SHORTS 330

the world's first wide body commuter airliner

Golden West Airlines is proud to introduce the SHORTS 330 to our fleet. The combination of jet prop PT6 Pratt & Whitney engines and 5 blade propellers make the 330 one of the world's quietest aircraft. The wide-body cabin, with approximately 6'6" provides the passenger with walk about head room. Special attention has been given to seat design to maximize the available leg room, thus significantly improving comfort levels. A unique feature of the 330 is the cabin interior, with styling and furnishings carefully selected to create a wide-body effect similar to today's big jets, such as the Boeing 747, Lockheed 1011 and Douglas DC10.

Golden West now features Inflight Directors on all wide-body flights.

CHARTER FLIGHTS

Charter flights are available to local destinations. GOLDEN WEST provides fast, efficient transportation with the 18 passenger Twin Otter with a cruising speed of 150 mph and soon with the 30 passenger SD 330 with a cruising speed of 200 mph. In-flight services will be available on the wide-body SD 330. Both aircraft are flown by a Captain and First Officer, with the addition of an inflight director on the SD 330.

SPEED AIR

Priority Package Service is now available on all Golden West flights. It is also available to various U.S. cities when connecting in Los Angeles to or from American, Continental, Delta, Texas International, Trans World, National, Northwest and Western Airlines.
