The meaning of "PIONEER PILOT SERVICE"

Back of the "Experience Record" of every airline stands its pilot personnel! The transport staff of Central Airlines includes many of the veteran pilots who years ago first pioneered the route it flies . . . and has an average flying experience greater than that of any other American airline. Piloting trim new airliners specifically designed for this exact type route, not adapted from long distance transcontinental service . . . with an equally experienced management, expert ground crews and modern facilities of every kind, Central Airlines' Pioneer Pilot Service is the key to its progress.
