## British Aerospace HS 748

The 748 has powerful, fuel efficient, reliable Rolls Royce Dart prop jet engines with good neighbor hush kits for reduced noise levels. Passengers have a constant cabin headroom of 6 feet 4 inches in a "wide body" modern style interior, designed after the supersonic Concorde. Comfortable seating with arm rests and seat back tables give maximum leg room with individual reading lights and fresh air vents close at hand. The 748 boasts nearly 400 cubic feet of cargo and baggage space. Overhead locking luggage bins for carry on as well as a hang up garment bag closet in the passenger cabin. Other interior features include a galley for hot and cold drinks and snacks and complete rest-room facilities.

One of the major exterior features is the 748's impressive 102 ft. wing span resulting in added fuel capacity, long distance capability and an exceptionally smooth ride, in fact smoother than any other aircraft in it's category.

## Swearingen Metroliner III

The brand new Metro III gives today's market place and consumer some very important improvements over Swearingen's previous Metro II airliner. The 19 passenger, pressurized Metro III prop-jet has twice the shaft horsepower, allowing an increased payload, a longer flight range, and increased cruising speed. An improved pressurization system, combined with the increased horsepower, gives the Metro III the capability for high altitude cruising to avoid weather and turbulence. These factors, combined with 10 feet more wingspan giving increased stability, add up to superior ride and comfort for the passenger.

# Cascade Airways FREIGHT INFORMATION

Airfreight is carried on all Cascade Airways flights. Here are some tips for our airfreight customers.

There are several ways to ship your business or personal items that just simply must be someplace in a hurry. We offer competitive rates that will fill your needs.

## Small Package Services

Our "ZIP-IT" and "MINI-ZIP-IT" services are the ideal way to get that very important item to your customer at the speed of flight. Here's how it works:

Bring your item to the Cascade Airways Ticket Counter at least 45 minutes before departure to guarantee the flight you want.

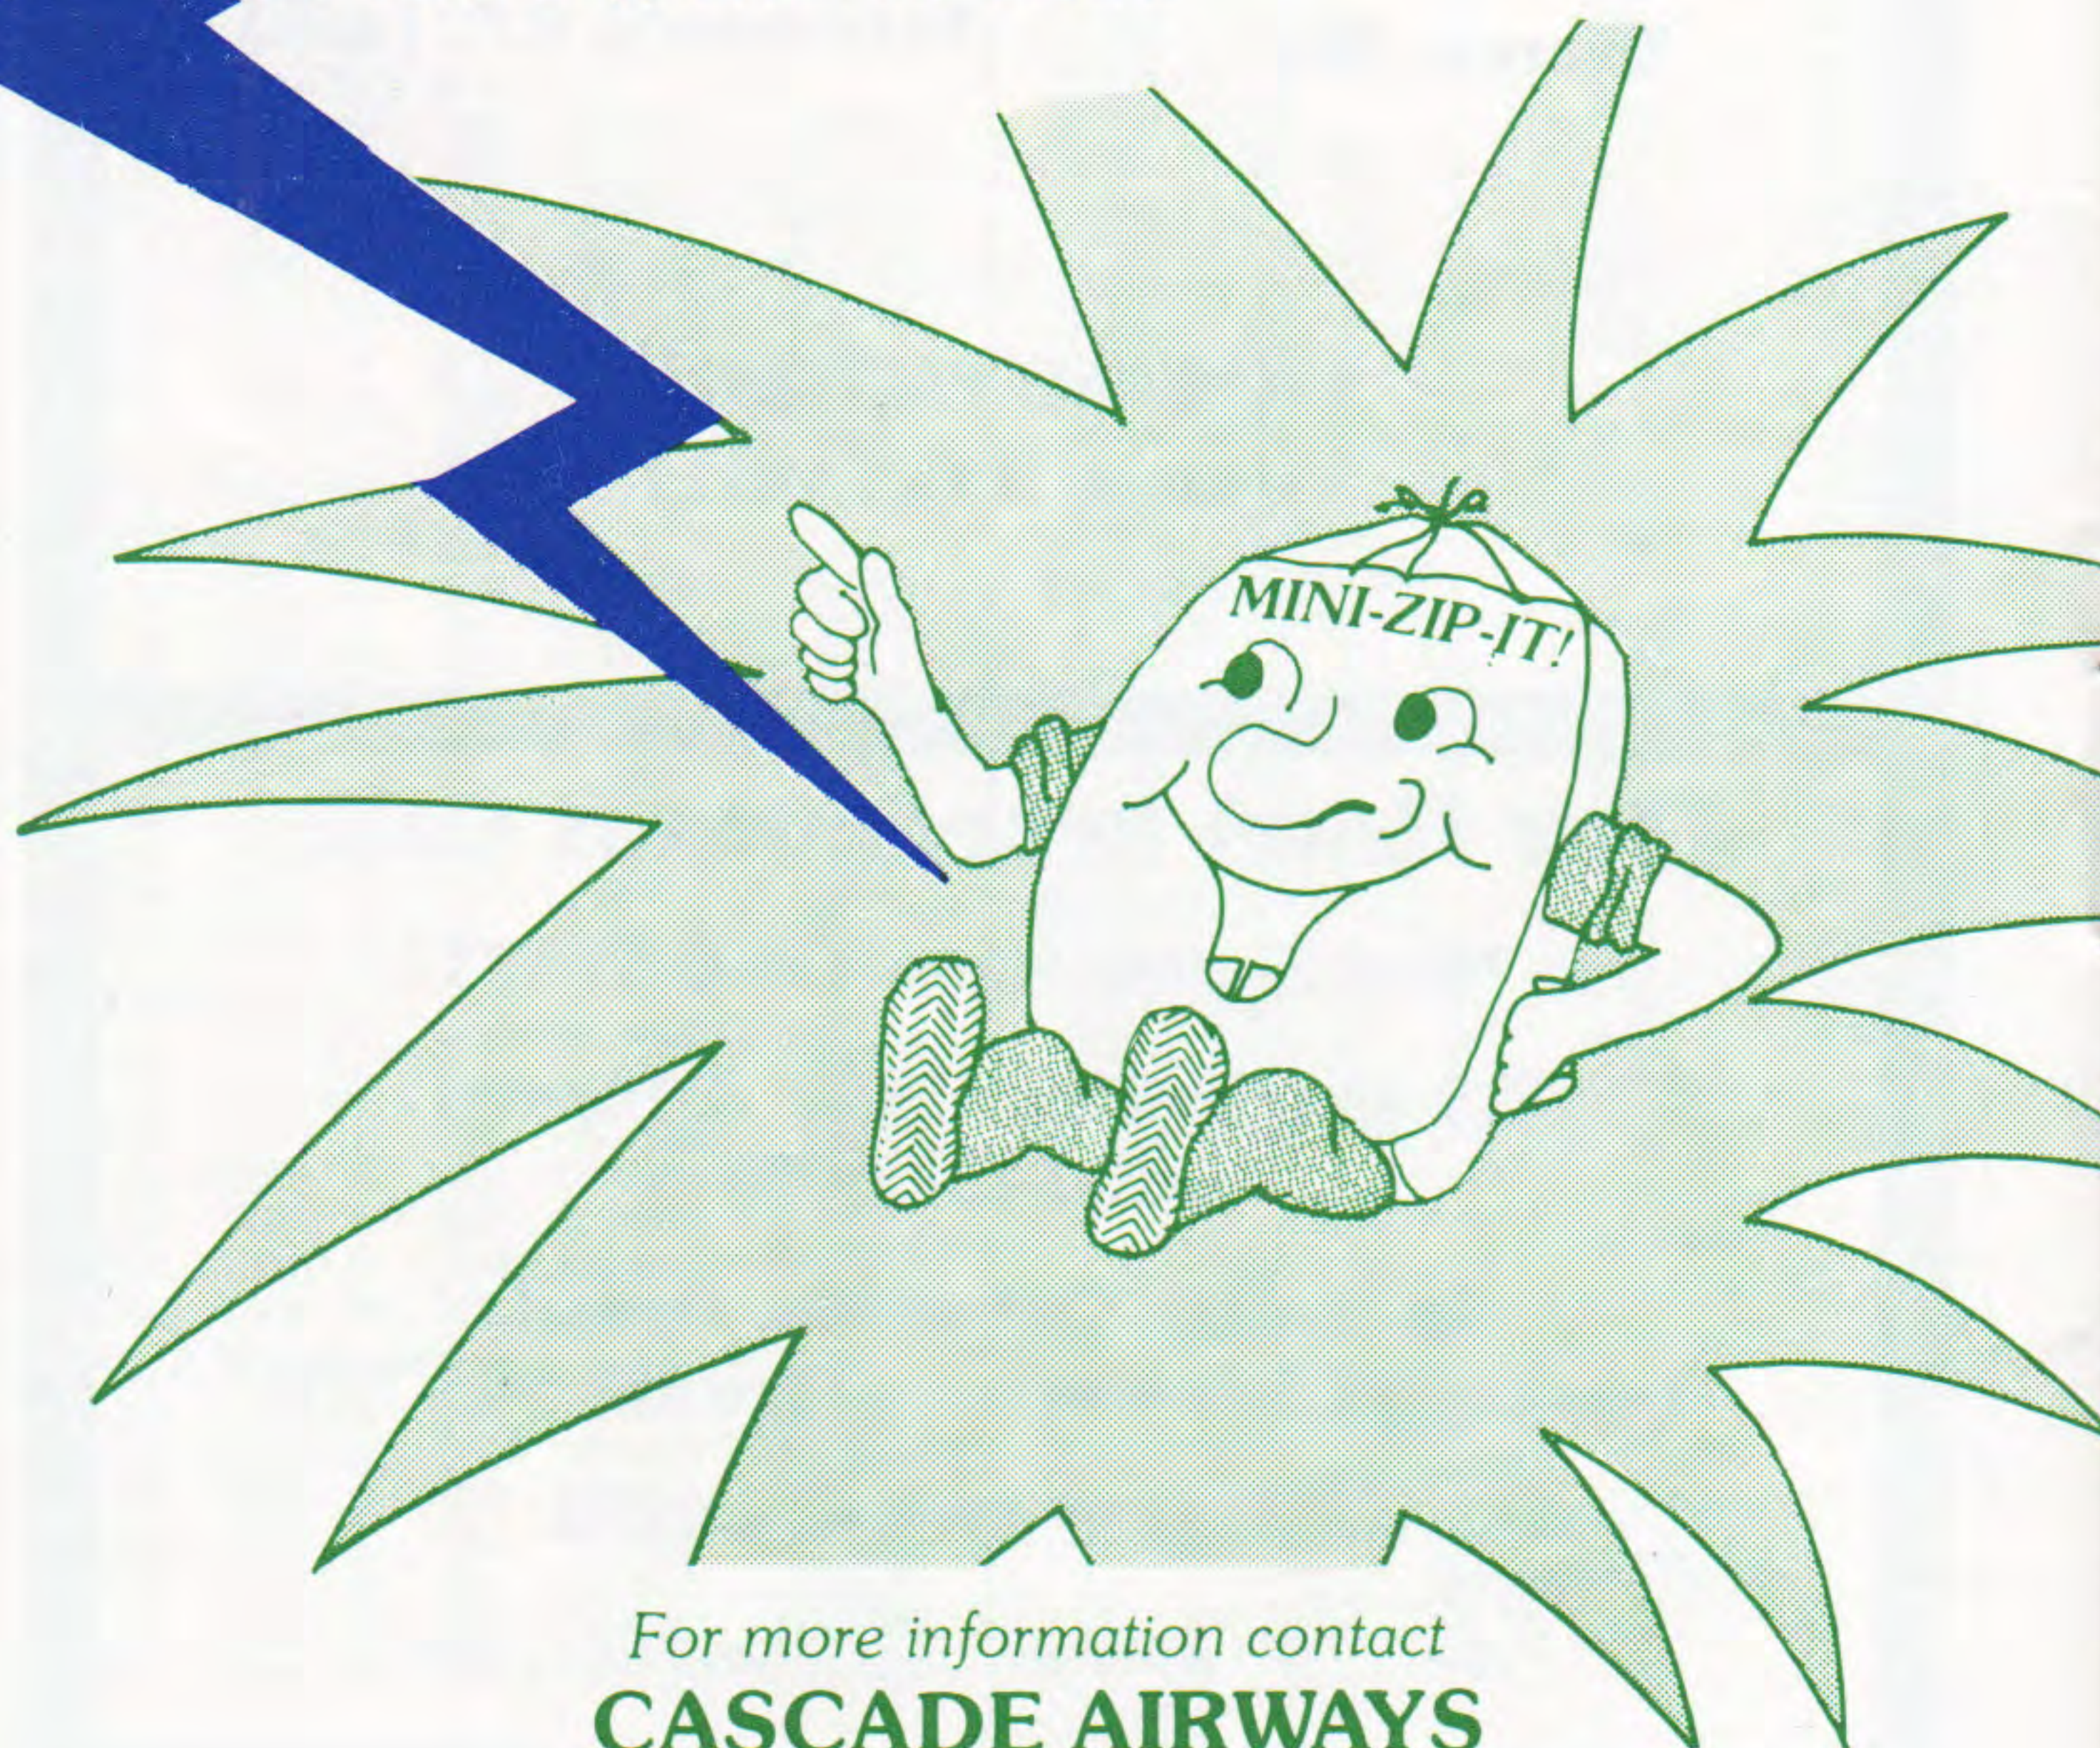

## MINI-ZIP-IT Letter Express

Items up to 2 pounds measuring 15" by 9" by 2" or less to anyplace we fly, counter to counter, goes for \$10.00. If it's not on the flight you specify you'll get a full refund and we'll still fly it there for FREE.

## ZIP-IT Small Packages

Items up to 35 pounds / 2 cubic feet can be shipped to anyplace we fly, counter to counter, on the flight you specify for \$30.00. If it's not on the flight you get a 40% refund.

ZIP-IT and MINI-ZIP-IT rates must be prepaid when used in conjunction with other airlines to get your freight to just about anyplace in the U.S.A.

## CASCADE INFORMATION

Founded in 1969, Cascade Airways provides reliable transportation to the Great Northwest with the jet-powered HS 748, Metro III, and Beech-99. For passenger convenience, Cascade utilizes the industry's most sophisticated computerized reservation system. One call to reservations brings instant confirmation on airlines around the world — one ticket and your baggage is checked through to your ultimate destination.

## CHILDREN

Any child under two years of age not occupying a seat will be carried free with each accompanying ticketed passenger. Children must be at least eight (8) years of age to travel unaccompanied. It is necessary that a child under 12 years of age carry with him the name, address, and telephone number of the party who is to pick up the child when he arrives at his destination.

## RESERVATIONS

Reservations are recommended for all flights and may be made directly through Cascade, your travel agent, or any domestic or international airline.

## CHECK-IN-TIME

Due to security regulations, we request that all passengers check-in at least 30 minutes prior to flight time. If a passenger has not checked in with an authorized Cascade agent 10 minutes prior to flight departure, reservations may be cancelled and resold. Cascade Airways cannot be responsible for missed flights or connections if a passenger fails to present himself at the ticket lifting point at least 10 minutes prior to the scheduled departure time.

## BAGGAGE

Baggage up to 50 lbs., normally 2 pieces plus briefcase or hand luggage, will be carried free of charge. Excess baggage may be carried space permitting at the rate of \$6.00 per piece for up to 3 additional pieces. Baggage in excess of those 3 will be accepted at an additional charge of \$24.00 per piece. Company liability is limited to \$500.00 per passenger unless a higher value is declared and applicable charges are paid before departure. There will be a \$6.00 charge for oversized luggage. Due to FAA regulations, all carry-on baggage must be placed beneath a seat or collected and placed in a cargo compartment.

## CHARTERS

For groups up to 48 passengers, propjets can be chartered to points in the United States and Canada. For charter information, call our Charter Sales Department at (509) 838-4168.

## SCHEDULES

Cascade Airways will not be responsible for damages resulting from failure to depart or arrive at the times stated in this time table, nor for failure to make connections with planes of another airlines or this company, nor for cancellations beyond our control when such action is deemed advisable. Schedules and fares are subject to change without notice. All times stated herein are local times.
