Designator CV

A WORD FROM THE PRESIDENT

Civic, business and industrial leaders recognize that time saving aerial commuter service has become essential to the movement of people in metropolitan areas. Surface streets and freeways alone can no longer handle the traffic volume.

GOLDEN WEST has been one of the nation's leaders in developing the type of commuting that expedites travelers to their destinations. Short-haul aerial commuting is becoming a way of life throughout California and our company is happy to be a vital force in the continuing development of this type of service.

Capt. Fred Austin
President
