# Hertz

We put together the widest variety of Fords and other new cars in the business for you to change to.

Hard-tops, convertibles and station wagons, Mustangs, Mercurys, Thunderbirds, Continentals and even some \$8,000 Mark III's.

And if you're in the mood to rent something your wife may never let you own, you may want to try a Shelby Cobra or a Mercury Cougar XR7-G.

The biggest should do more.  
It's only right.

# CAL-STATE AIR LINES

"WE'VE GOT CONNECTIONS"

**FLIGHT SCHEDULE**

EFFECTIVE  
JULY 18, 1969

## WELCOME ABOARD

When CAL-STATE AIR LINES places its full fleet of "JETSTREAMS" and "BEECHCRAFT 99'S" in service, you'll be flying the first air carrier route linking a network of San Joaquin Valley and California coastal cities with San Francisco and Sacramento on the north; the Los Angeles Metropolitan Area on the south; and Las Vegas on the east. (Flights from San Diego and Palomar to Las Vegas are also under consideration.)

You'll be flying in the most modern and sophisticated aircraft in their class. They're all weather equipped! All spanking new! All outfitted to CAL-STATE'S exacting specifications! And, they're all flown by experienced captains and co-pilots!

So if you travel frequently, don't become too attached to this schedule. Next week it may be out of date. You guessed it. Tomorrow,

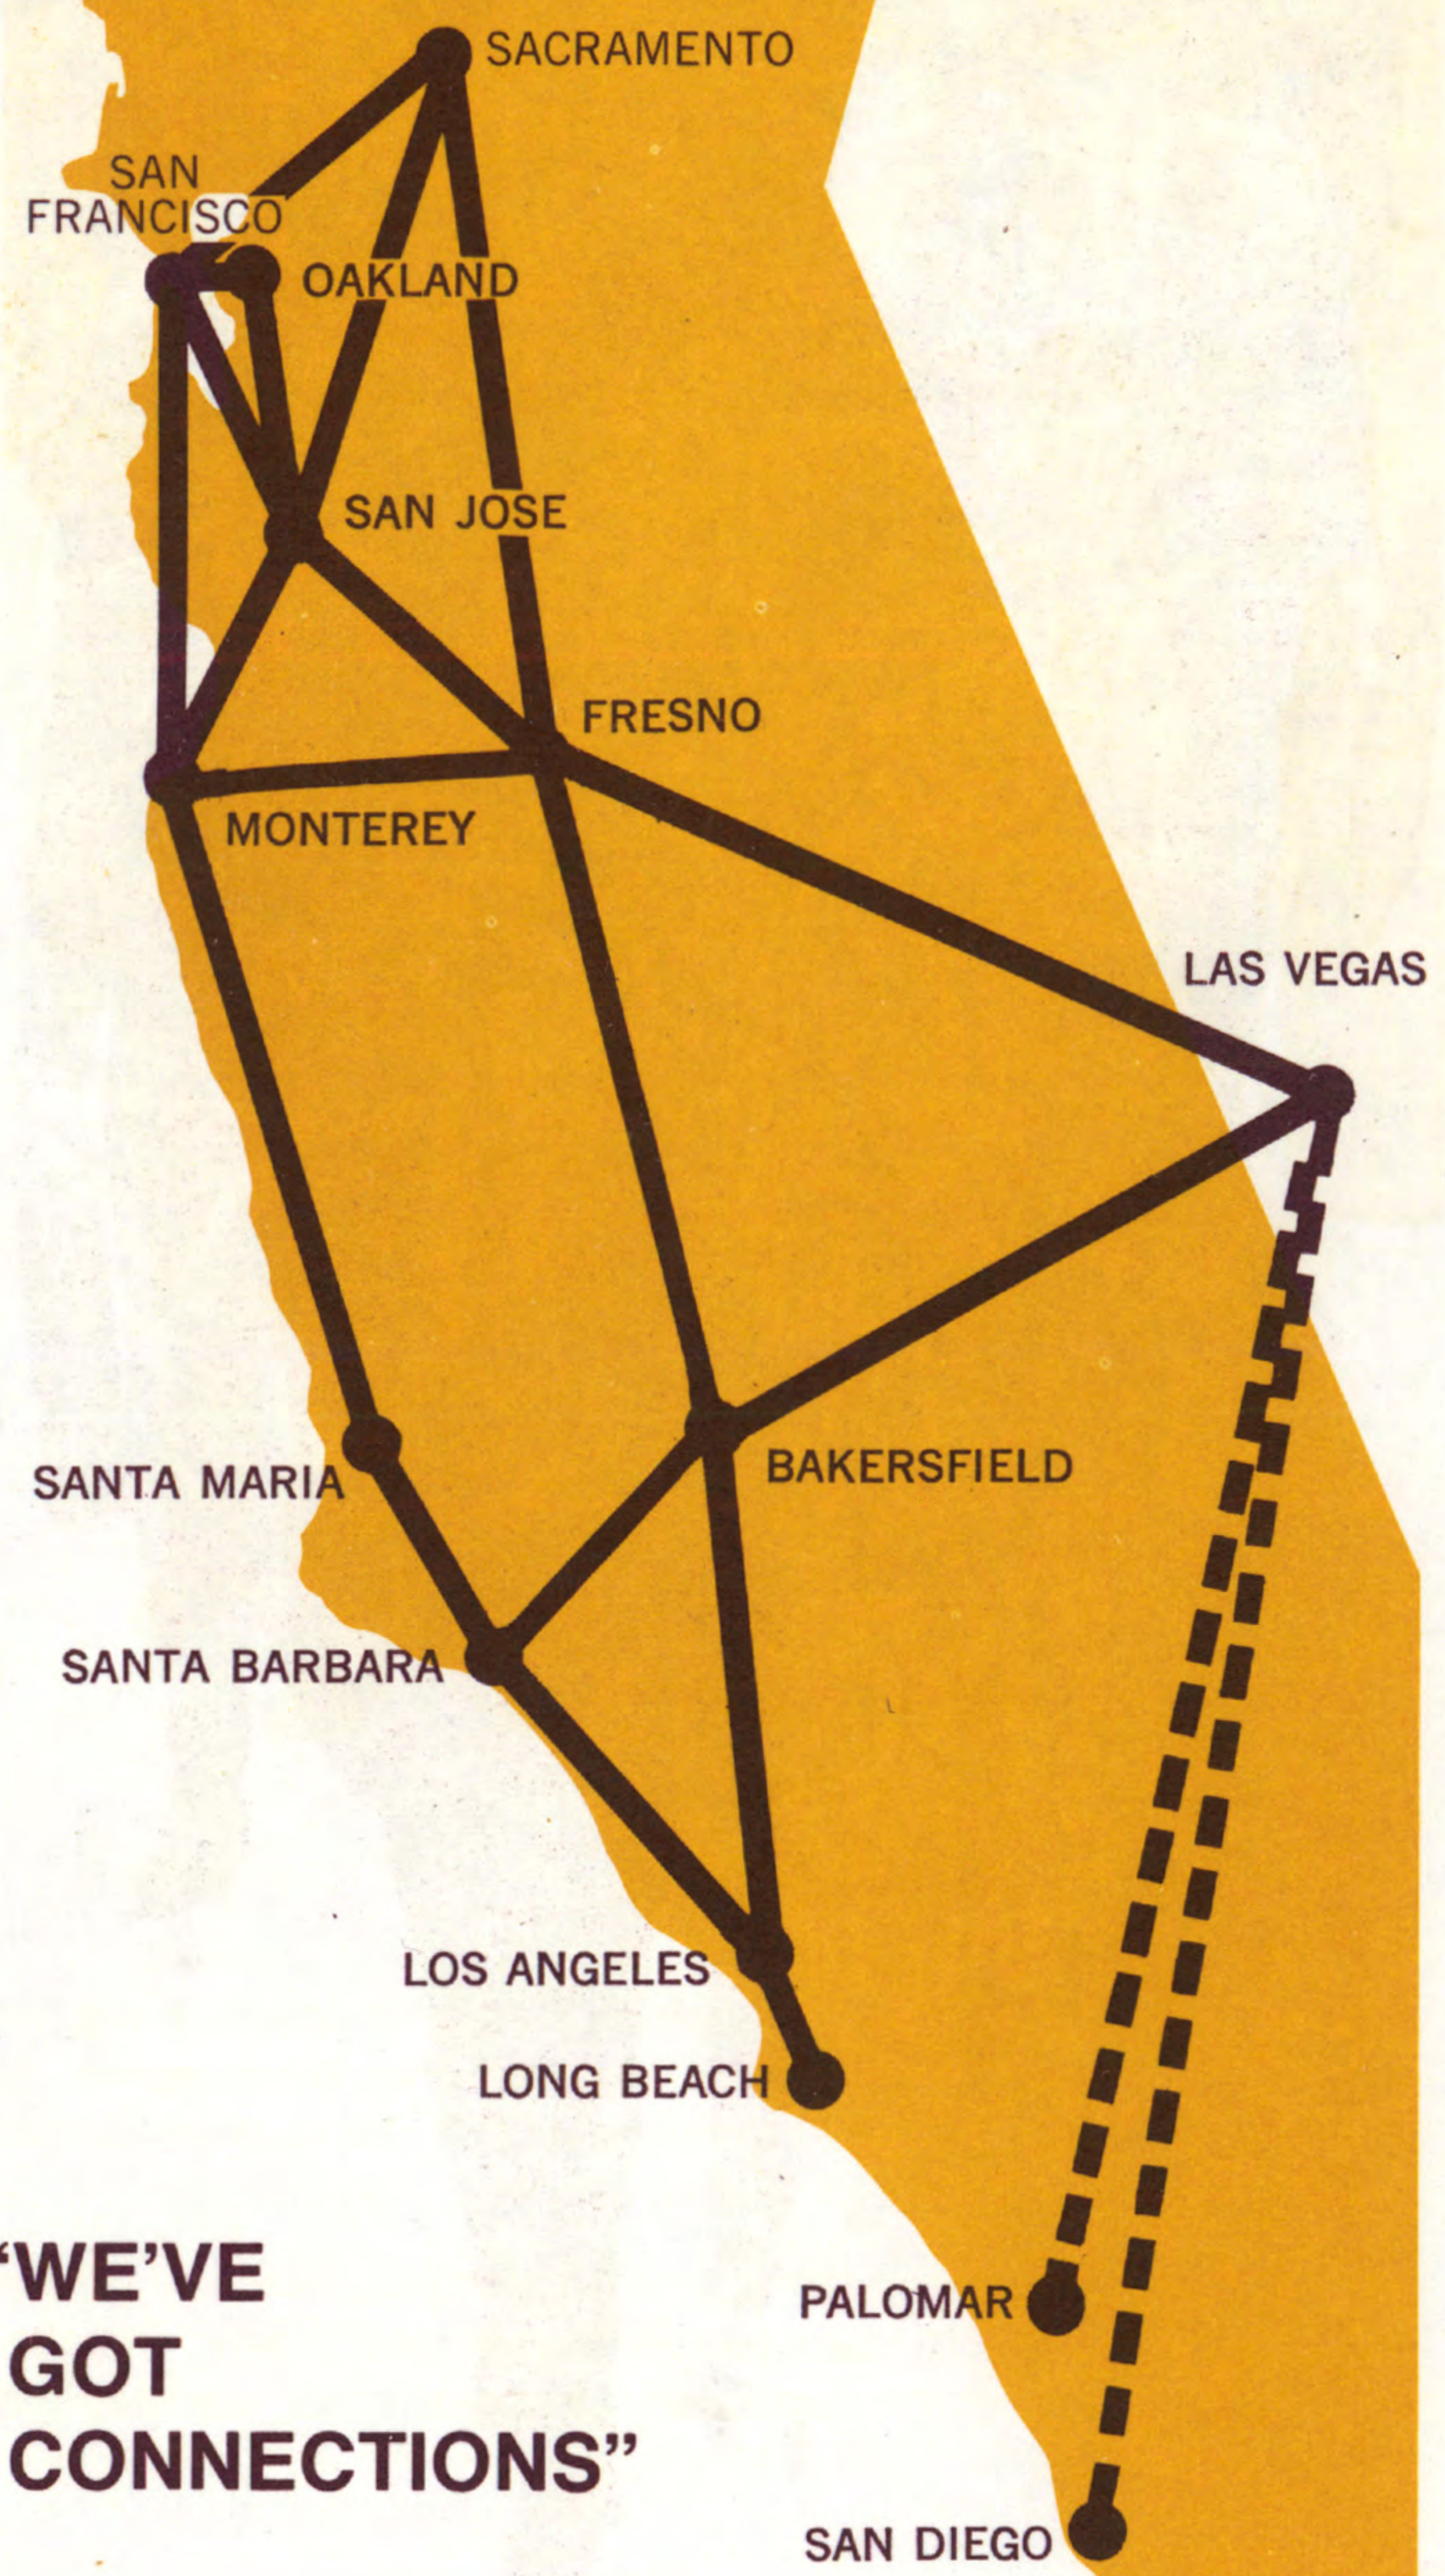

row, we might get delivery on another of our ULTRA-MODERN JETS. Then you'll want one of our revised schedules.

You'll find your favorite travel agent has a fresh supply—or you can obtain one at any of our ticket counters. If you wish, you can also write us and we'll add your name to our mailing list. That way, you'll receive our revised schedules automatically—each and every time we take delivery on another of our beautiful NEW JETS.

**TRAVEL TIPS AND GENERAL INFORMATION**

**RESERVATIONS**—As a scheduled interstate carrier, CAL-STATE AIR LINES adheres to the same general reservation practices followed by other scheduled air lines. A purchased ticket confirms your space on the flight upon which you hold a reservation; it may also be used on other CAL-STATE flights in the event you elect to change your travel plans. Reservations made by passengers for a particular flight will be held for that passenger until 20 minutes before departure time. At that time the unclaimed space may be resold.

**CHECK-IN TIME**—Ticketed passengers should be at the CAL-STATE airport ticket counter AT LEAST 20 MINUTES BEFORE SCHEDULED DEPARTURE TIME.

**30 DAY STOPOVER PRIVILEGES**—When you purchase a ticket on CAL-STATE AIR LINES, you are allowed stopover privileges up to thirty days. However, when your stopover exceeds 12 hours, reconfirmation is necessary at least 6 hours prior to scheduled departure to assure your reservation.

**BAGGAGE LIABILITY/LIMITATIONS**—CAL-STATE AIR LINES takes pride in the careful handling of your personal belongings and baggage while it is in our custody. In the event of loss or damage, the liability is limited to the amount equal to the value of such property, not to exceed \$500 per passenger. If you wish to declare a higher value, you may do so by paying a slight extra charge. Your CAL-STATE agent will be happy to assist you with this detail at the time you check in for your flight. Excess valuation cannot be declared, however, for certain valuables such as jewelry, negotiable instruments, currency, art objects, and antiques.

**FREE BAGGAGE ALLOWANCE**—When you fly CAL-STATE you are allowed to check one large bag. You may also carry-on a medium size bag which shall remain in your custody—or you may stow it under your seat. You may also carry such items as cameras and ladies handbags if they remain in your custody.

**TARIFFS**—No fare is charged for infants under two years of age who do not occupy a seat. All passengers over two years of age must occupy a seat. Children between the ages of two and twelve may travel at ½ the prevailing fare if accompanied by an adult.

**WHO MAKES CAL-STATE RUN (OR FLY)?** Some people have the mistaken belief that airplanes make an air line. We disagree. At CAL-STATE, we are dedicated to the belief that it also takes people—carefully selected and well trained people.

It takes people to fly the planes, and it takes people to keep them in perfect condition. It takes people to man our ground installations; plan our schedules; supervise our operations; even keep our operating cost records—so that we can give you the lowest possible fares.

It will interest you to know that CAL-STATE selected its key personnel—men with years of experience in the air lines industry, who are responsible for these activities—many months before our routes were determined and our planes were ordered. This was our way of making certain that CAL-STATE would be the most unique air line of its kind. And, making good on our claim that "UP TO NOW... THERE'S NEVER BEEN AN AIR LINE LIKE CAL-STATE."
