ALTAIR

ABOUT ALTAIR

ALTAIR is expanding rapidly, entering many new markets, and flying many passengers for the first time. We thought you might like to know a little about us.

ALTAIR is a scheduled air carrier, certificated by the Civil Aeronautics Board, flying full airline transport category aircraft on our main routes. (We also operate commuter aircraft in a few smaller markets).

ALTAIR was founded in 1966, and has flown between our home base of Philadelphia and a dozen cities in the mid-Atlantic area ever since. Taking advantage of the recently passed Airline Deregulation Act, we have expanded service with more advanced aircraft over our old routes and instituted new service to Pittsburgh, Washington-Dulles, Raleigh-Durham, Binghamton, and Elmira. Effective April 1st Altair introduces new service linking Charlotte with our system to the South, and providing a convenient pattern of new flights between Richmond, Dulles and Baltimore and Newark. This expansion will make it possible to fly in comfort and speed on ALTAIR between most of the major cities in the mid-Atlantic area.

THE NAME

The name Altair is taken from the first magnitude star "Altairus", brightest in the constellation "Aquila" (Eagle) from which our Blue Eagle symbol is derived. The star "Altairus" was used by ancient navigators during their ocean voyages.

ABOUT OUR AIRCRAFT

ALTAIR'S fleet consists of seven 27-passenger Nord 262's and six 15-passenger Beech 99's. Both aircraft are jet-prop powered. The Nord's were built in France by Aerospatiale, the makers of the supersonic Concorde, and were acquired by ALTAIR to provide the speed, comfort, and capacity required for our routes. Fully pressurized and radar equipped,

the Nord has the capability to fly over and around bad weather. (And all ALTAIR aircraft utilize radar and the sophisticated navigational equipment and landing aids required to insure reliable operations under all conditions.)

ALTAIR'S Nord is a unique aircraft. It is built to the same exacting standards and design criteria that are applied to the largest of jets—it is in every sense a scaled down transport rather than a commuter airplane. ALTAIR's Nord's are operated in accordance with the same FAA operating specifications and maintenance requirements that are applied to its big sisters flown by United or Eastern or others—and ALTAIR'S pilots are trained to the same standards of proficiency, and have the qualifications and experience required by the major scheduled airlines.

ALTAIR'S "BIG AIRLINE" SERVICE

Because the Nord is operated to airline transport standards it carries a flight attendant. We believe that ALTAIR flight attendants are second to none in the service they offer—ALTAIR Executive Class. In the morning on ALTAIR'S Nord's it's pastry and whatever else you care to drink. Noon and evening flights feature tasty snacks—and ALL beverages on ALTAIR Nord's are always on the airline.

ALTAIR'S service includes a computerized reservations system tied into those of the other scheduled airlines. We have a wide variety of joint fares available between points on the Altair system and destinations world-wide. These fares can be obtained from your travel agent, other airlines, or from Altair's reservations personnel. Simply telephone our number in your city. Altair's interline system also provides complete thru baggage checking.

ALTAIR specializes in providing convenient, hospitable and economic scheduled service to the communities it serves, offering both connecting flights in conjunction with the major long haul carriers as well as an integrated pattern of service between Altair's own cities. We look forward to having you and your friends as our guests.

RESERVATIONS: Reservations may be made by calling Altair at the number below each city in this timetable or by calling your travel agent or your connecting air carrier.

CHECK-IN TIME: Passengers are requested to purchase tickets at least 30 minutes before departure time. Reservations not claimed 10 minutes before departure: subject to cancellation.

HOLIDAYS: On national holidays, most Altair flights do not operate on business day schedules. For specific information, call Altair reservations.

RESPONSIBILITY: Altair Airlines will not be responsible for damages resulting from failure of flights to depart or arrive at times stated in this timetable, nor for errors herein, nor for failure to make connections with flights of this or other airlines. Schedules are subject to change without notice. They are based on expected flying times. Because of weather and other factors affecting operating conditions, we regret that departures and arrivals cannot be guaranteed.
