TO OUR PATRONS:

The schedules contained herein are purely temporary and are due to the fact that additional airway aids are being installed along our route from Albany to Montreal.

We have been advised by the authorities in Washington that these new aids will be completed by the first of November, at which time it is our intention to arrange schedules which we believe will be more convenient to our passengers.

Appreciating your past patronage, we ask that you grant us, during this temporary period, your indulgence and cooperation.

Very truly yours,

Sigmund Janas
