## DOWNEAST'S HISTORY

Downeast Express' parent company, Downeast Flying Service has been in business since 1984 and is one of the largest charter operators in the Northeast. The company's nine aircraft fly over 3,000 charter hours a year. Customers include many of New England's best known companies as well as politicians and celebrities. The company also has the contract to fly the Governor of Maine and all state agencies.

In addition, the company operates Wiscasset Airport, where it has an active aircraft maintenance facility and flight school. Downeast also operates two fire patrol contracts for the state of Maine and flies daily cargo flights between Portland and Syracuse, N.Y.

Future plans call for scheduled airline service through Portland into Atlantic Canada.
