The information below is from rules applicable to transportation provided by ATA. The full text of the Contract of Carriage may be inspected at the carrier's ticket offices, or a copy may be requested free of charge by writing to ATA, Customer Service Dept., P.O. Box 51609, Indianapolis, IN 46251.

Aircraft

ATA utilizes Boeing 727-200, 757-200, and Lockheed-1011 widebody aircraft. ATA Connection utilizes British Aerospace, Jetstream 31 aircraft.

Schedules

Schedules are subject to change without notice, and times shown in ATA timetables or elsewhere are not guaranteed and form no part of the Contract of Carriage. Schedules shown are based on expected flying times. Because weather and other factors may affect operating conditions, departures and arrivals cannot be guaranteed. The carrier is not responsible or liable for failing to operate any flight according to schedule or for changing the schedule of any flight. Contact ATA for details.

Check-in Procedures

In addition to security directives issued by the FAA, ATA has its own enhanced security program, requiring customers who appear 18 years or older to provide a state or federal government issued ID at check-in. We encourage all customers to arrive at the airport **earlier** than the standard check-in time. (Standard check-in time is at least one hour prior to scheduled departure for domestic flights and two hours prior for international flights.) All customers must be present in the boarding area at least 20 minutes prior to scheduled departure for domestic flights, and 30 minutes prior for international flights, even if they have already appeared at another location designated for customer check-in. Failure to do so may result in cancellation of a customer's reservation for all segments in his/her itinerary and make the customer ineligible for denied boarding compensation.

An **international trip** may require valid travel documents such as a passport, visa, re-entry permit, health certificate, inoculation record or a ticket for the return or continuing journey. The responsibility for proper documentation rests with the individual customer. Contact ATA for details.

All **seating assignments** are made at time of reservation, or at check-in on a first-come, first-served basis.

Overbooking of Flights

In the unlikely event a flight is oversold, customers holding a confirmed ticket will not be denied a seat until volunteers have been requested. If there are not enough volunteers, the airline will deny boarding to other persons in accordance with established boarding priorities. With few exceptions, customers denied boarding involuntarily and who have complied with ATA's check-in requirements are entitled to compensation. Details are available at airport ticket counters.

Baggage

Checked baggage should be locked. Regulations require name identification on the outside. We recommend placing identification on the inside of baggage as well. Name labels are available at ATA ticket counters. Checked baggage is subject to inspection and customers may be required to present identification to claim their baggage. Do not place keys, currency, securities or other similar valuable items, business documents, jewelry, camera/electronic/video equipment, medications, prescriptions or other irreplaceable articles in checked baggage. Such items should be carried personally by the customer. Fragile or perishable items will be checked only at customer's own risk.

Free Baggage Allowance: Bags accepted for transportation must be in compliance with ATA dimensional restrictions noted.

Animals

Assistance animals trained to aid persons with impaired vision and/or hearing may accompany the customer on domestic or international flights. Transportation of animals is subject to restrictions and space availability. Contact ATA for more information and pet fees.
