SHORTS 330

the world's first wide body commuter airliner

Golden West Airlines is proud to introduce the SHORTS 330 to our fleet. The combination of jet prop PT6 Pratt & Whitney engines and 5 blade propellers make the 330 one of the world's quietest aircraft. The wide-body cabin, with approximately 6'6" provides the passenger with walk about head room. Special attention has been given to seat design to maximize the available leg room, thus significantly improving comfort levels. A unique feature of the 330 is the cabin interior, with styling and furnishings carefully selected to create a wide-body effect similar to today's big jets, such as the Boeing 747, Lockheed 1011 and Douglas DC10.

Golden West now features Inflight Directors on all wide-body flights.

JOINT FARES

Reduced Joint Fares are available from all Golden West Airlines cities to and from Los Angeles to many destinations when connecting to or from Air Canada, American, Continental, Delta, Eastern, Hughes Air West, National, Northwest, Texas International, Trans World, United and Western Airlines.
