AND WE BELIEVE TOO!

The DC-3 is forty years old this year, and still going strong. Each plane has logged over 60,000 flight hours, traveled 9 million miles, and safely transported over 1 million passengers. Introduced to the public in January, 1936, the DC-3 quickly revolutionized commercial air travel.

From January, 1936, until the last order was filled in 1945, Douglas turned out 10,655 DC-3's at plants in Long Beach and Santa Monica, California and in Oklahoma City. During World War II, Douglas produced aircraft at the rate of two an hour. Each aircraft cost \$100,000 new and sells for approximately the same amount today. There are over 3,000 DC-3's in operation today, and FLORIDA AIR LINE'S FLEET IS THE LARGEST OPERATED BY ONE COMPANY.

We hope you will enjoy your flight on the world's greatest airplane - the Douglas DC-3.

Remember - Don Douglas Believed

AND
SO DO WE!

RESERVATIONS AND TICKETS

You may make your reservation for any flight through your travel agent or by contacting any of our offices. You should plan to purchase your ticket 24 hours in advance of departure time. If you must purchase your ticket immediately before your flight, you must arrive at our ticket counter at least 45 minutes before flight time or your reservations will be cancelled. If you have purchased your ticket ahead of time, you should be at the airport 30 minutes before flight time. Reservations for ticketed passengers will be held until 15 minutes before scheduled flight time. If you have not presented your ticket at the boarding gate by this time, your reservation may be cancelled and made available to someone else. Should you find that you are not going to use your reservation, please notify any of our offices as soon as possible so that we may make your space available to someone else.

BAGGAGE

All domestic passengers are allowed the following amount of baggage: 1 bag, not to exceed 62 dimensional inches; and 1 bag, not to exceed 55 dimensional inches (dimensional inches equals length plus width.) All international passengers are allowed 40 pounds of luggage. A modest charge will be made for any luggage in excess of these limits and such excess baggage will be carried on the first flight with space available. In cases where the next flight with space available is not the same flight the passenger is traveling on, it will be the passenger's responsibility to pick up such luggage at the airport when it arrives.

Liability for baggage is limited to the actual value of the baggage, or \$100 per piece and \$250 per passenger (whichever is less.)

FURTHER INFORMATION

on our Companies and the many services we offer may be obtained by contacting any of our offices, or writing to us at the address below:
