**, either the day of your flight or one day before. Brief automated instructions will tell you how to use your push button phone to punch in your arrival or departure flight number and day of your travel to obtain current information on your flight time and terminal \* (Effective 4/23/83)
- At the **airport**, look for our large electronic signs just inside the North and South toll booths. Arrivals and departures for terminal 2E will be displayed. All other flights will use 3E.
- Then follow the **terminal signs: green for 2E, red for 3E**. And welcome aboard American.

And there's more...two valet parking drop-off points, one at 2E and one at 3E...new close-in parking spaces...two American check-in facilities at the West reduced rate parking areas.

\*Outside the Dallas/Fort Worth area call (817) 267-2222.
